Course Overview

The purpose of MHCK 5386 is to help students implement counseling skills into counseling practice. Major emphasis is placed on the student's involvement in successful practices at the educational level of interest. Students have met all academic and professional standards of practice before placement. Over the course of their Internship experiences students are required to complete **600 clock hours**, of which at least **240 are direct client contact**. For this semester you will be required to earn a **minimum of 200 clock hours**. Weekly supervision is provided by the on-site supervisor and the faculty supervisor.

Student Learning Outcomes

1. Students will demonstrate appropriate primary counseling skills. This will be assessed via observation of live and recorded client interactions using Part I of the CCS-R and via items in their Portfolios.
2. Students will demonstrate appropriate professional and ethical behavior in their interactions with clients, colleagues, and supervisors. This will be assessed using Part II of the CCS-R and via items in their Portfolios.

****Students are typically held to a higher standard regarding what constitutes *appropriate skills/behaviors* when enrolled in Internship than they were when enrolled in Practicum****

CACREP Standards

CACREP standards can be viewed at <http://www.cacrep.org/wp-content/uploads/2012/10/2016-CACREP-Standards.pdf>. CACREP stipulates that certain standards must be met for accreditation and this course addresses several of those standards. CACREP stresses the importance of professional ethics and values, as well as skills and knowledge in the use of technology, and a commitment to multicultural competence and awareness

PRACTICUM/INTERNSHIP REQUIREMENTS (CACREP, 2016, Section III, A-E)

1. Students must provide documentation of individual professional counseling liability insurance policies when enrolled in practicum and internship (III.A).
2. Supervision of practicum and internship students will include program-appropriate audio/video recordings and/or live supervision of students' interactions with clients (III.B).
3. Formative and summative evaluations of the student's counseling performance and ability to integrate and apply knowledge will be conducted as part of the student's practicum and internship (III.C).
4. Students will have the opportunity to become familiar with a variety of professional activities and resources, including technological resources, during their practicum and internship (III.D).
5. In addition to the development of individual counseling skills, during either the practicum or internship, students must lead or co-lead a counseling or psycho-educational group (III.E).

INTERNSHIP REQUIREMENTS (CACREP, 2016, Section III, J-M)

1. After successful completion of the practicum, students must complete **600 clock hours** of supervised counseling internship in roles and settings with clients relevant to their specialty area (III.J) over the course of a minimum of two semesters. Students may enroll in a third semester of Internship if needed to complete their hours.
2. Internship students must complete a total of **240 clock hours** of direct service (III.K) over the course of a minimum of two semesters. A minimum of 90 direct services hours are required to earn a passing grade in Internship during long semesters (Fall/Spring), and a minimum of 60 direct service hours are required of students enrolled in Internship during the summer.

3. Internship students will have weekly interaction with supervisors that averages **one hour per week** of individual and/or triadic supervision throughout the internship, provided by (1) the site supervisor or (2) counselor education program faculty (III.L). Site supervisors typically provide this individual/triadic supervision, but faculty may be called upon to provide up to 50% of this supervision for students who work at sites that alternate between individual and group supervision.
4. Internship students will participate in an average of **1½ hours per week** of group supervision on a regular schedule throughout the internship. Group supervision must be provided by a counselor education program faculty member.

Course Requirements & Assignments

I. Supervision

Students will meet for a minimum of 1.5 hours/week of group supervision provided by the faculty supervisor (CACREP, 2016, III.M). They will also receive weekly individual/triadic supervision that averages one hour per week throughout the internship (CACREP, 2016, III.L; this is usually performed by the onsite supervisor). At the beginning of the semester you will complete a supervision contract that defines the roles and responsibilities of the faculty supervisor, site supervisor, and student during practicum (CACREP, 2016, III.R).

II. Ethical and Professional Conduct

Internship students must behave in accordance with the ACA Ethical Standards and other standards of accepted professional conduct, including attire appropriate to professional counseling. Special attention is called to standards of confidentiality

III. Insurance

All students must provide proof of professional liability insurance coverage before they will be permitted to see clients. Students are free to obtain this insurance through any insurance company recommended by a counseling association. Professional liability insurance is available through the American Counseling Association. (CACREP, 2016, III.A)

IV. Counseling Recordings

The recording of sessions in the field setting is completed in accordance with the regulations of the internship field site and the Field Site Supervisor. The intern should record (video or audio tape) as many client sessions as possible. The recordings should be used for self-evaluation, peer group presentations, and instructor evaluation of the intern's direct service skills. Students will turn in a minimum of 1 tape for evaluation as assigned by the professor. Permission forms must be signed by the client for taping. (More than 1 tape may be assigned). Each submission must include (A) Tape (audio or video, must be loud enough to hear easily), (B) signed permission form (two forms, one for your professor and one for you), (C) Tape Critique Form. If a site is unable to allow students to create recordings of client interactions, students will make arrangements with their faculty supervisor to record an alternate interaction (e.g., role play with classmate). Recordings must be current (i.e., from interactions that take place during the semester when the student is enrolled in Internship).

V. Transcript of Counseling Session

You will need to transcribe a sufficient portion of a counseling session to demonstrate your use of primary counseling skills and your awareness of essential counseling processes. The transcript should be fully de-identified. In addition to removing/changing the client's name, appropriate de-identification may also require the removal/alteration of other information that could reasonably be used to identify the client (e.g., "The abuse started when I was at Camp Winnetonka"...change to

“The abuse started when I was at camp”). You will need to identify (label) when in the transcript a particular skill is being used. You will use the skills described in the CCS-R (Part I) for this annotation. You will be evaluated on your employment of primary counseling skills as well as your awareness of the presence/absence of skill implementation. If a site is unable to allow students to create recordings of client interactions, students will make arrangements with their faculty supervisor to record an alternate interaction (e.g., role play with classmate). Recordings must be current (i.e., from interactions that take place during the semester when the student is enrolled in Internship).

VI. Article Reviews

Students will complete 2 reviews of empirical articles that report on the examination of the effectiveness/efficacy of a counseling technique/approach during their Practicum/Internship experience. If a student previously received a passing grade for article reviews during Practicum or an earlier Internship, they will not be required to repeat this assignment.

VII. Counseling Philosophy Statement

To encourage you to thoughtfully explore your development as a mental health care professional, you will be asked to submit one essay during the course of the semester. It should be approximately 600-1000 words and it should be typed and double-spaced. The essay should address the following questions: (a) What role do you see yourself playing when working with counseling/therapy clients? (b) What do you believe is the primary mechanism of change for clients in counseling/therapy? and (c) What do you need to improve on most to fulfill your role and promote change? Students may revise and resubmit an earlier version of this assignment if they completed it during Practicum or an earlier Internship.

VIII. Case Conceptualization and Treatment Plan

Students will create a formal case conceptualization and treatment plan using *de-identified* client information. Your supervisor will provide you with a form to guide your completion of this assignment. You will present this conceptualization/plan during group supervision at a time to be determined by your faculty supervisor. Your conceptualization/plan must be completed on a current client (i.e., from interactions that take place during the semester when the student is enrolled in Internship).

IX. Weekly Journal

The purpose of the journal is for students to write a weekly report of their internship activities. In these weekly reports students will:

- (a) highlight the major counseling activities and accomplishments of the week (e.g., started a new process group...),
- (b) provide a self-appraisal of their progress (e.g., became more aware of my tone of voice with clients today...), and
- (c) identify what self-care strategies they have employed (e.g., journaled in my personal diary).

Journal entries should be completed by **11:59pm Sunday night** each week of the semester and will be submitted in Canvas. Although journaling of events in one's personal life and the associated emotions can be an effective self-care strategy, this is NOT the purpose of this particular assignment. These journal entries will be included in the portfolio you submit for review.

X. Hour Log

The purpose of the log is to provide a record of all time spent in practicum/internship activities. The log serves as evidence that the student has met the content and time requirements of the internship. The log is to be signed by the appropriate supervisor and by the student. Logs should be submitted for review/signature on a weekly basis. At the end of the semester, students will complete a summary of all hours earned during the semester. Your site supervisor will sign off on all hours related to work done with/for clients at the site. Your faculty supervisor will sign off on separate hour logs documenting the supervision they provided and other indirect hours relevant to course requirements. Originals should be given to your faculty supervisor; you are advised to keep your own copies.

XI. Technique Presentation

Each student will have made a brief in-class presentation on a therapy technique of their own choosing during Practicum. During internship they should share with their classmates what they have learned about the efficacy/utility of the technique they chose since presenting it in Practicum.

XII. Evaluations

At the end of the semester each student will provide evaluations of their supervisors and of their external sites (if applicable). Students will be provided with formative evaluations at midterm and summative evaluations at the end of the semester (CACREP, 2016, III.C). Originals should be given to your faculty supervisor; you are advised to keep your own copies.

XIII. Portfolio

As part of the evaluation for the semester, students will assemble a portfolio documenting their learning from their involvement in the following activities. Minimally the portfolio should include the following components:

1. Course syllabus
2. Supervision contract

3. ACA Code of Ethics & at least one other Code.
4. Proof of your liability insurance
5. Weekly Journal
6. Counselor/Client Agreement: Copies of forms you use (not with client information on them)
7. Transcript of a counseling session
8. Article Reviews
9. A sample case conceptualization.
10. Outline and description of group counseling that you conducted for a special population or for a special type of problem.
11. Summary of assessments used at your setting.
12. Description of counseling services (brochures, forms, handouts, descriptions of counseling activities, etc.)
13. Listing of referral resources and other community agencies where there is collaboration with counselors in your setting.
14. Description of any presentation or workshop that you planned or attended.
15. Brochures from professional meetings you attended.
16. Statement of your counseling philosophy:
17. Signed log. Log must indicate total hours, Direct and Indirect Hours. Copies of any evaluations you received.
18. Agency administrative structure—decision making processes.
19. Personnel policies related to evaluation.
20. Class Handouts.

NOTE: Do not include any information in your portfolio that could be used to identify a client. You will retain a copy of the portfolio files and they will be refined and added to during your Internship.

At the end of the semester you will submit your portfolio for review to your professor. It will be returned to and will be yours to keep. Note: the original copies of your time logs, summary time log, and evaluations will need to be given to your supervisor to keep at the end of the semester, so you should include copies of these in your portfolio.

Grading

Students will be evaluated on the basis of the following:

1. 30%—Appropriate level of primary counseling skills and competencies as demonstrated in the presentation of taped counseling sessions, report of site supervisor, and other direct evidence of counseling. This will be evaluated using Part I of the Counselor Competencies Scale (CCS).
2. 30%—Appropriate level of professional disposition and behaviors as demonstrated in the supervision sessions, report of site supervisor, and other direct evidence of disposition. This will be evaluated using Part II of the Counselor Competencies Scale (CCS).
3. 40%—Completeness and quality of portfolio.

***Note1: Receiving a score of “1—Harmful” in any category on the CCS-R for your end-of-semester evaluation from a supervisor may result in an additional grade reduction if the supervisor believes you are not ready to advance to Internship.**

***Note2: Passing this course also requires completion of the minimum number of clock hours**

Late work policy

If you turn in an assignment after the due date, you will receive a grade reduction of 10% for each day it's late (with a maximum reduction of 30%). **However, credit will be awarded for assignments turned in more than 7 days past its due date.**

Success in the Clinical Mental Health Counseling Program consists of more than grades. Work habits and attitudes play a major role in the success of any counseling student.
