Notes/Comments

Texas A&M University - Central Texas only offers upper-level courses (3xxx-5xxx labeled courses), all lower-level courses (1xxx-2xxx labeled courses) will need to be completed at the transferring institution. For help with pathway planning, student should speak with an academic advisor. This pathway is intended for planning and visualization purposes only.

- Refer to the General Education Core Requirements page for more information on the CORE Requirement coursework.

 Any-level electives may be taken at either at Texas A&M University-Central Texas or another institution. Please consult an academic advisor prior to selecting electives.
- PHYS 2426 University Physics II is recommended.
- Students can also fulfill this degree requirement by enrolling in MATH 3306 at Texas AM University Central Texas.
- MATH 4302 may be taken in the summer.
- Courses for the support field should be chosen from an academic area in which mathematics is applicable and must be selected in consultation with the program coordinator or department chair.
