## COURSE REQUIREMENTS

- 1. Reading Assignments:** All assigned chapters will be used as basis for class and/or blackboard discussions. Study the assigned readings before each class.
- 2. Attendance/Participation Policy:** Class attendance is required. The policy as officially stated by the University will be enforced. Students are expected to make arrangements with the instructor before missing a series of classes due to job requirements. Students are responsible for any material missed during an absence. In all cases, the responsibility remains with the students to meet/obtain all course requirements/changes. If you are not present the class period your presentation is scheduled, the presentation grade is zero. Regular course progress is expected. It is each student's responsibility to review the blackboard and syllabus for the latest information, assignments and examinations. NOTE: Attendance will be taken each class period. Attendance will count as 10% (100 Points) of your total grade. NOTE: Blackboard Discussion questions will count toward participation.
- 3. Group Project:** Each Student will be assigned to a group that will create a dynamic Web Site utilizing JavaScript and/or jQuery. The Web Site will also include interaction with one or more databases (MySQL preferred, but not required) using PHP. More information about this project will be distributed by the end of the 2<sup>nd</sup> week of class. Groups can generally choose their own topic within the assigned category of applications (an Inventory Management System, for this class) for the Project as long as it is approved by the Instructor. The project will include a presentation and will be worth 400 points (40%).
- 4. Quizzes:** There will be a quizzes each week for the chapters covered during that week. The total points for ALL quizzes is 400 points (40% of your grade). Each quiz will be due at the beginning of the class following the chapters covered. I have scheduled 33 chapters to be covered during the semester, but only plan on keeping the top 20 quizzes (10 from JavaScript and 10 from PHP), so they'll be worth 20 points each.
- 5. Homework:** Homework assignments will be assigned after each class. These assignments are intended to reinforce the concepts discussed in class. The total homework grade will be worth 10% (100 points) of your total grade. If more than 10 assignments are submitted, only the top 10 will count.

6. **Late Submissions:** Homework Assignments will be considered late if submitted after the due date/time. A late penalty of 5% per DAY (max of 20% deduction per week) will be applied. That means that NO submissions will be accepted if submitted more than 5 weeks after the due date. In addition, discussions MUST be completed within the week during which the discussion is assigned (i.e. late discussions will NOT be allowed). Late tests will NOT be accepted!

NOTE: NO work will be accepted after 12/14/2018.

7. **Other Notes about assignments:**

Most (ALL) assignments will be submitted via Canvas.

- 3.1 All assignments are due at the beginning of the next class day after being assigned.
- 3.2 If there are multiple parts, submit all parts in a **SINGLE** zip file. I would suggest you create a folder for each assignment, then you can zip that entire folder at once.
- 3.3 Make sure all parts are labelled in a logical manner that makes it easy for me to figure out which part of the assignment is which.

8.

**Grading Criteria Rubric and Conversion**

Assignment	Points	Percent	My Grade
Quizzes (20)	400	40%	
Group Project	400	40%	
Attendance	100	10%	
Homework	100	10%	
<b>Total</b>	<b>1000</b>	<b>100%</b>	

Percentage	Points	Grade
90.0-100%	900-1000	A
80.0-89.9%	800-899	B
70.0-79.9%	700-799	C
60.0-69.9%	600-699	D
0-59.9%	0-599	F

**Posting of Grades**

All student grades will be posted on the Canvas Grade book and students should monitor their grading status through this tool. Grades for weekly assignments, discussions, quizzes and exams *should* be posted (no guarantees) within 7 days following the due date.

Canvas Grade Book has weighted columns for each of the groups of assignments (Quizzes, Participation/Attendance, Group Project, and Homework) as well as a weighted column for the entire course. These columns put 0's for all incomplete assignments, so they all start at 0% and go up as you submit assignments. So, at any given time, you can see what your grade would be if you did no additional work.

HOWEVER; Canvas does not set this up by default, so... To view the gradebook as I intended it

to look, please go to the gradebook on Canvas, find the gear icon in the upper right corner (not quite all the way at the top...), click the down arrow beside the gear, and enable the “Treat ungraded as 0” option.

### **OPTIONAL POLICY STATEMENTS:**

#### **A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For

additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].
