2. Good Internet Access and MS Word for exams and papers

COURSE REQUIREMENTS:

1. Discussions – **120 Points (6 at 20 Points each)** – Since we do not have “class time” to interact face to face, it is vital that you and your classmates are able to share your own views and perspectives with regards to many of these issues. Although I do want you to feel free to express yourself, you must be considerate of your classmates’ views and ideologies. You may not like their views or take on an issue, but be respectful when you respond if you happen to disagree. Be civil and respectful at all times!

You will find the exact requirements for each discussion assignment in the “Assignments” area that can be accessed on the left side of our Canvas course. There will also be a link available in that Module as well. Original Postings are usually due on Saturdays by 11:59 PM Central (23:59) and replies will generally be due on Wednesdays by 11:59 PM Central (23:59). There is a change though with Discussion #5.

2. Homework – **260 Total Points** (Varying Points per Assignment) – There will be six total assignments and the schedule is somewhat front loaded on value and intensity. The parameters for each assignment vary, but you will find the requirements for each homework assignment in

the “Assignments” area that can be accessed on the left side of our Canvas course. There will also be a link available in that Module as well. All HW assignments are due by 11:59 PM Central (23:59) on Sundays.

3. Country Analysis Reports – **200 points** - Specific details are posted in the “Assignments” area that can be accessed on the left side of our Canvas course. The report will be due on Sunday, May 6th.

4. Midterm - **210 Points** – This will be taken on Canvas approximately half way through our semester. The exam opens at 8AM (08:00) Wednesday, March 7th and closes at 11:59 PM (23:59) on Friday, March 9th. The exam will be composed of two parts: a multiple choice section accounting for 100 points of the exam grade and an essay/problem section worth 110 points. These sections may be taken separately, but will each be timed. More details will be provided as the exam approaches.

5. Final – **210 Points** – The final will open at 8AM (08:00) on WEDNESDAY, May 9th, and closes at 11:59PM (23:59) on FRIDAY, May 11th. The format will be the same as the midterm exam.

Grading Scale:

895-1000 = A - Excellent

795-895 = B - Solid

715-795 = C – Potential GPA issue

645-715 = D – No credit

645 or less = F – No credit

Grades may also be adjusted at the end of the semester based on class results, meaning an average may qualify for a higher letter grade than the scale normally provides for, to facilitate an appropriate grade distribution. Since I don't have you in class to hear your responses to questions I ask, your work/effort needs to impress me if your average is close to a grade border.

Posting of Grades

I will try to have all Assignments graded within 72 hours of their due date. I will not grade any work until the due date/time for that assignment has arrived. It will probably take me until at least Friday, the 11th to grade your reports. All grades will be posted on Canvas as soon as I am finished grading them so you know exactly where you stand.

Late work penalties:

1. Late Discussion Assignments will NOT be graded.

2. Homework Assignments not received within ONE week of the due date will not be graded. Those that are LATE (After 23:59 Central time on their Sunday due date) will only receive up to 50% of the points available.
3. The Country Report will lose up to 20 points a day it is late and is a 0 if not turned in by Friday night, May 11th.

Other Important Notes and Considerations

1. I will email you through Canvas which goes to your myCT email address unless you have changed the preferred email address. Also, pay attention to the announcements tab for any updates!
2. I reserve the right to make reasonable alterations to the course calendar and syllabus as provided here. It is a guide, not a hard and fast rule. Changes will usually only be made that benefit the class as a whole.

*****Being an Online Student*****

Online courses require a great deal of self-discipline. The biggest issue impacting grades with my courses is failing turning in all work when it is due. This syllabus previously stated that there are definitive penalties when work is not completed or completed on time. The course calendar will likely not change, so note when all things will happen and plan accordingly from the beginning.
