COURSE REQUIREMENTS

Introductory Biography and Student Course Agreement (2%):

Both graded activities are required. The Introductory Biography Statement (2-3 paragraphs) is a discussion forum assignment that should include: a recent picture (optional), your major, where you are in your studies, a summary of work experience, aspirations for future career and some personal tidbit like family or hobbies. In addition, share with your classmates what social style you possess (assessment is in Module 1 in Canvas) and how this might influence your behavior at work or in school. Evaluation criteria for this forum will be clear writing, and inclusion of all required elements. This Introductory Forum will help orient everyone to the “community” of our class, and let you begin thinking about how organizational behavior fits into your career aspirations. Be sure to respond to at least 2 peers. **No late submissions will be accepted.** Consider it like coming to class. If you fail to show up, you missed your opportunity to participate in the classroom discussion.

The Student Course Agreement is an assignment that requires you to fill out a form, digitally sign it, and submit it as an attachment in the assignment submission link. **Late submissions will be accepted but without any credit.** Completion of this assignment is required in order to proceed to Module 1 as well as all other Modules of the course.

Weekly Discussion Forum Questions (18%):

There will be discussion questions almost each week. The due dates for each discussion assignment are posted in the Course Schedule. You will not be able to view the other students' comments until you post yours.

You are required to post three messages per discussion to receive credit for each forum: one opening point of 150 to 200 words that needs to be posted by Wednesday and two counterpoints of 100 to 200 words each that are due by Sunday. In your initial post, make sure to answer all questions at the end of the case or apply the 3-step problem-solving approach if instructed. Both quantity and quality are important considerations when posting substantive

messages. For example, "I agree" or "I see your point" are not considered quality participation because neither adds substance to the discussion. Effective responses might share personal experience, ask for clarification, or add additional information, so feel free to analyze, interpret, critique, and suggest. **Do not use any attachments**, instead, cut and paste your questions/responses directly into a forum message. Be sure to restate the question you are answering and address your classmates by their names.

Your postings/insights on the discussion topic should be based on the following:

- Application of text concepts;
- Ability to articulate assigned analysis clearly; and
- Integration of student colleagues' contributions and insights leading the discussion to a deeper level of understanding.

IMPORTANT!!! To allow for a discussion, which is an ongoing process that cannot be achieved by submitting all three required posts on the last day of the week, ***your first post has to be submitted by Wednesday***. This will allow for your classmates to read your opening post and reply to you and for you to reply to them in turn. The remaining two posts can be completed between Wednesday and Sunday. Remember, for full participation points you need to post at least three substantive notes throughout the week with the initial post completed by Wednesday!

The discussion assigned each week are:

Week 1 - Chapter 1	Case p.41 – United Airlines: How Do We Get There From Here?
Week 2 - Chapter 2	Problem Solving Application p.54 - Southwest Pilots
Week 3 - Chapter 3	OB in Action p.113 - The Good and Bad of Anger at Work
Week 4 - Chapter 4	Case p.152 - Wrongful Termination
Week 5 - Chapter 14	Observation Assignment
Week 8 - Chapter 7	OB in Action p.284 – Pirch Spreads Joy
Week 9 - Chapter 8	OB in Action p.325 – Exemplary Teamwork at NASA
Week 11 - Chapter 10	Problem Solving Application p.387- Butt your heads together
Week 12 - Chapter 11	Take-Away Application p. 434 - Reducing my use if decision making biases
Week 13 - Chapter 12	OB in Action p.491 – Impression Management, VC Style
Week 15 - Chapter 15	Problem Solving Application p.608 - Whole Foods

LearnSmart Assignments (15%):

The required Connect portion of the course has "Learn-Smart" applications for each assigned chapter of the text. The Learn-Smart activities challenge your mastery of the content in each chapter, and provide prompts for additional study if needed. Finishing these activities will ensure your better understanding of the content and help prepare you for each Exam. ***For more on the benefits of LearnSmart see Appendix C.***

To access and purchase ConnectPlus, click the first Connect assignment in your Canvas course. You will be prompted to either login with an existing Connect account username and password, or to create a new account. Then enter your access code, purchase access online, or begin a free trial period. Once you have completed your selection, you will arrive at the start of your first Connect assignment.

Completing each chapter's Learn-Smart activity will be worth 1.0 percent of your grade or a total of 15% overall. If you only complete part of the activity, you will only be given partial credit for the portion of the assignment that you completed. For example, if you only complete one half of an assignment, it will cost 0.5 points on your final average.

You must complete each LearnSmart activity by its due date to get full credit. Although you can continue working on the activity after the due date, you will receive no credit for this work.

Exams (25%):

There will be four required exams testing students' knowledge of the key frameworks, terms, and concepts included in the assigned text chapters. Exams will be grouped as follows, and are not cumulative:

- Exam 1 will cover chapters 1-4
- Exam 2 will cover chapters 14, 5-7
- Exam 3 will cover chapters 8-11
- Exam 4 will cover chapters 12, 13, 15

The exams will be available online, so be sure and check your Canvas Exam Link for the exam dates. Exams will be timed and once started, must be completed at that time. You have 90 minutes to answer 50 questions. Further, no exam may be taken more than one time in an effort to improve the score achieved. **There will be no make-ups for missed exams unless there is a documented medical emergency.** Any exam not made up as approved and arranged by the professor will be scored as a zero. **Make-ups have to be requested no later than 48 hours before the scheduled due date.**

Reviewing the Chapter PowerPoint presentations, and using the Publisher Supplemental Materials and self-quizzes are good ways to prepare for each Exam.

Worst Coworker Paper (10%):

This assignment allows you to apply the 3-step problem-solving approach to a real-world case. Your paper can focus on either a current coworker or a past coworker. The coworker should be a real person. Moreover, some portions of the paper work better if the coworker is of a similar hierarchical level to you as opposed to a boss or a supervisor. Produce a **concise 1-2 page written report** (excluding cover sheet, references and any figures, tables or appendices) should include the following three sections:

1. *Background* - Describe the coworker. Give enough detail that it's clear why you feel the way you do about this person, with enough richness that the section "brings the person to life" for the reader. Feel free to omit or disguise any details that might be sensitive in nature. [about ½ page]
2. *Explanations* - Drawing on key terms from Chapters 2-6, provide an explanation of *why*, in your estimation, this employee has low levels of job performance and/or organizational commitment. As a hint, key terms are bolded throughout the chapters and listed at the end of each chapter. Ensure to strike a balance between breadth of coverage (i.e., the number of key terms mentioned) and depth of coverage (i.e., how detailed your use of a given key term is in explaining the employee's attitudes and behaviors). [max. 1 page]
3. *Recommendations* - Flowing out of the key terms discussed in the previous section, describe what the direct supervisors, managers, or leaders in the company could do, very specifically, to improve the performance and/or commitment of your coworker. [about ½ page]

All work submitted for grading shall be of collegiate quality, language, depth and organization. All work should be proofread, free of grammatical errors, include proper citations, and be in accordance with The Publication Manual of the American Psychological Association, 6th ed.

Submit this assignment through the Assignments Course link. The due date for the Individual Project is posted in the Course Schedule. The required file format for the paper is a .doc or .docx file. This assignment will be run through VeriCite. **No late submissions are accepted.**

OB Project – Part 1 (15%):

This project will lay the foundation for the second project. You are to decide on an organization that you want to evaluate. The organization can be a current or a past employer of yours. It must be a company with which at least you have significant familiarity. It is important that you have some knowledge of the inner workings of the company-- its struggles, its strengths, its culture, and so forth -- or have access to the organization to conduct interviews to collect the needed information. You will produce a 2-3 page written report (excluding cover sheet, references and any figures, tables or appendices). The paper should include the following sections:

1. *Organization Background* - Provide *just enough* details on the company for me to be able to understand the problem that will be described. Resist the urge to provide irrelevant details and feel free to omit or disguise any details that might be sensitive in nature.

[about ½ page]

2. *Organizational Culture* – Provide a brief description of the elements of the company’s culture in terms of artifacts, shared values, and shared assumptions as well as the dominant culture based on the competing values framework. Use pages 547-559 in your textbook as a guide for this section. [about 1 page]
3. *Problem* - Describe, specifically, *one problem* that the company is struggling with that will serve as the focus of the paper. Resist the urge to discuss multiple problems--focus on one specific issue with which the organization is struggling. Be sure to focus on a problem that within the scope of this course. [about 1 page]

All work submitted for grading shall be of collegiate quality, language, depth and organization. All work should be proofread, free of grammatical errors, include proper citations, and be in accordance with The Publication Manual of the American Psychological Association, 6th ed. For information on APA standards and correct citation formats consult the **APA Publication Manual**, and/or link to the following sources:

<http://www.apastyle.org/learn/index.aspx>

<https://owl.english.purdue.edu/owl/resource/560/01/>

Referencing multiple pages from the same organization’s web site only count as one citation.

When using more than one page from the same company, provide a URL that links to the home page or entry page for the document. Also, if there isn't a date available for the document use (n.d.) for no date. **All references must be cited in the body of your paper.**

Submit this assignment through the Assignments Course link. The due date for the OB Project – Part 1 is posted in the Course Schedule. The required file format for the paper is a .doc or .docx file. This assignment will be run through VeriCite. **No late submissions are accepted.**

OB Project – Part 2 (15%):

This project builds on the previous project. Based on the feedback from the OB Project – Part 1 you will now produce another 2-3 page written report (excluding cover sheet, references and any figures, tables or appendices). After providing a brief overview of the problem (3-4 sentences), the paper should include the following sections:

1. *Theoretical Lens* - Choose one topic from the list below, and apply that topic to the problem. Describe very specifically how the concepts, principles, and findings represented in the topic matter to the problem, and how they can be leveraged to articulate a solution. [about 1 page]
 - Ethical decision making: moral intensity, moral sensitivity, and situational influences
 - Schwartz’s Theory
 - Organizational Commitment
 - Perceived Organizational Support
 - Models of Job Satisfaction
 - Managing Diversity

- Content Theories of Motivation
 - Theory X/Y
 - Herzberg's Motivator-Hygiene Factors
- Process Theories of Motivation
 - Equity/Justice
 - Expectancy
 - Goal-Setting
- Job Design
- Performance Management/Goal setting
- Organizational Climate
- Team processes
- Effective Communication
- Effective Conflict Management
- Types of Power
- Empowerment
- Organizational Politics
- Leadership Theories
- Organizational Change

2. *Recommendation* – Provide a list (at least three) of very specific recommendations/action steps that flow out of the discussion of the topic and that can help solve the problem. In thinking about how to craft the topic into those recommendations, strike a balance between being *practical* and being *bold*. Every organization has key constraints (culture, organizational stakeholders, and competitive environment) that need to be taken into account when designing interventions. Although those should be considered, resist the urge to “play it safe”, as that tendency often leads to modest interventions that are ultimately ineffective. [about 1 page]

All work submitted for grading shall be of collegiate quality, language, depth and organization. All work should be proofread, free of grammatical errors, include proper citations, and be in accordance with The Publication Manual of the American Psychological Association, 6th ed. Please refer to the grading feedback for your first part of the project to avoid making the same APA mistakes again.

Submit this assignment through the Assignments Course link. The due date for the OB Project - Part 2 is posted in the Course Schedule. The required file format for the paper is a .doc or .docx file. This assignment will be run through VeriCite. **No late submissions are accepted.**

Evaluation of Work

A: Performance is excellent and stands out due to sharp insight into material and discussion of many sides of an issue. Submitted work is well articulated and logically and clearly written. "A" work indicates an example for others to follow.

B: Performance is above the minimum requirements with an insight into the material at a level considered to be good to very good. Submitted work is of high quality. A "B" is considered a high grade and recognition for solid work.

C: Performance satisfies only the minimum requirements and displays little or no initiative. Insight into the material is satisfactory and an acceptable understanding of all basic concepts was communicated. A student receiving a “C” has met the requirements, including course deadlines.

D: Quality and quantity of work is below average and barely acceptable. “D” work is passing by a slim margin.

F: Quality and quantity of work is unacceptable and does not warrant a passing of this course.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/departments/compliance/titleix.php>].
