(Subject 20 points, Outline 20 points, Marked up paper 10 points, PDF files 5 points, Paper 200 points)

The research paper is a course requirement. Failure to complete all steps in the Research Paper Process and turning in an acceptable paper will result in an additional penalty of 50 points and a maximum grade of D for the course.

The research paper must be prepared utilizing APA guidelines.

The purpose of the research paper is to prepare you for research and writing projects you will encounter in your business career. The research paper is also a graded assignment for SOCS accreditation purposes.

Research Paper Steps and Requirements

Most future job promotions will be greatly influenced by your mastery of communication skills.
This paper is intended to help you develop and achieve the writing skills necessary to ensure your future success.

The steps listed below are required for this paper.

**No required steps can be skipped.**

**Succeeding steps, if a predecessor step is skipped, will not be graded until the predecessor step is turned in and graded.**

**Any step turned in late will require at least 3 days to be graded.**

**Any delay in grading a succeeding step, including the research paper itself, caused by a late submission will incur the assessment of a late penalty of 50% per day.**

I read your sources to ensure that the paraphrasing and use of quotations are correct and accurate. Your future employers will check your work and your lack of factual detail properly presented, or less than professional writing may cause you to encounter severe consequences in your employment and job progression.

**Due Dates for every step are in the syllabus and on Canvas.**

**Paper Requirements**

The minimum paper length is 7 full pages and must cite at least 9 articles.

The paper must be completely up to date and cover the topic thoroughly. Please limit your paper to 15 pages, but this limit can be exceeded if necessary to cover your topic.

The following 3 steps are required to be completed by their due dates.
Submitting late will result in a 50% per day late penalty.

If a step is returned for any reason a 50% penalty will be assessed.

**Step 1 Research Paper Subject (RPS) (20 points) (Required submission)**

The research paper subject or title, followed by annotated bibliographies for five (5) sources you have selected to use in your paper.

Each source article must be greater than 2 full pages in length.

The annotated bibliography must thoroughly cover the information in the article. If I cannot determine the applicability of your article, as presented in the annotated bibliography, I will return your submission.

The sources must support your subject. As your writing and research continues you can add or eliminate articles to ensure that you cover your subject properly.

**Step 2 Research Paper Outline (RPO). (20 points) (Required submission)**

You must prepare and submit an outline of your approved research paper topic.

You must include, under the proper outline heading, the annotated bibliographies of sources which support the outline heading and your paper topic.

**Step 3 Marked-Up Completed Research Paper (MURP) (10 points) (Required submission). If the paper is not completed the MURP will be returned.**

It is required that you submit your completed paper to the “online tutor”, at tutor.com, provided by the university to mark up and correct your paper.
Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log in and receive FREE online tutoring and writing support. This tool provides tutoring in over 40 subject areas.

Access Tutor.com through Canvas.

The tutor will alert you to various errors and help you correct grammar, sentence structure, and format in your paper.

Once you correct your paper it is in your best interest to submit it again to another tutor to ensure that your corrections are accurate and something missed on the first session may be found and corrected.

While the tutor will offer you assistance, it is your responsibility to submit a paper which adheres to all guidelines and is well written.

If you have research, writing, grammar, or other deficiencies you should utilize other support sources as well as the online tutor.

The University Writing Center is an excellent source of help and will meet with you often to help you. You should start visiting and utilizing the University Writing Center as soon as you have a subject. They can also help you in selecting a topic and help you research the topic.

Remember:

“Enough time” and effort must be devoted to any project to achieve your desired results.

“A Lot of Time” is anything less than enough.

Refer to TECHNOLOGY REQUIREMENTS AND SUPPORT in your syllabus for all university provided services including ADA and tutoring services

Step 4 Research Paper Articles (RPA) (5) (Required submission)
You must use the PDF format to submit each article utilized in your paper. Each individual file must be identified in the same format used for the first article citation in your paper.
For example if your first cited file is (Adams, Jones, Smith, p. 321) the PDF will be identified as Adams, Jones, Smith. Arrange your files alphabetically.

If you do not submit your properly identified PDFs on time as required, or the files are improperly identified, you will incur a 20 point penalty on your paper and a late penalty if warranted. Your paper will not be graded until all your PDFS are submitted.

Step 5 Research Paper (RP) (200 points)

A Research Paper is a required submission for this course.

Submit your paper as a Word document. Submission in a format other than Word will incur a 25 point penalty and return of the paper to be resubmitted in Word format.

Research Paper – GUIDELINES

1. Closely read and ensure that you understand the following requirements for a successful research paper.
2. Prepare the paper utilizing APA guidelines. The Purdue Owl contains a great overview of research, writing, and APA style guidelines.
   https://owl.english.purdue.edu/owl/resource/558/01/
3. A departure from APA guidelines is that I require page numbers be included in paraphrases as well as quoted citations. The page numbers are used to find the source of the paraphrase so that the paraphrase can be checked for accuracy.
4. Failure to include specific page numbers in all citations whether direct quotations or paraphrases will result in a 40 point deduction and the paper being returned to you for correction and resubmission.
5. Use a cover page (A separate page) which will not count in paper length.
6. Place the Abstract on a separate page which does not count in paper length.
7. Use a one paragraph, properly identified, Introduction and Conclusion in your paper. The Introduction and Conclusion are each limited to 10 lines.
8. Do not use a template for any part of the paper. A template will cause errors in APA citations, erroneous spacing in headings and will prevent
proper markup of your paper. Using a template will result in a 40 point deduction and return of the paper to have the template removed.

9. All sources, except for Court cases must be less than 10 years old. If an article is not current, regardless of date, the information will be considered as filler, incur a 10 point penalty and the paper length will be reduced by the filler length.

10. Acceptable sources are: Court Cases which have not been superseded, Government publications, other than press releases, refereed journals, professional journals, and professional magazines published by recognized professional associations such as State and national licensed law and accounting publications, and other reputable professional publications published in the United States.

11. **All sources must be published in the United States.** Elsevier, Emerald and other publishers, primarily located in the United States, are foreign. Wiley also publishes foreign publications. You must research to find the publisher to ensure that the source is a valid source. Unapproved sources will result in a 10 point penalty each.

12. Place lengthy quotes over 5 lines, pictures, illustrations, and tables in the appendix and reference them in your paper.

13. Every paragraph will contain multiple citations.

14. The PDF files of sources cited in the paper must be submitted through Canvas on the due date as separate, individual, PDF documents. The sources must be submitted as individual PDF files. **NO ZIP FILES.**

15. If you submit your sources as one file, or as a word file or a zip file you will be charged a 30 point penalty and you will be required to submit the files correctly before your paper is graded.

16. A 25% per day late penalty for the paper will also apply if you must submit the corrected files after the paper due date.

17. Do not use books, blogs, periodicals, wiki, encyclopedias, or dictionaries as sources or for citations.

18. Do not cite the Abstract of a publication.

19. Do not use more than one article from any source document of the same date.

20. Do not use bullet points in writing the paper.

21. Do not use “I”, “we”, “you”, “they”, or other personal pronouns.

22. Do not use “Common Knowledge”. This is a research paper and not an essay. Every paraphrase must contain a citation. You obtained all of your knowledge from some source and are required to cite
each source. Personal knowledge or “common knowledge” is not acceptable in research for this course and will be treated as sources not cited for the determination of plagiarism.

Plagiarism will result in an “F” for the course.

I do read you attached articles and will deduct for inaccurate paraphrasing and erroneous quotations. Ensure that you read and study your article until you understand what the author is trying to convey before using the information from the article.

If you turn in a paper which is less than the required number of pages, contains less than the required number of citations, or is not properly cited, it will receive a minimum 100 point penalty and may incur a penalty of up to 250 points.

If the articles are not submitted the paper will not be graded.

The University Writing Center.
Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WCOnline at [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu for any assistance needed with scheduling.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay,
proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

If you have any questions about the UWC, please do not hesitate to contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

**University Library.**

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. **OPTIONAL POLICY STATEMENTS:**

**A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at A&M-Central Texas, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Counseling Services (254-501-5956) located on the second floor of Warrior Hall.

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].
