COURSE REQUIREMENTS

All writing submitted to the professor should be a final draft, free of spelling, grammatical, stylistic, and typographical errors. Students are encouraged to allow ample time for writing, keeping in mind the frequency of computer glitches.

Assignments:

Discussion Board Posts- 7 DB Forums. Students will respond to prompts based on either the readings, video, or class discussions. Initial responses should be (250-400 words). Students will then need replay to at least two different classmates with post (100 words each). Specific directions for discussion boards will be posted on Canvas (Assesses Course Learning Outcomes 1)

Discussion Board Rules

This is a space for us to share our idea, engage in dialogues, and learn from each other. Below are criteria for the discussion post, criteria for content of the discussion post, and rules about etiquette.

Criteria for discussion post

The initial post should be at least 250 words. You are required to respond to at least two other initial posts. The responses should be at least 100 words each. The posts are due by 11:59pm on the designated date. Points will be deducted for late posts.

Criteria for content

The content of the discussion board should be your own ideas supported by information from the text, assigned readings, PowerPoints, or other scholarly references you find. Your post should not **entirely** consist of quotes from an outside source, regurgitation of someone else's ideas, or personal stories.

For example:

Big Bird (2012) stated that sexual violence was not an issue in developed countries. I disagree with that statement. I intern at a domestic violence shelter for my practicum and hear about the violence that occurs in this area. Even though Elmo (2013) stated that violence against women is lower in countries that have more liberties for women, violence against women in developed countries is still an epidemic. Since most victims of sexual violence know their perpetrator (Kermit, 2007) and most perpetrators are male (Dora 2013), I believe that we should develop preventative programs in middle and high school about sexual violence.

Discussion Board Etiquette

- Refrain from inappropriate language.
- Review your comments before you post for spelling and grammatical errors and to make sure it's what you really want to say.
- Do not make sexist, racist, homophobic, or victim-blaming comments at all.
- Disagree with ideas, but do not make personal attacks.
- Be open to be challenged or confronted on your ideas or prejudices.
- Challenge others with the intent of facilitating growth. Do not demean or embarrass others.
- A majority of your reply should not be quotes from the initial post.

Paper - This paper is designed to help you think about your theory about romantic relationships and couple's therapy and integrating The Gottman Method into your philosophy. The paper should be between 5-10 pages and in APA format. Upload the paper to Canvas by 11:59pm on the due date. (Addresses Course Learning Outcome 1)

Clinical Role Play-. Students will engage in role plays throughout the semester to practice using key concepts, theories, and techniques related to couples in therapy. (Addresses Course Learning Outcome 2)

Grading Criteria Rubric and Conversion

Discussion Board 3, (5 points each)	15 points	A 90-100 points
Final Paper	50 points	B 80-89 points
Clinical Role Plays 7, (5 points each)	35 points	C 70-79 points
		D 60-69 points
