9i. OPTIONAL POLICY STATEMENTS:

- **A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at A&M-Central Texas, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Counseling Services (254-501-5956) located on the second floor of Warrior Hall.

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage \[https://www.tamuct.edu/departments/compliance/titleix.php\]](https://www.tamuct.edu/departments/compliance/titleix.php).

- **Communication Guidelines – face-to-face and online - Netequitte**

Online communication is a very critical component of any online environment, even for some face-to-face courses that post materials online in Canvas. If online, you are expected to conduct yourself in the same respectful manner, whether in the face-to-face classroom or in online communications. Be sure to abide by the following guidelines when participating in the various methods of communication with instructors and classmates:

1. Think through your response before responding. Before you submit your comments, proofread your comments to minimize any misunderstandings.
2. Do not capitalize everything. Capital letters may be used for EMPHASIS, BUT IT MAY APPEAR THAT YOU'RE SHOUTING!
3. Keep conversations free from offensive language. The online course is an environment for positive feedback and productive dialogue. Profanity will not be tolerated.
4. Use correct spelling and proper grammar. Keep your responses on topic and concise. Do not write long responses, for they will not likely be read or may take too much of another person's time.
5. Do not ramble. You are not the only person behind a keyboard. Be mindful of others' feelings and treat them with the respect everyone deserves.
6. Communicate respectfully.

In this course, you are also expected to abide by the University's student code of conduct and the policies on classroom.) [View the University's Student Code of Conduct online \(Links to an external site\).](#) Visit the [Office of Student Conduct Website here. \(Links to an external site\).](#)

10. ADDITIONAL INFORMATION:

An important component of a learner-centered syllabus is a section directed to you – the student - that explains the instructor’s teaching philosophy for this course. Here it is:

My expectations are for you to develop reasonable proficiency beyond an introductory level with several established theories about financial valuation, and to demonstrate a thorough understanding of valuation techniques applied to the risk - return relationship. I am always enthusiastic about teaching finance and discussing professional development with students!
