Subtotal		36
Total		120

Notes/Comments

Texas A&M University - Central Texas only offers upper-level courses (3xxx-5xxx labeled courses), all lower-level courses (1xxx-2xxx labeled courses) will need to be completed at the transferring institution. For help with pathway planning, student should speak with an [academic advisor](#). This pathway is intended for planning and visualization purposes only.

1. Refer to the General Education Core Requirements [page](#) for more information on the CORE Requirement coursework.
2. Must hold an FAA issued Airframe and Powerplant rating to be eligible. Refer to the Technical Specialization Credit [page](#) for more information.
3. Students can also fulfill this degree requirement by enrolling in CIS 3300 at Texas AM University - Central Texas.
4. The Federal Aviation Administration's test standard for all aviation-related courses is a minimum passing grade of 70%. All Aviation Science (AVSC) courses reflect that standard; a course grade below 70% is a course failure. This policy does not apply to management, marketing, and business courses taught through the College of Business Administration (COBA), from which several classes originate. Those classes have a passing grade of 60%.
5. These courses may be taken during the summer.
