

BBA Accounting Course Rotation - Fall 2025-Summer 2027

The College of Business Administration strives to offer as many course sections as we can, but not every course is available in every term, time, or preferred format. It is critically important that you use the course rotation below while factoring in any prerequisites to ensure that you can graduate when you should reasonably expect to. Course times may vary from term to term, and the course length may be 16 or 8 weeks. Deviations from that plan may result in delayed graduation. As we do not want you to deviate, we will do our best to deliver the expected rotation of courses, but cannot guarantee it due to staffing issues beyond our control.

Course Modality Key:

Classroom – Generally, at least 50% of the course is offered in a classroom. You will need to review the schedule when registering to determine the exact meeting schedule.

Online – Generally, the class may be completed asynchronously online. You may have specific due dates for work and/or schedule meetings with classmates or the instructor.
