I communicate with the class using Canvas *Announcements*, so please make sure you enable notifications for announcements. For the most part, I allow students to work at their own pace, but there are some deadlines that must be met throughout the semester. You will find due dates under the *Calendar* or in the assignment tab.

COURSE ORGANIZATION

Calendar. You can see when items are due in the assignment link or by accessing the course calendar. For a tutorial on accessing the calendar, visit <https://community.canvaslms.com/docs/DOC-10693-4212717347>.

Course Interaction. We may communicate privately through the course messaging feature. I will communicate with the class as a whole using *Announcements*. COURSE REQUIREMENTS, ASSIGNMENT DESCRIPTIONS, AND GRADING

Course Requirements. Final grades are based on how well students do on assignments and exams. Students should complete assignments in a timely manner and contact me for explanation or clarification of the material. Do not wait until the day assignments are due to work on them.

Description and Value of Assignments. The purpose of these assignments is to demonstrate an understanding of research methods. When completing assignments, be sure to stay on track. That is, focus on how the assignment helps you understand the research process better. Use the book to guide you and the supplemental information provided to help you work through the assignments.

This is a writing intensive class, which means 60% or more of your grade is based on written assignments. Writing is important and significantly affects scores. I will refer students to a writing tutor for additional help when necessary. TAMUCT offers free on-campus and online

writing assistance through the writing center. Students also have free access to writing tutors through Tutor.com. Students can access Tutor.com directly from Canvas.

Application Exercises (60%) Each assignment is worth up to 10 points and there are 10 exercises to complete. The sum of your scores is 60% of your grade. Application exercises are completed throughout the semester. These written assignments require students to seek out information on their own and complete research exercises. *Read the instructions carefully. Each exercise has different requirements and additional resources to use. This course uses APA (American Psychological Association) style which is most commonly used to cite sources within the social sciences. To learn more visit <https://owl.english.purdue.edu/owl/resource/560/01/>.*

Exams 1, 2, 3 (40%) Exams assess a student's level of understanding of all course material, including videos and additional readings. The average of the 3 scores makes up 40% of the final grade. It is necessary to visit all links to videos and articles embedded in the PowerPoints and assignments. Videos and additional readings expand on the material, present it in a unique way, and/or help clarify the material, so always assume they are there for a reason. The format is multiple choice, fill in the blank, true/false, and matching. Exams are timed and once an exam is started it may not be stopped and resumed later. Exams provide limited feedback, for more detailed feedback contact me. Please provide the specific exam question in the message.

Plagiarism. All assignments are run through *VeriCite*, Canvas' anti-plagiarism check software. Plagiarism is a form of academic dishonesty. **Plagiarism, most simply defined, is not properly crediting sources of information through the use of textual citations and the provision of a works cited list. If something is not your own original idea, thought, words, or the product of your original data collection and analysis, you must cite your source in the text.** For this course, simply follow this rule, *if you read it cite it*. Students who plagiarize will receive a 0 for the assignment and may be referred to the Office of Student Conduct. To learn more about plagiarism, please visit <https://owl.english.purdue.edu/owl/resource/589/02/>.

Attendance and Missed Material or Assignments. It is the student's responsibility to plan ahead for any days they will miss. Hardships are unavoidable and I will do my best to accommodate, however, it is up to the student to realistically determine if they should continue in the course.

Students are responsible for keeping up with the reading, assignments, and additional information provided during the semester. All materials are posted on Canvas at the beginning of the semester. *Canvas Student* is a smartphone app you can also use to keep up assignments even if you do not have access to a computer <https://community.canvaslms.com/docs/DOC-10567-4212717947>. If any links or materials are inaccessible, contact me immediately.

Grading Criteria Rubric and Conversion. Refer to the assignment descriptions to see what % of the final grade they represent. *A C grade is average, to earn an overall grade higher than a C you must consistently produce high quality and outstanding work.* Here is a link to a calculator

that allows students to manipulate their scores to calculate their final course grade
<https://www.rapidtables.com/calc/grade/grade-calculator.html>.

90-100 A: Outstanding work and mastery of material

80-89 B: High quality work and good understanding of the material

70-79 C: Satisfactory work and basic understanding of the material

60-69 D: Minimally acceptable performance/little to no understanding of the material.

<59 F: Poor performance and does not understand basic elements of course

The University Writing Center. Located in 416 Warrior Hall, the University Writing Center (UWC) at Texas A&M University – Central Texas is a free workspace open to all TAMUCT students from 10am-4pm Monday-Thursday during the Summer semester (June 5, 2017 to July 27, 2017). Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available). Tutors are prepared to help writers of all levels and abilities at any stage of the writing process.

While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help!

If you have any questions about the University Writing Center, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.
