The following Pathway Plan is suggested for full-time students. Part-time students will need more time to complete this pathway. For assistance with pathway planning, students should schedule an appointment with an academic advisor. This guide is for planning and visualization purposes only.

1. Due to the nature of the AAS program, not all Texas Common Core courses are completed with the AAS. Student will need to complete these remaining lower-level courses at the community college. Please consult a TAMUCT financial aid counselor regarding the consortium agreement process.

- 2. This section has the following considerations:
  - a. May apply conferred Applied Arts and Sciences (A.A.S.) or Certificate of Completion (C.C.)
  - b. May consist of technical, vocational, or military credit (or a combination)
  - c. No student will be considered for the BAAS who has less than 12 semester credit hours in the combination of technical, vocational, or military training (12 hours must be technical/vocational training if no military training)
  - d. With the qualifying 12 semester credit hours, a student may include specified academic electives up to the maximum 36 semester credit hours.
  - e. A maximum of 36 semester credit hours will be allowed
  - f. See the College of Business Administration's academic advisors for more information.
- 3. If student passed BMGT 1327 and MRKG 1311 as a part of their A.A.S. and received at least a B, alternate courses listed may be taken. Please speak with your advisor.

4. Other field of study course may be used to satisfy requirement.
