**COURSE REQUIREMENTS**

**Assignments**

***Self-Reflection Paper – Due Sept. 2nd (10 points)***

The purpose of this paper is for you to identify and explore personal attitudes, values, and behaviors that often impact a person becoming a helping professional. It is expected that your self-reflection or personal exploration will be an in-depth rather than a superficial analysis. Length is 3-5 pages. Possible items to consider could be (but definitely not limited to):

- What is your motivation for studying counseling or for becoming a helping professional?
- What experiences have you had that might influence your becoming a helping professional?
- How would these experiences positively or negatively influence your effectiveness as a helper?
- What is your value orientation? What do you value? Where do these values come from? How will they affect your work?
- What biases or predispositions (positive or negative) do you hold regarding working with certain types of people, issues, etc.?
- What are your strengths? What areas do you need to improve?
- What would you want from a counseling session/counselor?

***Reference Page – Due Sept. 23 (5%)***

An important part of becoming a professional helper is to be able to access the current literature available. You will need to become familiar with the library's databases and how to find articles. For this project, you will need to pick a topic of interest to you and find 10 peer-reviewed articles on that topic. These articles must have been published since 2003. You will be required to develop an APA reference page listing the 10 articles. Please bring the articles to class for review and discussion. For the purpose of this assignment, you will be tasked with identifying a group in which you feel strongly is in need of advocacy, and focus your search to articles that will identify current advocacy efforts. In addition, articles that focus on the population you have chosen are acceptable and any supporting literature that can be tied to your topic. The emphasis of your references, and the subsequent literature review they are tied to is advocacy.

***Diversity Interview Paper - Due Oct. 21 (20%)***

You are to interview another person with a background substantially different from your own and submit a reaction paper. Examples of different backgrounds include race, religion, age, sexual orientation, gender, and disability. You must consult with the instructor for approval prior to conducting your interview. The paper should be two (2) pages and include a description of yourself and the various groups with which you identify, a description of the interview and the person (no names) to whom you spoke, and a reaction to this process. Reactions can include what you learned about yourself and the other person, what you have learned about different cultures, and what you would still like to learn. Grading will be on grammatical structure as well as your ability to challenge yourself to step outside your comfort zone, as this will help you truly learn more about yourself and others. You will be asked to speak briefly to the class about your experience

***Literature Review – Due Oct. 21 (20%)***

Another important part of becoming a professional helper is being able to synthesize information from several articles. From the 10 articles you found, you will write a literature review of 5 of these articles (you may use more if you desire). This review of the current research and trends of a topic should be between 6-8 pages long not including title page or reference pages. As with every other paper, this one must be in APA style.

***Part 1: Counseling Professional Interview – Due Nov. 4 (20%)***

Students will choose someone already working in the helping profession (Students must choose someone who is a professional counselor and preferably someone who is a member of a professional organization) and interview them in regard to the nature of the counselor's work, types of clients seen and presenting issues, supervision experiences, and any other pertinent information about their daily routine. Students will present a written report and an informal oral report to the class. You must consult with the instructor for approval of the site.

***Part 2 : Professional Affiliation – Due Nov. 25***

An essential part of developing a helping identity is being a part of a professional organization. This allows you to keep current on issues that are affecting the profession as well as help you network and meet other students and counselors. There are several organizations that are available depending on your professional goals and aspirations. Please see the instructor for appropriate associations. Proof of membership is due no later than the last day of class. Failure to do so will result in a reduction of one letter grade on your final grade.

***HIPAA Training and Resume – Due Nov. 25 (10%)***

An ethical counselor understands the need for confidentiality. To accomplish this, you will be required to attend an online training for HIPAA. The link will be provided on Blackboard. You will earn a completion certificate, which you can hand in as proof of your training. In addition, it is necessary to have a resume. Each student will meet with Career Services to develop a resume. Please bring in proof of attendance along with your resume.

***Online Component (15%)***

I will post power-points for each chapter online. These will supplement the readings from the text. In addition, I may post articles or videos online as additional supplements. My goal for this is to create a forum where we can ask questions and post comments on the material as well as of each other. I want to use this to clarify anything that you may be confused about. You will be responsible for all the materials posted. On weeks listed on the syllabus as (ONLINE WEEK), you will be required to post three meaningful responses to the discussion board that are set up. Based on the time you post in relation to other students, you should also respond to other student's comments. Your postings should reflect well thought out and intelligent points of discussion. I reserve the right to decide if the student's effort and insight will receive full credit. Please feel free to take a personal stand and express your convictions on the topics presented (within professional reason). A week constitutes Tuesday 8am to Monday at 11:59pm

### OPTIONAL POLICY STATEMENTS:

#### **A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at A&M-Central Texas, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Counseling Services (254-501-5956) located on the second floor of Warrior Hall.

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].
