COURSE REQUIREMENTS

Course Requirements:

4.0 Course Requirements:

Participation is essential to enhancing each student's awareness about the subject area and developing their knowledge base. You must participate each week, turn in all assignments on time and complete all exams on time.

4.2 Exams and Quizzes:

4.21. Home work, Quizzes and Exams will cover each chapter starting with Chapter 1 in WEEK 1 . Quizzes will be due the Sunday before the chapter is covered in class.

CHEATING

You are on your honor to not receive help from or assist others with any exam or quiz. Do not discuss the exam questions or answers and do not attempt to clarify the exam for others as this is also cheating.

It has come to my attention that some students are purchasing solution manuals from unauthorized sources. The students who practice cheating are of low moral and ethical character and sully their name as well as the reputation of the university. These students are not individuals anyone would want to work with because they will cheat others in their careers.

The individuals learn nothing and attempt to obtain, not earn, credit for the course through cheating classmates.

Do not stoop to this ethically and morally corrupt practice. The cheating may impact the grade of those who do not cheat and honestly earn a grade rather than stealing a grade.

If you become aware of cheating it is your duty to report the cheating. The individuals should not be allowed to continue in the university.

You can either report the cheating to Student Affairs, or, if you wish, to me and I will pursue the matter through university resources.

It is a shame that this practice has to be mentioned.

Please be honest, learn the course material, and improve yourself.

I applaud honest students.

4.3 Research Paper – (300 points)

(Subject 10 points, Outline 10 points, Marked up paper 20 points, PDF files 10points, Paper 250 points)

The research paper is a course requirement. Failure to complete all steps in the Research Paper Process and turning in an acceptable paper will result in an additional penalty of 50 points.

The research paper must be prepared utilizing footnotes.

Go to; <http://www.southernlawjournal.com/>

Find an article written on a tax subject and review the footnote style and the detail utilized in citing the work of others. Multiple footnotes in every paragraph are necessary to properly cite the information you are conveying.

The purpose of the research paper is to prepare you for research and writing you will encounter in your accounting career.

Prepare a research paper relating to *CURRENT TAX TOPIC*.

The topic can be related to tax law interpretation, regarding current tax compliance issues, tax planning, estate planning, or other tax issues.

Your sources must be authoritative sources and most articles should come from court cases, law journals, treaties, or other authoritative sources.

Periodicals are not authoritative sources.

You must conduct sufficient initial research on a proposed topic to ensure that there are sufficient articles available to support your topic. During the initial research you may find a different topic that is more interesting and better supported. Do not submit a topic for approval until you have accomplished your initial research and can attach annotated bibliographies of at least five articles.

You are encouraged to visit the University Writing Center for help with your writing and research skills.

Research Paper Steps And Requirements

Most future job promotions after graduation will be greatly influenced by your mastery of communication skills.

A frequent comment concerning college graduates, during my teaching career, have been concerning their lack of effective communication skills.

This paper is intended to help you develop and achieve the writing skills to ensure your future success in an accounting environment.

The steps listed below are required for this paper. You are encouraged to turn in each step early so that you can make corrections, if necessary.

No required steps can be skipped.

Succeeding steps, if a predecessor step is skipped, will not be graded until the predecessor step is turned in.

If this causes a delay in grading of an assignment the assignment will incur a late.

Any step turned in late will require at least 3 days to be graded.

Any delay in grading a succeeding step, including the research paper itself, caused by a late submission will incur the assessment of a late penalty of 20% per day.

Grading the paper, and each of the steps, requires much additional time on my part and this grading effort is intended to help you with your success. I read your sources to ensure that the paraphrasing and use of quotations are correct and accurate. Your future employers will check your work and your lack of factual detail properly presented, or less than professional writing may cause you to encounter severe consequences in your employment and job progression.

Due Dates for every step are in the syllabus and on Canvas in the WEEK due.

Paper Requirements

The minimum paper length is 12 full pages and 15 authoritative sources.

The paper must be completely up to date and cover the topic thoroughly. Please limit your paper to 20 pages, but this limit can be exceeded if necessary to cover your topic.

Step 1 Research Paper Subject (RPS) (10 points) (Required submission)

The research paper subject or title, followed by an annotated bibliography of five (5) sources you have selected to use in your paper.

The annotated bibliography must thoroughly cover the information in the article. If I cannot determine the applicability of your article, as presented in the annotated bibliography, I will return your submission.

The sources must support your subject. As your writing and research continues you can add or eliminate articles to ensure that you cover your subject properly.

Step 2 Research Paper Outline (RPO). (10 points) (Required submission)

You must prepare and submit an outline of your approved research paper topic.

You must include, under the proper outline heading, the annotated bibliographies of sources you intend to use and which will support your outline heading and your paper topic.

Step 3 Marked-Up Research Paper (MURP) (20 points) (Required submission) It is required that you submit your completed paper to the “online tutor” provided by the university to mark up and correct your paper.

The tutor will alert you to various errors and help you correct grammar, sentence structure, and format in your paper.

It is best to sign in to “online tutor” and then submit your paper to the tutor who is helping you.

Once you correct your paper it is in your best interest to submit it again to ensure that your corrections are accurate and that something missed on the first session may be found.

While the tutor will offer you assistance, it is your responsibility to submit a paper which adheres to all guidelines and is well written.

If you have research, writing, grammar, or other deficiencies you should utilize other support sources as well as the online tutor.

The University Writing Center is an excellent source of help and will meet with you often to help you.

It is your responsibility to ensure that you devote sufficient time and effort to your research paper.

Remember:

“Enough time” and effort must be devoted to any project to achieve your desired results.

“A Lot of Time” is anything less than enough.

Many people, including me, find it very helpful to have someone read your final paper and point out the errors and unclear or misleading sentences. If a proof reader does not understand your writing you have a problem.

Refer to TECHNOLOGY REQUIREMENTS AND SUPPORT in your syllabus for all university provided services including ADA and tutoring services

A comment from a recent student on the use of online tutor is: “I’ve seen people complain that tutor.com has a character limit, I have never had this issue, I go to the site, click writing and live review, get connected to a tutor then I upload my paper and everything works.”

Step 4 Research Paper Articles (RPA) (10) (Required submission)

You must use PDF format to submit each article utilized in your paper.

Each individual file must be identified in the same format used for the first article citation in your paper.

For example if your first cited file is (Adams, Jones, Smith, p. 321) the PDF will be identified as Adams, Jones, Smith.

Arrange your files alphabetically.

If you do not submit your properly identified PDFs on time as required, or the files are improperly identified, you will incur a 25 point penalty. Your paper will not be graded until all your PDFS are submitted

Step 5 Research Paper (RP) (200 points)

**A Research Paper is a Required submission for this course.
Not submitting a research paper will result in a 250 point deduction.**

Submit your paper as a Word document.

27. Do not use “Common Knowledge”. This is a research paper and not an essay. Every paraphrase must contain a citation. You obtained all of your knowledge from some source and are required to cite each source.

Personal knowledge or “common knowledge” is not acceptable in research for this course and will be treated as sources not cited for the determination of plagiarism.

Plagiarism will result in an “F” for the course.

I do read you attached articles and will deduct for inaccurate paraphrasing and erroneous quotations. Ensure that you read and study your article until you understand what the author is trying to convey before using the information from the article.

If you turn in a paper which is less than the required number of pages, contains less than the required number of citations, or is not properly cited, it will receive a minimum 100 point penalty and may incur a penalty of up to 250 points. If the articles are not submitted the paper will not be graded.

If you do not cite an article do not use it in your references.

A good online source for writing a research paper can be found at:

<https://owl.english.purdue.edu/owl/resource/558/01/>

The University Writing Center.

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WOnline](https://tamuct.mywconline.com/) at [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu for any assistance needed with scheduling.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

If you have any questions about the UWC, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available twenty-four hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can

be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at A&M-Central Texas, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Counseling Services (254-501-5956) located on the second floor of Warrior Hall.

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].
