COURSE REQUIREMENTS

Chapter Quizzes 20pts each= 140 points total

Quizzes cover two chapters a week and are worth 20 points each. Each quiz may be taken only once. The quizzes will cover terms, concepts, procedures, and principles from the textbook. **Quizzes are to be completed by midnight every Saturday.** Since the quizzes are all available from the beginning of class, no adjustments will be made if a quiz is missed. The quiz will close out at midnight and not be accessible to the student. Quizzes are graded automatically and will post to the gradebook immediately. Be aware that some questions will need to be graded by me manually and that points will be adjusted as needed.

Discussion Posts 20pts each= 140 points total

Discussion posts will focus on applying the concepts from the textbook to determine what the student's strengths and weaknesses. **Discussion posts are to be completed by midnight every Saturday.** Published posts cannot be viewed until after their own post is made. Students must critique fellow student posts. The concepts in behavior analysis can be a challenge to understand, so if a student has an example

of a concept another student is struggling with, please post! I have not set a word limit, but I will if the posts are short and fall short of the writing expectations from that of a college attending adult.

Discussion posts will be graded as follows:

5 points	Grammar, spelling, sentence structure (you're in college, write like it)
5 points	Respectful engagement with another post
10 Points	Covers the topic of the week thoroughly (i.e. defined well, examples provided, etc)

ABA Final Paper 100pts

You will choose a topic from the textbook and write a paper no more than 3 pages long. The paper must have the following components (all in APA format):

25 points: Cover page, Body, 3 references minimum (at least 2 peer reviewed references and your textbook), Double spaced, Times New Roman, 12pt font, Page numbers, Headers

75 points: The topic you choose must be covered in following:

- Why you chose that topic
- Define what it is, pros/cons
- Provide the perspective society may have formed about that topic, if applicable, and why that is (for example positive and negative reinforcement are viewed as "good and bad" behaviors; punishment is viewed as "bad")
- Provide examples of how it utilized in today's world
- Provide examples of how you could use it in your life

Points will be deducted in increments of 0.5-1.0 for APA errors, grammatical errors, etc. Make sure to visit the Writing Center if you need help. You may visit in person or online. You are also allowed to use the Tutoring Center as well (both are in Warrior Hall). The paper will be submitted through a plagiarism site, so don't do it. Cite everything that you use from a source. Any paper that comes back with a percent higher than 30% will be examined thoroughly. If your paper is cited and the site flags it, I will not count that against you. YOU MAY TURN IT IN EARLY FOR FEEDBACK.

Grading Criteria Rubric and Conversion

See above.

University Writing Center.

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WCOonline. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].
