HELP WITH QUIZZ OR EXAM ANSWERS

If you encounter a problem which you cannot get the correct answer to, or you cannot determine the correct answer on a quiz or exam, I will be glad to help you understand the problem.

Send me, via course Message, the exam or quiz number, the number of the problem you are having trouble with, the reason you chose the incorrect answer along with a reference to the page number in the text or the example you utilized in arriving at your answer. I will then be able to explain the error in your logic. The preceding method will also require you to understand why you chose the answer.

Accounting requires that you understand the material in each chapter as the material learned in each chapter may be necessary to understand succeeding chapters.

Graduate learning requires students to be very self-disciplined. Be sure you understand and are prepared to comply with all required class assignments and deadlines. For this course, the Weekly Assignment are posted in the syllabus and on Canvas with due dates controlled by the submission dates on Canvas. If there is a conflict in due dates, which I try to avoid, the Canvas date controls. Notice that the Canvas submission time is 11:59 pm and that you may not be able to make a submission, other than late submissions. Submissions are to be made on Canvas in the associated Assignment drop box, contained in the WEEK due. Late submissions, if allowed, will carry a 25% per day penalty.

**Required Reading and Textbook(s):**

**COURSE REQUIREMENTS**

Course Requirements:

4.0 **Course Requirements:**

Participation is essential to enhancing each student’s awareness about the subject area and developing their knowledge base. You must participate in each class, turn in all assignments on time and complete all exams on time.

4.2 **Exams and Quizzes:**

All exams and quizzes are available from the beginning of the course. If you work on weekends to catch up, please plan ahead and work the previous weekend to accomplish your assignments.

4.21. **Quizzes and Exams** will cover each chapter starting with Chapter 1 in WEEK 1.

All Quizzes and Exams, except Exam 8, which is due on Thursday, are due on Sunday by 11:55 PM. The Quizzes and Exams will be open until Sunday. If you wait until the weekend the exam is due and encounter a problem there will be no resets until MONDAY and a late penalty will apply.

You are on your honor to not receive help from or assist others during the exam period. Do not discuss the exam questions or answers and do not attempt to clarify the exam for others as this is also cheating.

You can take each quiz 3 times with the highest grade being recorded.

Each quiz will have different questions to better cover the chapters for your learning.
You should read the chapter, review and understand the examples, and be able to work the problems.

The quiz time will allow you to work the questions and around 5 minutes to look up an answer or two which you do not understand.

The exams are open book but will require you to understand the information in the chapters before attempting the exam. The time allowed assumes that you have read the chapters, accomplished all of the quiz attempts and have studied for the exam sufficiently to be well prepared. If you understand the chapter contents you should be able to finish the exam 5-10 minutes before the exam expiration time which will allow you time to look up a question or 2. Do not plan to look up every question as you do not have enough time to look them up and then answer the questions.

If you do not understand why your answer to a quiz or exam question is marked wrong:

Please send me your answer and the reason you chose the answer that you chose. Provide the quiz or exam number and the question number. Cite the example or page number that you used in the book to support you answer. This will allow me to evaluate your answer and your reasoning and either count your answer as correct or help you in your understanding of the chapter to assist you in finding the correct answer.

You are on your honor to not receive help from or assist others on a quiz or exam. Do not discuss the exam questions or answers and do not attempt to clarify the exam for others as this is also cheating.

4.3 Research Paper – (220 points)
(Subject 5 points, Outline 5 points, Marked up paper 5 points, PDF files 5 points, Paper 200 points)
The research paper must be at least 8 pages long. To be safe you should write at least 8 and one-half pages.
The research paper must be prepared utilizing APA guidelines.

The purpose of the research paper is to prepare you for research and writing projects you will encounter in your business career. The research paper is also utilized for SACS accreditation purposes.
Prepare a research paper titled:

*Impact of Point-of-Sale-Systems (POS) in Traditional and Fast Food Restaurants.*

Find authoritative articles to support your writing and address each of the following at a minimum:

1. Cost of Food.
2. Proper Inventory Control and the impact on Spoilage.

Research Paper Steps And Requirements
For Graduate Classes

Most future job promotions after graduation are predicated and determined by your mastery of communication skills required in industry. A frequent comment concerning college graduates, during my teaching career, have been concerning their lack of effective communication skills.

This paper is intended to help you develop and achieve the writing skills to ensure your future success.

Many of you have never been required to write a proper research paper, utilizing good research guidelines and the usage of accepted, professional English language in your writing. This is the reason writing a research paper is required to build your writing, research, and communication skills.

Refer to Purdue Owl or another good research and writing text to help you learn how to research and write a research paper.

The steps listed below are required, in sequence, for this paper. You are encouraged to turn in each step early so that you can make corrections, if necessary. None of the steps can be skipped. Succeeding steps, if a predecessor step is skipped, will not be graded, and may incur a late penalty if any step is turned in late due to a failure to complete a preceding step.
Grading the paper, and each of the steps, requires much additional time on my part and this effort is intended to help you with your success. I read your sources to ensure that the paraphrasing and use of quotations are correct and accurate. Your future employers will check your work and your lack of factual detail properly presented, or less than professional writing may cause you to encounter severe consequences in your employment and job progression.

While all the steps, except the research paper itself, have low point values, the impact of failing to submit a step will result in a grade of zero (0) on the ensuing steps. Submission of every step is a requirement.

Due Dates for every step are in Canvas.

**Step 1  Research Paper Subject (RPS) (5 points) (Required submission)**

The research paper subject or title, followed by an annotated bibliography of five (5) sources you have selected to use in your paper. Refer to Purdue Owl for guidelines on an annotated bibliography. The sources must support your subject. As your writing and research continues you can add or eliminate articles to ensure that you cover your subject properly.

**Step 2  Research Paper Outline (RPO). (5 points) (Required submission)**

You must prepare and submit an outline of your approved research paper topic. You must include, under the proper outline heading, at least ten annotated bibliographies of sources you intend to use and which will support your subject.

**Step 3 Marked-Up Research Paper (MURP) (10 points) (Required submission)**

It is required that you submit your completed paper, including the 10 sources required for your final paper, to the “online tutor” to mark up and correct your paper. The tutor will alert you to various errors and teach you correct grammar, sentence structure, and form needed for the paper.

It is best to sign in to “online tutor” and then submit your paper to the tutor who is helping you.
Once you correct your paper it is in your best interest to submit it again to ensure that your corrections are accurate and that something missed on the first session may be found.

While the tutor will offer assistance, it is definitely up to you to submit a paper which adheres to all guidelines and is well written.

Many people, including me, find it very helpful to have someone read your final paper and point out the errors and unclear or misleading sentences.

“**Tutoring.** Tutoring is available to all TAMUCT students, both on-campus and online.

The University Writing Center is a valuable asset for assistance in all steps of the research process.

**A comment from a recent student on the use of online tutor is:** “I’ve seen people complain that tutor.com has a character limit, I have never had this issue, I go to the site, click writing and live review, get connected to a tutor then I upload my paper and everything works.”

**Step 4 Research Paper Article (RPA) (5) (Required submission)**

You must use PDF format to submit each article utilized in your paper.

Each individual file must be identified in the same format used for the first article citation in your paper.

For example if your first cited file is (Adams, Jones, Smith, p. 321) the PDF will be identified as Adams, Jones, Smith.

Arrange your files alphabetically.

If you do not submit your properly identified PDFs on time as required, or the files are improperly identified, you will incur a 25 point penalty. Your paper will not be graded until all your PDFS are submitted.

**Step 5 Research Paper (RP) (200 points) (Required submission)**

Submit your paper as a Word document.
Research Paper – GUIDELINES
1. Closely read and ensure that you understand the following requirements for a successful research paper.

2. The paper must be at least 8 full pages in length and contain citations to 10 different sources used in the paper. It is better to write a minimum of 8 ½ pages to ensure you are not short. One line short of 8 full pages is a short paper and will result in a penalty for a short paper. Please try to cover your subject in less than 20 pages.

3. Prepare the paper utilizing APA guidelines. The Purdue Owl contains a great overview of research, writing, and APA style guidelines.
https://owl.english.purdue.edu/owl/resource/558/01/

4. A departure from APA guidelines is that I require page numbers be included in paraphrases as well as quote citations. The page numbers are used to find the source of the paraphrase so that the paraphrase can be checked for accuracy.

5. Failure to include specific page numbers in all citations whether direct quotations or paraphrases will result in a 40 point deduction and the paper being returned to you for correction and resubmission.

6. Use a cover page (A separate page) which will not count in paper length.

7. Place the Abstract on a separate page which does not count in paper length.

8. The Running Head must be within the one inch top margin.

9. Use a one paragraph Introduction and Conclusion in your paper. The Introduction and Conclusion are each limited to 10 lines.

10. The paper must be long enough to thoroughly cover the paper topic.

11. Refer to the Purdue Owl for all requirements of a research paper. The Purdue Owl covers the process from the initial research step to the writing of the paper. If you do not understand a requirement or suggestion please contact me or go to the University Writing Center for assistance or refer to online sources.

12. All sources, must be less than 8 years old. The start month of the course is the measuring year.

13. Acceptable sources are refereed journals, professional journals, and professional magazines published by recognized professional associations such as State licensed law and accounting publications,
and other reputable professional publications published in the United States.

14. When utilizing acceptable current periodical publications such as professional journals ensure that you verify the information the article contains. Remember advertising, company publications, magazines, newspapers, and web sources are intended to provide the author’s point of view which may not be authoritative or verifiable and will not count in your total articles and will be counted as filler which will reduce your paper length.

15. All sources must be from United States sources and must contain proper English. Elsevier is a Netherlands publishing company. Wiley also publishes foreign publications. You must research with GOOGLE to find the publisher to ensure that the source is a valid source.

16. Place lengthy quotes over 5 lines, pictures, illustrations, and tables in the appendix and reference them in your paper.

17. Every paragraph, except a one paragraph, 10 line maximum, Introduction, and Conclusion, or 1 line introduction in a paragraph to identify the subject of the paragraph must be identified by citations to the source from which you obtained the information conveyed in your writing. Each paragraph will contain multiple citations.

18. The completed paper must be submitted through Canvas by the due date.

19. The PDF files of sources cited in the paper must be submitted through Canvas on the due date as separate, individual, PDF documents. The sources must be submitted as individual PDF files. NO ZIP FILES.

20. If you submit your sources as one file, or as a word file or a zip file you will be charged a 30 point penalty and you will be required to submit the files correctly before your paper is graded.

21. A 10% per day late penalty for the paper will also apply if you must submit the corrected files after the paper due date.

22. Do not use books, blogs, wiki, encyclopedias, or dictionaries as sources or for citations.

23. Do not cite the Abstract of a publication.

24. Do not use more than one article from any source document.

25. Do not use more than 3 government publications (U.S., State, or Local)

26. Do not use bullet points in writing the paper.
27. Do not use “I”, “we”, “you”, “they”, or other personal pronouns.
28. Do not use “Common Knowledge”. This is a research paper and not an essay. Every paraphrase must contain a citation. You obtained all of your knowledge from some source and are required to cite each source.

Personal knowledge or “common knowledge” is not acceptable in research for this course and will be treated as sources not cited for the determination of plagiarism.

Plagiarism will result in an “F” for the course.

I do read you attached articles and will deduct for inaccurate paraphrasing and erroneous quotations. Ensure that you read and study your article until you understand what the author is trying to convey before using the information from the article.

If you turn in a paper which is less than the required number of pages, contains less than the required number of citations, or is not properly cited, it will receive a fifty percent (50%) minimum penalty. If the articles are not submitted the paper will not be graded.

If you do not cite an article do not use it in your references.

Conduct your research and writing in accordance with a good research and writing source such as Purdue Owl, Keys for Writers by Raimes, or another good text.

A good online source for writing a research paper can be found at:
https://owl.english.purdue.edu/owl/resource/558/01/

Failure to include specific page numbers in all citations whether direct quotations or paraphrases will result in a 25 per cent deduction and the paper being returned to you for correction and resubmission. If the source does not have page numbers you must supply the page numbers for citations.

If you turn in a paper which is less than the required number of pages, contains less than the required number of citations, or is not properly cited, it will receive a fifty percent (50%) minimum penalty. If the articles are not submitted the paper will not be graded.

If you do not cite an article do not use it in your references.
**GRADING**

Erroneous citations, paraphrasing, or source documents not attached will result in a 10 point per occurrence deduction.

4.4 Discussion Topics – 10% (12.5 points per topic. Outstanding posts, in excess of the minimum 5 may earn up to 5 additional points per topic.)
Discussion topics are intended to help your communication and writing skills which will be an integral part of your professional career. Well prepared posts will also help you and your classmates in the understanding of the course material.

**Your first post is due by Tuesday each week.** Waiting until the Friday deadline to finish your responses to your classmates posts DOES NOT ALLOW THEM TO BENEFIT FROM YOUR POSTS. Ensure that you post your initial response by Tuesday to allow others to review your posting and comment. Not Posting your initial discussion topic post after Tuesday will result in a 25% penalty and will not allow you to earn extra points. Posting all responses in one brief visit to the discussion board will result in a 50% penalty. Remember that Discussions are an ongoing process and if you do not hold up your side of the Discussion you are harming your Classmate’s ability to participate.

Discussion topics will be posted for each week. You must participate in each discussion. Minimum participation, for a 70% credit, requires posting 1 original response, reading all posts by other class members, and responding to 3 class member’s responses with a comment or question. At least 5 quality responses are necessary for 100 %. (Refer to response criteria below) Additional quality responses will be rewarded with additional credit( A maximum of 5 points). Well researched, thoughtful, discussion original responses and responses to other class member posts will receive positive credit. Random, not on topic responses will receive negative marks. To get the most learning from this course, you must actively participate in the online class experience. Participation means actively participating in the course discussions. Each discussion question will have its own threaded discussion space. You are expected to offer responses to these questions and/or comments on your classmates’ responses. I will monitor the quantity and quality of your responses. Participation accounts for 10% of your grade. If the quality of your postings is not sufficient, the points will not be earned. You are expected to contribute to the class discussions in meaningful ways. That means:
Contributing new and relevant information to the course discussion and online sources;
Commenting in a positive manner;
Building on the remarks of your fellow students;
Posing questions of your fellow students; and sharing quotes, websites, and other supplementary information.
Demonstrating practical application of the week’s key concepts from your professional/personal experience.
“Substantive” does not include “I agree,” “Great point” or “You’re wonderful” type postings. These types of postings are examples of positive “teaming” and are fine but not by themselves. They do not add depth or breadth to the discussion.

A “substantive” posting should include:
Your thesis (main point)
Your supporting arguments
A reference to class or outside material to support your thesis
Provide an example or reference to support your thesis.

If you discover that you need to drop this class, you must complete a Drop Request Form [https://www.tamuct.edu/registrar/docs/Drop_Request_Form.pdf].

Professors cannot drop students; this is always the responsibility of the student. The Registrar’s Office will provide a deadline on the Academic Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar’s Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar’s Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

**University Writing Center:** Located in 416 Warrior Hall, the University Writing Center (UWC) at Texas A&M University-Central Texas is a free workspace open to all TAMUCT students from 10am-4pm Monday-Thursday during the summer with online hours available Monday-Thursday from 6:00-9:00pm. Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WCOnline at [https://tamuct.mywconline.com/](https://tamuct.mywconline.com/). By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help!

University Library.
The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. OPTIONAL POLICY STATEMENTS:
A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].
