## **COURSE INFORMATION**

### **COURSE INFORMATION**

#### **1.0 Course Overview**

This course will require students to gain clinical experience in marriage and family therapy by providing direct face-to-face marriage and family therapy services in the on-campus clinic and additional approved practicum sites while under individual and group supervision provided by the Marriage and Family Therapy faculty in conjunction with the onsite supervisors. Students will be expected to demonstrate

appropriate levels of competency, which will be assessed through direct supervision, video supervision as well as case conference. Student will be expected to maintain appropriate documentation of their clinical work. Students will be required to meet clinical hours requirements as described in the departmental handbook.

Prerequisites: MFT 5301, MFT 5307, MFT 5383, MFT 5391

## **2.0 Intended Student Outcomes**

**Course Learning Outcomes** – This course targets three of the MFT program’s **Student Learning Outcomes**:

**(SLO-1)**- Demonstrates knowledge and appropriate application of classical and postmodern MFT theories.

**(SLO-2)**- Demonstrates basic and systemic therapeutic techniques.

**(SLO-3)**- Assesses how contextual issues affect individual lives and relational dynamics.

**(SLO-4)**- Formulate treatment plans based on individual issues, relational dynamics, and contextual issues

It targets these SLO’s through the following **Course Learning Outcomes**:

**2.1** Students will demonstrate the ability to conceptualize client systems through a MFT lens. (SLO-1 & SLO-2)

**2.2** Students will clinically assess client systems. (SLO-1, SLO-2, SLO-3, & SLO-4)

**2.3** Students will complete program practicum requirements legally, ethically, and competently. (SLO-2)

## **3.0 Ethics**

Students are expected to conduct themselves in a professional and ethical manner at all times. They are expected to maintain confidentiality of all information related to clients, as well as all information related to cases presented in practicum/internship classes. This is the student’s responsibility regardless of procedures in place at the site. Students are responsible to know and follow legal and ethical confidentiality practices of the field placement site, as well as applicable codes of ethics. Knowledge of HIPAA and/or FERPA is expected. In addition, students shall not use any client identifying information in any practicum/internship documentation, including tapes. Students shall secure tapes and other client information that may be necessary for class in a way that is secure, legal, and ethical. Tapes, transcripts, case studies, or other client information used for class shall be destroyed in an appropriate manner (i.e., shredding) as soon as they have been evaluated unless it is the policy of the site to maintain and secure all tapes. Any questions regarding confidentiality must be discussed with the university instructor as well as the site supervisor.

Committing an ethical violation during practicum/internship would have academic consequences. At minimum, the supervisor’s evaluation (which includes an ethics component) will reflect the ethical violation(s). Depending on the severity of the violation, the student’s response to becoming aware of the violation, and other circumstances, an ethical breach could potentially result in failure of the course.

All students must have appropriate liability insurance for the duration of their practicum experience or their hours will not be counted.

## **4.0 Required Reading**

The purpose of this course is for gaining experience; students should already have sufficient knowledge on theory and technique to begin practice. As such, there are no required textbooks for this course. However, the professor may instruct students to read materials on topics relevant to cases they are treating for the purpose of better client care.

## **OPTIONAL POLICY STATEMENTS:**

### **A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

## **INSTRUCTOR POLICIES.**

### **8.0 Absences and Grading**

Students are required to attend and actively participate in every class meeting. Unexcused absences or not participating will be documented in the faculty supervisor's evaluation of the students, therefore influencing the student's overall grade. An initial 5 points will be deducted for all assignments submitted after the deadline. An additional 5 points will be deducted for every additional day an assignment is late.

### **9.0 Instructor's Personal Statement**

It is intended that the class environment will be conducive to increasing your knowledge about the topic and promoting self-discovery and personal growth. In order for that to occur, it is expected that every student be respectful of the thoughts, emotions, and behaviors of others in this course.
