

Online MGMT 5311-110 Managing Operations and Services (CRN 80292)

Fall 2017 – 16 Week - August 28 – December 15 2017

Texas A & M University- Central Texas

INSTRUCTOR AND CONTACT INFORMATION

Instructor: Vinay Gonela

Office: 318 K

Phone: 254-519-5437

Email: vinay.gonela@tamuct.edu

Preferred email for course – Canvas “Inbox”

Office Hours: There will be two kinds of office hour: (1) in-office, and (2) on-line. The in-office (FH 318K) hours will be on Monday and Wednesday 9 AM – 10:30 AM and 4 PM – 5 PM. The online office hours will be Monday and Wednesday 9AM -10:30 AM, and 4 PM - 6 PM. Students can use Canvas “chat” in the menu for the online office hours. I can also be available through Microsoft office 365 Skype. My skype ID: vinay.gonela@tamuct.edu. Students can connect with me to discuss course related questions. In addition, students can send any questions related to the course to my Canvas “Inbox”. I will respond to the student's questions within 36 hours. Any other questions, students can contact me through TAMUCT email: vinay.gonela@tamuct.edu. If the student needs assistance beyond the stated office hours, student can send me an email through canvas inbox and we can decide a mutually agreed time for office hours. Any deviations in office hours due to meetings and conferences will be communicated to students through instructor announcements.

Mode of instruction and course access: The course is 100% online and uses the A & M – Central Texas Learning Management System (Canvas): <https://tamuct.instructure.com>. Students should use your MyCT account and password (i.e. xx111). All the supplemental materials will be posted in Canvas. These materials will be posted in several electronic formats such as Microsoft Word, PowerPoint, and PDF etc. Therefore, it is student’s responsibility to avail the necessary software. Please feel free to contact me whenever you have difficulty in accessing the material.

Student-instructor interaction: As stated in office hours, I will be available to the students in several formats. Any interaction that require detailed discussions will be conducted through: (1) Canvas “chat” (Preferred), and (2) Microsoft office 365 Skype (My Skype ID: vinay.gonela@tamuct.edu). Students can chat with me during office hours or any other mutually agreed time. In addition, students can send me any questions related to the course to my Canvas “Inbox”. I will respond to the student's questions within 36 hours. Any other questions, students can contact me through TAMUCT email: vinay.gonela@tamuct.edu.

911 Cellular: Emergency Warning System for Texas A&M University – Central Texas

911Cellular is an emergency notification service that gives Texas A&M University-Central Texas the ability to communicate health and safety emergency information quickly via email, text message, and social media. All students are automatically enrolled in 911 Cellular through their myCT email account.

Connect at [911Cellular](https://portal.publicsafetycloud.net/Texas-AM-Central/alert-management) [https://portal.publicsafetycloud.net/Texas-AM-Central/alert-management] to change where you receive your alerts or to opt out. By staying enrolled in 911Cellular, university officials can quickly pass on safety-related information, regardless of your location.

COURSE INFORMATION

Course Overview and description: In this course, students will study concepts, models and methods used to effectively manage the manufacturing and/or service operations of for-profit and not-for-profit organizations. Emphasis will be placed on the design and use of cross-functional operations planning, control, and support systems. Examine contemporary relevance to include supply chain management, enterprise resource planning, time-based competition, and quality improvement. Prerequisite(s): Management and statistics leveling.

Course Learning Objective (CLO): All the course objectives can be achieved by mastering each weekly objective. At the end of the course, students meet the CLOs by achieving acceptable grade of 458.5 points (70%) or above for the entire course.

CLO 1: Identify and explain effectively the dynamics of operations and services in various business operations

CLO 2: Demonstrate the effective use of operations and service management concepts, models, tools, and methodologies related to both manufacturing and services based organizations

CLO 3: Apply decision making and analytical skills to solve operations and service related problems

CLO 4: Explain sustainability concepts comprehensively as applied to business operations and services

CLO 5: Use sustainability while analyzing operations and services and Vice versa

CLO 6: Design sustainability driven business operations and services

Week based Student Learning Outcomes (W_SLO): W_SLO enable students to master the skills in each chapter. Gaining proficiency in each of the weeks objective will enable students achieve CLOs. Students gain proficiency by achieving an acceptable grade of 458.5 points (70%) or above for the entire course.

Week 1 (CLO4): After completing this week, students should be able to:

W1_SLO 1.1: Define the term Sustainability

W1_SLO 1.2: Explain triple bottom line in sustainability

Week 2 (CLO1, CLO2, CLO3, CLO6): After completing this week, students should be able to do:

W2_SLO 2.1: Define Operations management

W2_SLO 2.2: Explain the distinction between goods and services

W2_SLO 2.3: Explain the difference between production and productivity
W2_SLO 2.4: Compute single factor and multi factor productivity
W2_SLO 2.5: Identify critical variables in enhancing productivity
W2_SLO 2.6: Explain how stakeholder engagement increases productivity, sustainability and profit

Week 3 (CLO 1, CLO 2, CLO 3, CLO 4, CLO 6): After completing this week, students should be able to do:

W3_SLO 3.1: Define mission and strategy
W3_SLO 3.2: Identify three strategic approaches to competitive advantage
W3_SLO 3.3: Understand the significance of key success factors and core competencies
W3_SLO 3.4: Use factor rating to evaluate both country and outsource providers
W3_SLO 3.5: Identify and explain four global operations strategy options
W3_SLO 3.6: Develop factor rating method to determine sustainable business

Week 4 (CLO 3): After completing this week, students should be able to do:

W4_SLO 4.1: Use Gantt chart for scheduling
W4_SLO 4.2: Draw activity-on-activity (AOA) networks
W4_SLO 4.3: Complete forward and backward passes for a project
W4_SLO 4.4: Determine a critical path for a project
W4_SLO 4.5: Calculate the variances of the activity times

Week 5 (CLO 2, CLO 3, CLO 5): After completing this week, students should be able to do:

W5_SLO 5.1: Understand the three time horizons and which models apply for each
W5_SLO 5.2: Explain when to use each of the four qualitative models
W5_SLO 5.3: Apply the naïve, moving average, exponential and trend methods
W5_SLO 5.4: Compute Mean absolute deviation and mean square error
W5_SLO 5.5: Conduct a regression and correlation

Week 6 (CLO 1, CLO 2, CLO 3, CLO 4, CLO 5): After completing this week, students should be able to do:

W6_SLO 6.1: Define product life cycle
W6_SLO 6.2: Describe a product development system
W6_SLO 6.3: Explain how time based competition is implemented by operations management
W6_SLO 6.4: Describe how products and services are defined by operations management
W6_SLO 6.5: Explain how the customer participates in the design and delivery of services
W6_SLO 6.6: Apply decision trees to product and sustainability issues

Week 7 (CLO 3, CLO 4, CLO 5, CLO 6): After completing this week, students should be able to do:

W7_SLO 7.1: Describe corporate social responsibility
W7_SLO 7.2: Describe sustainability
W7_SLO 7.3: Explain 3Rs for sustainability
W7_SLO 7.4: Calculate design for disassembly
W7_SLO 7.5: Explain the impact of sustainable regulations on operations

Week 9 (CLO 1, CLO 2): After completing this week, students should be able to do:

W9_SLO 9.1: Define Quality and TQM

W9_SLO 9.2: Describe the ISO international quality standards

W9_SLO 9.3: Explain what six sigma is

W9_SLO 9.4: Explain how bench mark is used in TQM

W9_SLO 9.5: Explain quality robust products and Taguchi concepts

W9_SLO 9.6: Use the seven tools of TQM

Week 10 (CLO 1, CLO 2, CLO 4): After completing this week, students should be able to do:

W10_SLO 10.1: Describe four process strategies

W10_SLO 10.2: Compute cross over points for different processes

W10_SLO 10.3: Use the tools for process analysis

W10_SLO 10.4: Identify recent advances in production technology

W10_SLO 10.5: Describe systems thinking and systems approach to sustainability

Week 11 (CLO 1, CLO 2, CLO 3, CLO 5): After completing this week, students should be able to do:

W11_SLO 11.1: Identify and explain seven major factors that affect location decisions

W11_SLO 11.2: Compute labor productivity to determine the best location

W11_SLO 11.3: Apply factor rating for location decisions

W11_SLO 11.4: Use center of gravity method

W11_SLO 11.5: Understand the difference between service and industrial sector location analysis

W11_SLO 11.6: differentiate the location decisions under economic, environmental and social aspects of sustainability

Week 12 (CLO 1, CLO 2, CLO 5): After completing this week, students should be able to do:

W12_SLO 12.1: Explain the strategic importance of the supply chain

W12_SLO 12.2: Identify six sourcing strategies

W12_SLO 12.3: Explain issues and opportunities in the supply chain

W12_SLO 12.4: Describe the steps in supplier selection

W12_SLO 12.5: Explain major issues in logistics management

W12_SLO 12.6: Explain closed loop supply chain and industrial symbiosis concepts

Week 13 (CLO 1, CLO 2, CLO 3): After completing this week, students should be able to do:

W13_SLO 13.1: Conduct an ABC Analysis

W13_SLO 13.2: Explain and use cycle counting

W13_SLO 13.3: Explain and use the EOQ model for independent inventory

W13_SLO 13.4: Apply production order model

W13_SLO 13.5: Explain and use quantity discount model

Week 14 (CLO 1, CLO 2, CLO 3): After completing this week, students should be able to do:

W14_SLO 14.1: Define JIT, TPS and lean operations

W14_SLO 14.2: Define the seven wastes and the 5Ss

W14_SLO 14.3: Explain JIT partnerships

W14_SLO 14.4: Define Kanban

W14_SLO 14.5: Explain the principles of the Toyota Production System

Competency Goals Statements (certification or standards): Students meet competency requirements for this course by achieving a minimum of 458.5 points (70%) or above grade in the entire course.

Required Reading and Textbook(s):

This section presents the course material required for this course.

Required Textbook: Operations Management
(Text only)
Author: Heizer
Edition: 11th
ISBN: 9780132921145

Note 1: A Student of Texas A&M University – Central Texas (TAMUCT) is not under any obligation to purchase a textbook from a university – affiliated bookstore.

Other required materials: Apart from the required textbook, students should have access to computer with Microsoft Word, PowerPoint, Excel, PDF reader along with proper internet service and browser (Required). Students can obtain a free PDF reader at <http://www.adobe.com/products/acrobat/readstep.html>. All the materials related to the course will be available in electronic format (Lecture slides, homework assignments, exams and solutions) in canvas: <https://tamuct.instructure.com>. Students are recommended to have a hand held calculator (should be able to perform square roots and above apart from addition, subtraction, multiplication and division – at a minimum) for calculations.

COURSE REQUIREMENTS

The assessments in this section will measure the CLOs and W_SLOs stated in the course information section. In this course, some of the outcomes will be measured several times using discussions, assignments, case studies, and exams.

Discussions: There will be 13 discussions in this course. Select Discussions from the menu found on the left side of the Canvas class home page. All discussions and questions will be placed in their respective topics for ease of understanding by all class members and the instructor. All entries are threaded so that you may easily see a question and the respective responses to that question. All class members are required to fully participate in the discussions by sharing their perspectives of a particular chapter or supplemental reading. Students have to post at least one new discussion and reply at least two discussions to receive full credit. **Please note that this does not mean you will post assignment and case study solutions to the assignments. Posting assignment and case study solutions to discussion will result in deduction of 20 points from final score for each instance.**

Assignments: There will be 12 assignments. Each assignment will be worth 20 points adding to 220 points. Each assignment will assess the CLOs pertaining to a particular chapter (see course outline and calendar). Each assignment will have several essay questions and problem solving questions. The rubric for the assignment essay questions and problem solving questions are available in page 16 and page 17 respectively. Students can handwrite, scan (or make image) and post the assignments to the canvas. However, make sure that the handwriting is readable. If the assignment is not readable, students will not receive any points. For assignments, students must show the work in order to receive full credit. Points will be awarded based on the correctness and quality of the work. Each assignment will assess CLOs and CH_SLOs pertaining to the chapter (see course information). However, all the assignments together will assess all the CLOs.

Case studies (CLO3, CLO4, CLO5, CLO 6): There will be three case studies. Each case study is worth 50 points adding to 150 points. The rubric for case study will be provided when case study is given. The case study must be typed in APA style. Please refer to the following link for APA style: <https://owl.english.purdue.edu/owl/resource/560/18/> . Students must show the work in order to receive full credit. Points will be awarded based on the correctness and quality of the work.

Exams (CLO1, CLO2, CLO3, CLO4, CLO5): There will be a two online exams. Each exam is worth 100 points. There will be two parts for each exam: (1) Exam: PT 1, and Exam: PT 2. Exam PT 1 will consist of multiple choice questions and will be worth 30 points. In addition, Exam: PT 1 will be timed. Exam: PT 2 will consist of essay questions and problem solving questions and will be worth 70 points. The rubrics for Exam: PT 2 essay questions and problems are provided in page 16 and page 17 of the syllabus.

Note 2: For assignments and exams, students can chose to handwrite. However, make sure to be readable when you handwrite the assignments. If the assignment is not readable, students will not receive any points.

Note 3: Check the course outline and Calendar section for assessment due dates. All the assignments will be due on Sunday @ 11:59 PM

Late submission policy: No late submissions will be accepted for this course.

Grading Policy: Following is the grading policy that will be used for this course:

Course Evaluation: Table 1 presents the point scale for each of the activities performed in this class.

Table 1: Activity scores and percentages

Activity	Point scale	Percentages
Discussions (13)	$13 * 5 = 65$	9.92%
Assignments (12)	$12 * 20 = 240$	36.64%
Case studies (3)	$50 * 3 = 150$	22.90%
Exam 1	100	15.26%
Exam 2	100	15.26%

Total	655	100%
-------	-----	------

Grade computation: Below is the grading scale for the course. Students earn the grades by completing the scheduled activities. There will no bonus points. Failure to submit the appropriate activities will result in a failing grade.

Grading Scale:

A = 589.5 – 655 (90% - 100%) B = 524 – 589.499 (80% – 89.99%)

C = 458.5 – 523.99 (70% - 79%) D = 393 – 458.499 (60% - 69.99%)

F = 392.99 and below (59.99% and below)

Grading Criteria Rubric and Conversion

The rubrics for essay questions and problems are provided in page 16 and page 17 respectively. It should be noted that assignments, and exams will contain essay questions and problems. Therefore, essay rubric (Page 16) will be used for essay questions and problems rubric (Page 17) will be used for problems. The rubric for the case study will be given with the case study.

Posting of Grades

All the grades will be posted on canvas. Students can view the grades in the “Grades” tab. The grades will be posted within two weeks of the submission.

COURSE OUTLINE AND CALENDAR

Complete Course Calendar

Week	Reading	Homework
Week 1: 28 Aug – 3 Sep	Syllabus Supplemental Reading: Research the term sustainability and triple bottom line	Discussion 1 (“ Meet and Greet”) due by 09/03 @ 11: 59 PM Discussion 2 due by 09/03 @ 11:59 PM (CLO 4, W1_SLO 1.1 - W1_SLO 1.2)
Week 2: 4-10 Sep (5 Sep L-Day)	Chapter 1 Supplemental Reading: http://www.huffingtonpost.com/nadine-b-hack/stakeholder-engagement_b_1556070.html	Discussion 3 due by 09/10 @ 11:59 PM Assignment 1 due by 09/10 @ 11:59 PM (CLO1, CLO2, CLO3, CLO6, W2_SLO 2.1- W2_SLO 2.6)
Week 3: 11-17 Sep	Chapter 2 Supplemental reading: http://www.hindustantimes.com/india/india-s-cities-are-faced-with-a-severe-waste-management-crisis/story-vk1Qs9PJT811bPLCJKsOTP.html	Discussion 4 due by 09/17 @ 11:59 PM Assignment 2 due by 09/17 @ 11:59 PM Case study 1 due by 10/08 @ 11:59 PM (CLO 1, CLO 2, CLO 3, CLO 4, CLO 6, W3_SLO 3.1- W3_SLO 3.6)
Week 4: 18-24 Sep	Chapter 3	Discussion 5 due by 09/24 @ 11:59 PM Assignment 3 due by 09/24 @ 11:59 PM (CLO 3, W4_SLO 4.1- W4_SLO 4.5)
Week 5: 25 Sep-1 Oct	Chapter 4	Discussion 6 due by 10/01 @ 11:59 PM Assignment 4 due by 10/01 @ 11:59 PM (CLO 2, CLO 3, CLO 5, W5_SLO 5.1- W5_SLO 5.5)
Week 6: 2-8 Oct	Chapter 5	Discussion 7 due by 10/08 @ 11:59 PM Assignment 5 due by 10/08 @ 11:59 PM (CLO 1, CLO 2, CLO 3, CLO, CLO 5, W6_SLO 6.1- W6_SLO 6.6)

Week 7: 9-15 Oct	Chapter 5S	Discussion 8 due by 10/15 @ 11:59 PM Assignment 6 due by 10/15 @ 11:59 PM Case study 2 due by 10/29 @ 11: 59 PM (CLO 3, CLO 4, CLO 5, CLO 6, W7_SLO 7.1- W7_SLO 7.6)
Week 8: 16-22 Oct	Exam 1 due by 10/22 @ 11:59 PM Chapter 1, Chapter 2, Chapter 3, Chapter 4, Chapter 5 and Chapter 5S	
Week 9: 23-29 Oct	Chapter 6	Discussion 8 due by 10/29 @ 11:59 PM Assignment 7 due by 10/29 @ 11:59 PM (CLO 1, CLO 2, W9_SLO 9.1- W9_SLO 9.6)
Week 10: 30 Oct-5 Nov	Chapter 7 Supplemental reading: https://www.youtube.com/watch?v=lhbLNBqhQkc https://www.notjustalabel.com/editorial/saving-china-with-sustainable-fashion	Discussion 9 due by 11/05 @ 11:59 PM Assignment 8 due by 11/05 @ 11:59 PM (CLO 1, CLO 2, CLO 4, W10.1_SLO 10.1- W10_SLO 10.6)
Week 11: 6-12 Nov (11 Vet Day)	Chapter 8	Discussion 10 due by 11/12 @ 11:59 PM Assignment 9 due by 11/12 @ 11:59 PM Case study due by 12/10 @ 11:59 PM (CLO 1, CLO 2, CLO 3, CLO 5, W11.1_SLO 11.1- W11_SLO 11.6)
Week 12: 13-19 Nov	Chapter 11 Supplemental reading: http://www.dell.com/learn/us/en/uscorp1/corp-comm/closed-loop-recycled-content http://www.coca-colacompany.com/stories/our-approach-to-sustainable-packaging http://resource.co/article/industrial-symbiosis-one-mans-waste-11903	Discussion 11 due by 11/19 @ 11:59 PM Assignment 10 due by 11/19 @ 11:59 PM (CLO 1, CLO 2, CLO 5, W12_SLO 12.1- W12_SLO 12.6)
Week 13: 20-26 Nov (T-Day 23-24)	Chapter 12	Discussion 12 due by 11/26 @ 11:59 PM Assignment 11 due by 11/26 @ 11:59 PM (CLO 1, CLO 2, CLO 3, W13_SLO 13.1- W13_SLO 13.5)

Week 14: 27 Nov-3 Dec	Chapter 16	Discussion 13 due by 12/03 @ 11:59 PM Assignment 12 due by 12/03 @ 11:59 PM (CLO 1, CLO 2, CLO 3, W14_SLO 14.1- W14_SLO 14.5)
Week 15: 4-10 Dec		Review
Week 16 11-15 Dec		Exam 2 due by 12/14 @ 11:59 PM Chapter 6, Chapter 7, Chapter 8, Chapter 11, Chapter 12, Chapter 16

Important University Dates:

August 28, Add/Drop/Late Registration begins

August 30, Add/Drop/Late Registration ends, 16-week and 1st 8-week classes

September 1, Priority Deadline to Submit Graduation Application

September 4, Labor Day, CAMPUS CLOSED

September 5, Last day to drop 1st 8-week classes with no record

September 13, Last day to drop 16-week classes with no record

September 22, Last day to drop a 1st 8-week class with a Q or withdraw with a W

October 6, Deadline to submit graduation

October 20, Last day to withdraw from the University (1st 8-week classes WF)

October 23, Add/Drop/Late Registration begins, 2nd 8-week classes

October 26, Add/Drop/Late Registration ends, 2nd 8-week classes

October 30, Last day to drop 2nd 8-week classes with no record

November 10, Veteran's Day

November 10, Last day to drop with a Q or withdraw with a W (16-week classes)

November 17, Last day to drop a 2nd 8-week class with a Q or withdraw with a W

November 23-24, Thanksgiving, CAMPUS CLOSED

December 15, Last day to withdraw from the University (16-week and 2nd 8-week classes)

December 15, Last day to file for Degree Conferral (Registrar's Office)

December 15, Commencement (End of Fall Term)

December 25-January 1, WINTER BREAK

TECHNOLOGY REQUIREMENTS AND SUPPORT

Students should have access to computer with Microsoft Word, PowerPoint, Excel, PDF reader along with proper internet service and browser (*Required*). Students can obtain a free PDF reader at <http://www.adobe.com/products/acrobat/readstep.html>. All the materials related to the course will be available in electronic format (Lecture slides, homework assignments, exams and solutions) in canvas: <https://tamuct.instructure.com/>. Students are recommended to have a hand held calculator (should be able to perform square roots and above apart from addition, subtraction, multiplication and division – at a minimum) for calculations.

Student can choose to handwrite the assignments and exams. However, students need to scan them or take an image and post it canvas. Therefore, it is student's responsibility to obtain necessary equipment required to post the handwritten assignment.

Technology Requirements.

This course will use the TAMUCT Instructure Canvas learning management system.

Logon to TAMUCT Canvas [<https://tamuct.instructure.com>]

Username: Your MyCT username

(xx123 or everything before the "@" in your MyCT e-mail address)

Password: Your MyCT password

Technology Support.

For technology issues, students should contact Help Desk Central.

24 hours a day, 7 days a week:

Email: helpdesk@tamu.edu

Phone: (254) 519-5466

[Web Chat](http://hdc.tamu.edu): <http://hdc.tamu.edu>

When calling for support please let your support technician know you are a TAMUCT student.

For issues related to course content and requirements, contact your instructor.

UNIVERSITY RESOURCES, PROCEDURES, AND GUIDELINES

Drop Policy.

If you discover that you need to drop this class, you must complete a [Drop Request Form](https://www.tamuct.edu/registrar/docs/Drop_Request_Form.pdf) [https://www.tamuct.edu/registrar/docs/Drop_Request_Form.pdf].

Professors cannot drop students; this is always the responsibility of the student. The Registrar's Office will provide a deadline on the University Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar's Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar's Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

Academic Integrity.

Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty,

and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student's academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion, and the abuse of resource materials. All academic misconduct concerns will be reported to the university's Office of Student Conduct. Ignorance of the university's standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

Academic Accommodations.

At Texas A&M University-Central Texas, we value an inclusive learning environment where every student has an equal chance to succeed and has the right to a barrier free education. The Department of Access and Inclusion is responsible for ensuring that students with a disability receive equal access to the University's programs, services and activities. If you believe you have a disability requiring reasonable accommodations please contact the Department of Access and Inclusion at (254) 501-5831. Any information you provide is private and confidential and will be treated as such.

For more information please visit our [Access & Inclusion](https://www.tamuct.edu/student-affairs/access-inclusion.html) webpage [https://www.tamuct.edu/student-affairs/access-inclusion.html].

Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and guidance from US Department of Education's Office of Civil Rights, the Dean of Student Affairs' Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. For more information, please visit <https://www.tamuct.departments/index.php>. Students may also contact the institution's Title IX Coordinator. If you would like to read more about these [requirements and guidelines online](http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf), please visit the website [http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf].

Tutoring.

Tutoring is available to all A&M-Central Texas students, both on-campus and online. On-campus subjects tutored include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors are available at the Tutoring Center in Warrior Hall, Suite 111.

If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, or any other question, contact Academic Support Programs at 254-519-5796, or by emailing Larry Davis at ldavis@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject on your computer! Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log-in and receive FREE online tutoring and writing support. This tool provides tutoring in over forty subject areas. Access Tutor.com through Canvas.

The University Writing Center.

Located in 416 Warrior Hall, the University Writing Center (UWC) at Texas A&M University-Central Texas is a free workspace open to all TAMUCT students from 10am-5pm Monday-Thursday with satellite hours in the University Library on Mondays from 6:00-9:00pm. Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCTOnline](https://tamuct.mywconline.com/) [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu to schedule an online tutoring session. Tutors are prepared to help writers of all levels and abilities at any stage of the writing process.

While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help!

If you have any questions about the University Writing Center, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available twenty-four hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our [Library website](https://tamuct.libguides.com/) [https://tamuct.libguides.com/].

OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at A&M-Central Texas, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Counseling Services (254-501-5956) located on the second floor of Warrior Hall.

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

INSTRUCTOR POLICIES

Following are some of the instructor related policies. Students are required to follow them over the entire course period.

Class Policy: Instructor holds the right to change certain policies such as reading schedule, late submissions if the instructor feels it is necessary or beneficial for the class.

Office hour policy: Instructor expects the students to be punctual when scheduled for an office hour or online meeting. In addition, when a student comes to the office hour or online for course activity (assignments and case studies), the instructor expects the student have read all the material and tried the assignment at least once. If the student shows up without adequate reading, the instructor would direct the student to read the material first and come back.

Late submission policy: No late submissions will be accepted for this course.

Missed course activities: If the student misses course activities such as assignments, case studies and exams, there will be no make-up unless a formal notice is given ahead. In addition, if the students misses significant number of course activities, it is the responsibility of the student to drop-off from the course. No make-ups can be given in such circumstances.

Netiquette: Online communication is a very critical component of any online environment, and in this course, you are expected to conduct yourself in the same respectful manner that would be followed in a face-to-face course. Be sure to abide by the following guidelines when participating in the various methods of communication with instructors and classmates:

- Think your response through before responding. Before you submit your comments, proofread your comments to prevent any misunderstandings from occurring.
- Do not capitalize everything. Capital letters may be used for the occasional EMPHASIS, but avoid typing completely in capital letters AS IT MAY APPEAR AS THOUGH YOU'RE SHOUTING!
- Keep conversations clean from foul language. The online course is an environment for positive feedback and productive dialogue. Profanity will not be tolerated.

- Use correct spelling and proper grammar. Keep your responses on topic and concise. Do not write long responses, for it will not likely be read or take up too much of another person's time.
- Do not ramble. You are not the only person behind a keyboard. Be mindful of others' feelings and treat them with the same respect that everyone deserves.
- Communicate respectfully.

In this course, you are also expected to abide by the University's student code of conduct and the policies on classroom. View the University's Student Code of Conduct online (<https://www.tamuct.edu/student-affairs/docs/tamuct-student-handbook1.pdf>). Visit the Office of Student Conduct Website here. (<https://www.tamuct.edu/student-affairs/student-conduct.html>.)
