in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

Learning Evaluation Methods:

Readiness Assessment Tests (RAT) (30%) – Weekly short quizzes (5-10 questions) that are completed individually and are designed to require you to review the material BEFORE we discuss it in class. These may also include material from previous chapters.

Important! If you miss a quiz, you may complete the quiz late and receive a 70 if you complete it in the same week that it was due. After that week is over, it can be a maximum of a 50. You may not take a quiz once you have taken the test over that particular chapter.

Group Review Assessment Tests (GRAT) – Weekly short quizzes (5-10 questions) that are completed with your group to review previous material and preview material to be discussed in that class period. These GRATs will be graded competitively in that the groups with the best performance on the GRAT will receive 10 extra points on their score from that week's RAT quiz. Only group members who are present during the GRAT may receive extra points.

My Growth Project (20%) - In the first week of the semester, you will be signing up to do an app project in which you will instruct the class on a particular topic and suggest a way that the topic can be applied in the outside world. The details of this project will be posted on blackboard.

Exams (40%) – Over the semester, there will be four exams. Each exam will be multiple-choice and administered using a form that will be provided. These exams will stand alone, the final will not be comprehensive.

Attendance (10%) – Although I would prefer to not take attendance, I have found that taking attendance improves the quality of class and your grades. Attendance will be taken by an electronic system at the beginning of class. It is the student's responsibility to ensure that your attendance is counted in the system.

Final course grades will follow the system below:

A = 90%+, **B** = 80.00-89.99%, **C** = 70.00-79.99%, **D** = 62.00-69.99%, **F** = Less than 60%
