COURSE GOALS AND METHODS

This course will cover the various types of treatment provided in corrections. Students will learn about treatment practices and programs used in correctional institutions and community corrections, with an emphasis on evidence-based treatment. This course will also include an examination of the research on the effectiveness these treatment programs and their use in corrections.

By the end of the course, students will be able to:

1. Understand the role of treatment in institutions and community corrections.
2. Understand the theoretical (or atheoretical) basis for various treatment programs and practices.
3. Learn what evidence-based treatment is in corrections, and which programs and practices are considered to be "evidence-based."
4. Learn the various criteria used to assess whether a program or practice is evidence-based.
5. Learn the various repositories available for locating evidence-based programs and practices.

REQUIRED TEXT

Additional readings will be provided on Canvas.

RECOMMENDED READING

**COURSE POLICIES**

**Respect**

This course will be fully online and students are encouraged to participate. All students learn in a variety of ways and at varying paces. I expect everyone to be treated with respect and help cultivate an environment in which students feel free to ask and answer questions respectfully.

**Netiquette**

All students must abide by the following core rules of netiquette (excerpted from Shea, 1994) for the duration of the course on discussion boards and email.

Rule 1: Remember the human - Do unto others as you’d have others do unto you. Imagine how you’d feel if you were in the other person’s shoes. Stand up for yourself, but try not to hurt people’s feelings.

Rule 2: Adhere to the same standards of behavior online - Standards of behavior may be different in some areas of cyberspace, but they are not lower than in real life.

Rule 3: Know where you are in cyberspace - When you enter a domain of cyberspace that’s new to you, take a look around. Spend a while listening to the chat or reading the archives. Get a sense of how the people who are already there act. Then go ahead and participate.

Rule 4: Respect other people’s time and bandwidth - …don’t expect instant responses to all your questions, and don’t assume that all readers will agree with -- or care about -- your passionate arguments.

Rule 5: Make yourself look good online - As in the world at large, most people who communicate online just want to be liked. Networks -- particularly discussion groups -- let you reach out to people you’d otherwise never meet.

---

And none of them can see you. You won’t be judged by the color of your skin, eyes, or hair, your weight, your age, or your clothing.

Rule 6: Share expert knowledge - Don’t be afraid to share what you know.

Rule 7: Help keep flame wars under control - ...Netiquette does forbid the perpetuation of flame wars -- series of angry letters, most of them from two or three people directed toward each other, that can dominate the tone and destroy the camaraderie of a discussion group. It’s unfair to the other members of the group.

Rule 8: Respect other people’s privacy

Rule 9: Don’t abuse your power - Some people in cyberspace have more power than others...Knowing more than others, or having more power than they do, does not give you the right to take advantage of them.

Rule 10: Be forgiving of other people’s mistakes - ...when someone makes a mistake -- whether it’s a spelling error or a spelling flame, a stupid question or an unnecessarily long answer -- be kind about it. If it’s a minor error, you may not need to say anything. Even if you feel strongly about it, think twice before reacting. Having good manners yourself doesn’t give you license to correct everyone else. If you do decide to inform someone of a mistake, point it out politely, and preferably by private email rather than in public. Give people the benefit of the doubt; assume they just don’t know any better. And never be arrogant or self-righteous about it. Just as it’s a law of nature that spelling flames always contain spelling errors, notes pointing out Netiquette violations are often examples of poor Netiquette.

Academic Integrity

Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student’s academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student’s work,
collusion, and the abuse of resource materials. All academic misconduct concerns will be reported to the university's Office of Student Conduct. Ignorance of the university's standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

For more information, please see:

https://www.tamuct.edu/departments/studentconduct/academicintegrity.php

Violations in academic integrity will result in score of zero on the assignment for which it is suspected. Any suspected violations of academic integrity will be reported to TAMUCT’s Office of Student Conduct:

Failure to do so may result in more difficulty understanding course content and a lower grade.

**COURSE REQUIREMENTS**

**Reading Assignments**

The reading assignments are taken from the required textbook and other resources uploaded to Canvas. It is important to have the textbook when the course begins so you can keep up with the assigned readings. I recommend that you purchase the book as soon as possible so you are adequately prepared for the course. Reading assignments should be completed by the date listed on the Course Schedule. But I suggest that you reread the chapters as well.

Complete guidelines for the reflection questions may be found under Modules/Reflection Questions/Reflection Question Guidelines. Make sure you provide support for your answer using the assigned reading. You may also include other peer reviewed journal articles. Do not include examples, hypothetical scenarios, analogies, or anecdotes/personal experience in your answer unless instructed to do so. In addition to content, you will be graded on writing mechanics and quality. Reflection questions must be written at a master's level. Approximate grading will be as follows:

You may not use the same topic as another student. Final paper topics must be submitted for approval via Canvas by 07/22 at 11:59p (Modules/Final Paper/Final Paper Topic submission). In this paper, students will review prior research on their chosen method in order to present the empirical evidence (or lack thereof) for the program or practice in either institutional or community corrections, as well as discuss what should still be researched. DROP POLICY

If you discover that you need to drop this class, you must complete a Drop Request Form (https://www.tamuct.edu/registrar/docs/Drop_Request_Form.pdf).

Professors cannot drop students; this is always the responsibility of the student. The Registrar’s Office will provide a deadline on the Academic Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar’s Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar’s Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

TUTORING

Tutoring is available to all A&M-Central Texas students, both on-campus and online. Subjects tutored on campus include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors are available at the Tutoring Center in Warrior Hall, Suite 111.

If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, or have any other question, contact Academic Support Programs at (254) 519-5796, or by emailing Dr. DeEadra Albert-Green at deeadra.albertgreen@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject from on your computer! Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log in and
receive FREE online tutoring and writing support. This tool provides tutoring in over 40 subject areas. Access Tutor.com through Canvas.

THE UNIVERSITY WRITING CENTER

Located in 416 Warrior Hall, the University Writing Center (UWC) at Texas A&M University-Central Texas is a free workspace open to all TAMUCT students from 10am-4pm Monday-Thursday during the summer with online hours available Monday-Thursday from 6:00-9:00pm. Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WCONline at (https://tamuct.mywconline.com/). In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu to schedule an online tutoring session. Tutors are prepared to help writers of all levels and abilities at any stage of the writing process.

While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help!

If you have any questions about the University Writing Center, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

UNIVERSITY LIBRARY

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.
Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our Library website (http://tamuct.libguides.com/index).

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage (https://www.tamuct.edu/departments/compliance/titleix.php).
