Bachelor of Science Sociology

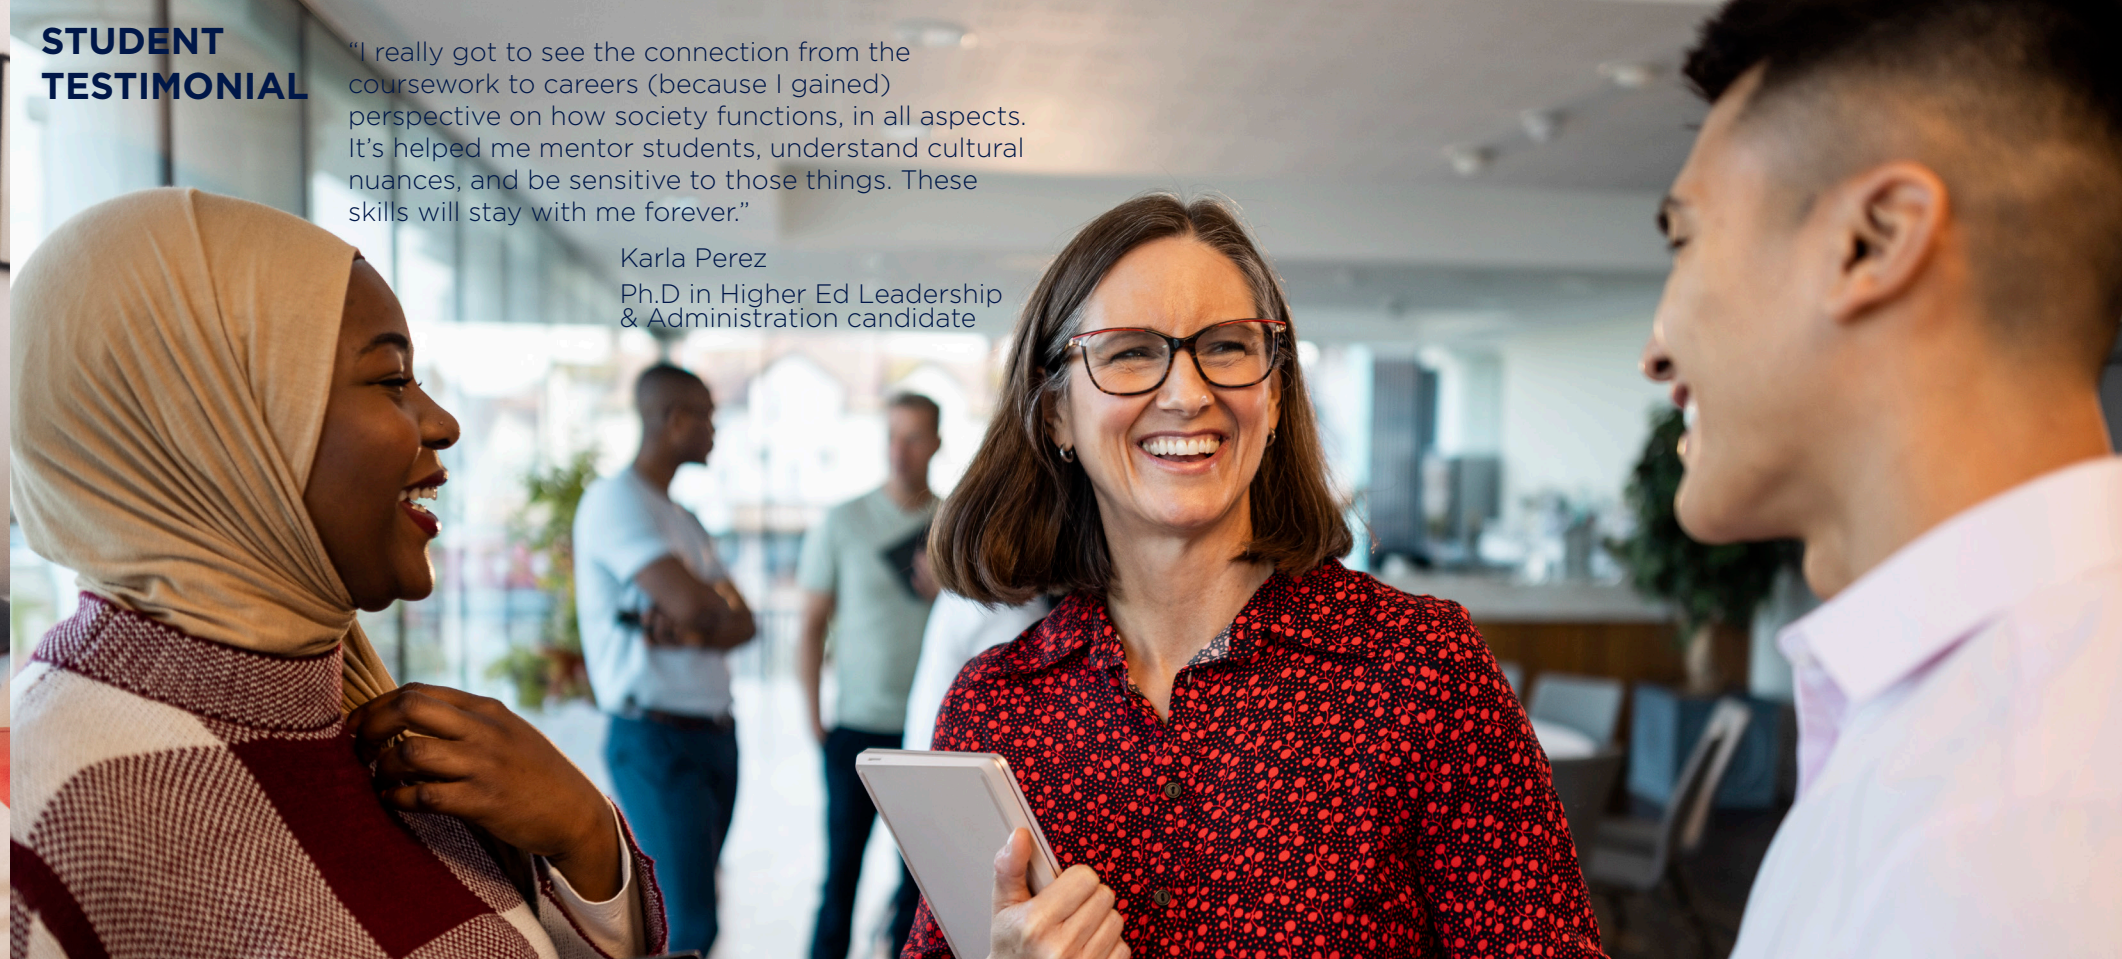

HOME OF THE *WARRIORS*

STUDENT TESTIMONIAL

"I really got to see the connection from the coursework to careers (because I gained) perspective on how society functions, in all aspects. It's helped me mentor students, understand cultural nuances, and be sensitive to those things. These skills will stay with me forever."

Karla Perez
Ph.D in Higher Ed Leadership
& Administration candidate

WHY CHOOSE A&M - CENTRAL TEXAS

The Bachelor of Science in Sociology program at Texas A&M University - Central Texas takes students on the exploration of society and social institutions to reveal the complex realities that exist beneath the surface. Program coursework strengthens the sociological imagination by allowing students to understand the impact of social forces and the various ways they constrain and enhance our lives. Small class size allows you to get to know expert faculty as they guide you through a high-quality course of study, with your future success in mind. This flexible degree program develops your skills in research, critical thinking, cross-cultural perspective, and practical understanding of today's social issues including social change, the environment, economy, and individual and social identity.

OPPORTUNITIES FOR YOU

A future with options

Enhance your skills through this unique opportunity to customize your education and work with other disciplines.

As a Bachelor of Science in Sociology graduate you are prepared to work in versatile environments and/or pursue graduate degree programs.

Top industries for sociologist include:

- **Local government**
- **Scientific services for research and development**
- **State government**
- **Consulting firms for technical, management and scientific work**
- **Social advocacy organizations**

CONNECT AND ENGAGE

Build relationships and make a difference

Professional development starts early in the program. Learn how to think, create and write as a social scientist and be successful doing it. Students develop strong practices for social research, such as qualitative methods, scientific literacy, and proposal writing. At completion of the program, you will be empowered to find answers on your own and have a better understanding of interpersonal relationships and social equality.
