Bachelor of Business Administration FINANCE

HOME OF THE *WARRIORS*

YOUR STOCK IS RISING

Did you know that, according to the U.S. Bureau of Labor Statistics (BLS), the 2019 median income for a personal financial advisor was \$87,850? Or that the BLS also projects 4% job growth in that same field over the next 10 years?

That is only one example of the continuing relevance of a degree in finance. In our comprehensive program, students complete 120 credits — a combination of generalized and specialized courses — on the road to becoming leaders of the financial sector. In studying everything from banking and accounting to marketing and business law, our students become capable, qualified, well-rounded future finance professionals.

OUTCOMES COME FIRST

Our diverse group of students comes from a variety of backgrounds. One thing they will have in common upon graduation: a portfolio of skills that prepare them to enter careers as finance professionals. Students gain knowledge of core business disciplines and fundamental financial concepts and institutions. They perform financial analyses and learn to integrate technology into decision-making processes. They learn to present their innovative ideas in both oral and written presentations. In short: if there is a skill or competency that is valuable in the finance world, our students will gain proficiency in it.

OUR MOST IMPORTANT INVESTMENT IS YOU

Our program is designed to prepare graduates for a successful career in finance. There is a heavy focus on financial analysis. Students will acquire the quantitative and analytical skills to analyze financial statements, value projects and investments. Utilizing financial technology, like Microsoft Excel, students learn how to leverage the program's numerous finance-specific functions. These are the in-demand skills required by major employers in finance, including commercial banking, investment banking, corporate finance, financial planning, and investment management.

FINANCIAL ASSISTANCE

The Office of Student Financial Assistance helps students meet their educational expenses while attending A&M-Central Texas. Support is provided through grants, scholarships, student employment, loans, and other resources. Student Financial Assistance staff members are ready to assist with the Free Application for Federal Student Aid.

Additionally, A&M-Central Texas is approved to participate in federal and state Veteran education benefit programs and Military tuition assistance programs.

A HISTORY OF LOOKING FORWARD

Since 1971, TAMUCT has progressed from its humble beginnings as American Technological University to become a shining star in The Texas A&M University System. As a member of one of the largest higher education systems in the nation, we have access to extensive resources and support for our students.
