Academic Integrity.

Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student's academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion, and the abuse of resource materials. All academic misconduct concerns will be reported to the university's Office of Student Conduct. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

Copying of an answer from a solution manual is plagiarism and will result in a minimum of a zero on the assignment. The purchase of a research report from a service or individual will result in a "F" for the course.

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCOnline](#) at [<https://tamuct.mywconline.com/>]. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help!

If you have any questions about the University Writing Center, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available twenty-four hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our [Library website](https://tamuct.libguides.com/) [https://tamuct.libguides.com/].

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

Instructor policies related to absence, grading, etc.

Interaction with other students is an important part of learning. You should make an effort to participate in Discussion Board activities and Chat Rooms where appropriate.

I do not accept late submissions or submissions that do not follow assignment instructions.

Exams and quizzes will be posted for a time period that should be sufficient for you to have access regardless of your work or duty schedule. Our version of Canvas sometimes refuses to accept SUBMIT attempts. When that happens you must have time to wait and then SUBMIT at a later time. DO NOT WAIT until the end of the availability period before taking a quiz, exam or completion of an assignment. One professor reported that "if you are using a wireless connection and another person logs on to your router using a hard wired connection, you will be knocked off Canvas" I have no personal experience with that situation; however, you may not

use as an excuse that you got knocked off the system. You **MUST** start your exam/assignment early enough that you can complete the work regardless of what happens.

The operation of the Online Course and Being an Online Student Online learning requires students to be very self-disciplined, be sure you understand and are prepared to comply with all required class assignments and deadlines. Each assignment and/or quiz has a **SPECIFIC** due date and time. These may vary from assignment to assignment. Do not wait until the last few minutes to **SUBMIT** an assignment. When the time expires, you will not be able to submit your work. If the Assignment Due time is 23:59 and you wait until 23:58 to **SUBMIT** your work and you have internet problems, you **MAY NOT** send me your work as an e-mail attachment. I will not accept late submissions.

Instructor's Personal Statement

I think that this is an important course for accounting majors. You will need this information regardless of your career path. Unless otherwise stated, I expect you to work independently. Please do not share your work or answers with other students. It is acceptable for you to discuss the question and possible answers, but you must develop your own response before submitting an answer.
