Generalist practitioners view clients and client systems from a strength's perspective in order to recognize, support, and build upon the innate capabilities of all human beings. They use a professional problem solving process to engage, assess, broker services, advocate, counsel, educate, and organize with and on behalf of clients and client systems. In addition, generalist practitioners engage in community and organizational development. Finally, generalist practitioners evaluate service outcomes in order to continually improve the provision and quality of services most appropriate to client needs.

University Library.
The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage (https://www.tamuct.edu/departments/compliance/titleix.php).

_Course Assignments:_

1. **Class Engagement (100 pts):** Ms Molina-Moore-Moore has an interactive teaching style and expects every student to be an active participant in class. You will learn from this class if you participate. Remember to ask questions as there is no such thing as a stupid question. Your class participation grade will be determined by both the quality and quantity of your participation in each class. Ms Molina reserves the right to call on students in class if they are not regularly participating in discussions. Being absent from class will result in "O" participation points for that class period. Attending class but not participating will result in "O" points for that class.

2. **Ryan Morgan Case Study (300 pts):** Students will be given a folder which contains information about a juvenile. The information will include his past history, family status and bio-psychosocial information. The student will develop a case plan using the handouts provided, prior class lectures, and a brief film. Students must include safety, education, mental health, reunification plans and major family dynamics. Students must explain why this plan was chosen and demonstrate the ability to implement this plan. This paper can be completed in class but if it is not finished, the student may take it home and complete to turn in the following class day. It must be turned in at the beginning of the next class period.

3. **Systems Analysis Paper (200 pts).** Students will watch the movie "Sling Blade" in class. After the movie is completed they will then evaluate the movie using the generalist practice model. The student will answer and evaluate the following questions:

   a) List at least one ethical dilemma? If you are a social work student, please use the NASW COE to show which code this conflicts with and why. Specific COE numbers must be used. 25 pts
   b) Identify at least one area where the criminal justice, child welfare, education, mental health systems failed two of the four major characters. 75 pts
   c) Using the same characters as in "B", please explain what treatments you would suggest for this person. Explain why you feel this was needed. 50 pts
   d) What policy changes would you propose after seeing this film? 25 pts
   e) Grammar and APA 25 pts

This paper will be written in class using computers in either the testing center or the computer lab during class time. You may use your notes and a dictionary. Grading for
this paper will depend on the content and critical thinking skills applied to the situations and characters. The student is expected to use content from lectures and previous handouts to justify their answers.

4. **Final Exam (100 pts):** The final exam will consist of terms learned throughout this course. The exam format is matching.

5. **On-Line Discussions (Sx 40 pts for 200 pts):** There will be five online discussions that will be completed throughout the semester. This will be on days that the class is not meeting in person. The purpose of these days is to allow the student the opportunity to complete major assignments and research for the assignments. Each online discussion assignment will be worth (50 pts) and will be due at the beginning of class. No late discussions will be accepted. These topics are posted in the syllabus and should be completed on paper rather than in the Canvas system. Topics are listed in the syllabus on page 19. These will be graded on content, critical analysis and grammar.

Ryan Morgan Case Plan

Students will be given a folder that contains all of the needed information to make an informed decision on where Ryan should go to placement from here. This will include all of his prior history, referrals and psychosocial information.

The student will then make a determination from which of the 4 choices you would choose for Ryan. You will need to back up that decision based on your interpretation of the information given on Ryan. Remember to include all previous lectures and handouts that would be necessary to make a well informed and professional opinion. You will write up your suggestions and provide a written explanation of how you came to this decision.

The description of the entire family case plan is attached to the Ryan Morgan file and will be given prior to the assignment.
