

STUDENT TESTIMONIAL

A Master of Arts in History from TAMUCT allowed me to pursue my lifelong goal to pursue a career in higher education. The well-taught, relevant, and convenient courses allowed me to balance my courses while working and the excellent faculty are invested in the success of their students inside and outside of the classroom. Overall, the program not only prepared me for teaching, but also opened the door for my acceptance into a doctorate program at a major research institution. My history degree from TAMUCT is one of the best choices I've ever made!

WHY CHOOSE A&M-CENTRAL TEXAS?

The College of Arts & Sciences is known for the strength of the faculty and the accomplishments of its graduates. Among our faculty, you will find accomplished scholars who bring their discipline to life through their research. One of the strongest features of our graduate programs is the close working relationship that you will develop with the departmental faculty as they mentor you to strengthen your research and analytical skills to prepare you for your professional future.

STUDENT TESTIMONIAL

Due to the small size of the MA History program, I really got to know my professors and peers and build meaningful connections and relationships. The faculty worked closely with us to involve us in the field, encouraging us to submit proposals to conferences, attend conferences, participate in the honor society, pursue research opportunities. It was evident that they truly cared about their students' success, not only in the program but in the future as well. Because of their support, by graduation I felt confident in my abilities as a historian and in future career possibilities.
