NOW IS THE TIME TO BUILD ON YOUR EXPERIENCE

If you have existing military, technical, or vocational credits, the BAAS – Business degree at Texas A&M – Central Texas offers the ideal opportunity for you to build on your education and life experiences and earn a 4-year degree. Through our BAAS – Business program, you will add crucial business knowledge to your vocational experience, allowing you the flexibility to pursue an advanced business degree, start your own small business, or secure employment in a variety of industries.

Visit tamuct.edu/baasbusi for more information.

PROUD HISTORY, BRIGHT FUTURE

Since 1971, TAMUCT has progressed from its humble beginnings as American Technological University to become a shining star in The Texas A&M University System. As a member of one of the largest higher education systems in the nation, we have access to extensive resources and support for our students.

A POWERFUL PROGRAM TO BOOST YOUR CAREER

Those work-related training credits and certifications you have earned are about to pay off. The work and life experience you bring to the BAAS – Business program is a powerful asset when it comes to advancing your goals and career. By combining a high-quality business education with your unique real-world skills, you will open doors to an array of business and career opportunities.

IMPACTFUL LEARNING OUTCOMES

In addition to the wealth of knowledge and skills you bring to the BAAS – Business program, you can expect a caring, highly-qualified faculty to guide you through a rigorous curriculum. With an emphasis on foundational written and oral communications, you will evaluate and defend reasoned resolutions to common ethical dilemmas. Throughout the program, you will learn best practices for working with people from different cultures. Technology will also play a major role in your classes as you integrate knowledge across multiple business disciplines.

MARKETABLE SKILLS

Business Administration - The ability to apply managerial and leadership skills while operating a business

Communication Skills - The ability to convey oral or written information to individuals or groups

Computer Literacy - The ability to efficiently complete tasks by using common computer software and by learning additional software as needed

Microsoft Office - The ability to use the Microsoft Office suite of applications (including Word, PowerPoint, and Excel) to develop written communications, presentations, and spreadsheets

Quantitative Analysis - The ability to analyze and model data to create useful information, suggest conclusions, and support decision-making

Spreadsheets - The ability to interpret and analyze the output generated in spreadsheets and provide recommendations in support of the decision-making process

Strategic Thinking - The ability to form goals and implementing strategic plans based on an assessment of the internal and external environments in which the organization competes

LOCAL RAILROAD ENGINEER AND FIRST GENERATION AMERICAN FINALLY GRADUATES!

“The BAAS program is the best decision for any veteran seeking higher education. It prepared me for graduate school and has enhanced my professional skills. I have also started an insurance agency on the side, and use my business skills everyday.”

- Rick Moore-Grant, BAAS '19 -
