COURSE INFORMATION

Course Description: Ethical foundations provides an exploration of the ethical principles of counselors and related codes of ethics. This course covers models for ethical decision making and how to apply to counseling practice. Foundations 5350 is a prerequisite for this course.

Course Overview: Although professional counselors need to operate under personal and professional codes of ethics, often these guidelines leave many questions unanswered. No single universally "right" answer exists for most ethical dilemmas. It is critical to be familiarized with the current professional, ethical, and legal issues that confront the counselor's role in a variety of settings. Rather than arrive at one answer, it is important to learn how to think through ethical issues in a systematic manner.

STUDENT LEARNING OUTCOMES:

1. Students will understand professional organizations, including membership benefits, activities, services to members, current issues, as well as licensing and credentialing information for the discipline.
2. Students will learn about ethical decision making for a variety of counseling settings, client populations, and counseling-related situations. Students will demonstrate the ability to apply and adhere to ethical and legal standards.
3. Students will identify a potentially underserved population of potential clients, discuss institutional and social barriers to access, equity, and success, and advocate on behalf of this population through accurate and relevant information dissemination.
4. Students will identify self-care strategies appropriate to the counselor role.

In accordance with CACREP best practices standards for all counselors-in-training development, the following areas will be promoted in this course:

COURSE REQUIREMENTS / METHODS OF EVALUATION EMPLOYED

Ethics in the Discipline Presentation (20 points) – SLO1 and SLO2: [Group project] Groups of 3-4 students will gather information and resources to present on ethical considerations. The presentation will happen in class and should be 45 minutes long. Students are expected to use PowerPoint or another format for visual presentation in class. Each group will focus on a different track in counseling (e.g., clinical mental health, school counseling, marriage and family therapy, substance abuse, career counseling, rehabilitation counseling). Information in the presentation must include but is not limited to the following:

- Relevant history of the counseling profession (relevant to the specific track);
- Organizations in which counselors can join in order to promote professional development, community, and up-to-date knowledge in the field;
- Licensure and credentialing within the counseling discipline;
- Steps for managing ethical concerns with the counseling discipline;
- Multicultural trends for populations within this counseling area;
- Ethics regarding referrals within the counseling discipline; and
- A unique ethical consideration within the counseling discipline (i.e. what may be specifically spelled out for counselors in this discipline that may differ from other counseling disciplines)

Ethical Dilemmas (5 x 5 points each = 25 points) – SLO2: Students will be given various ethical dilemmas across the semester. Students are expected to find within the ethical standards what would be the most appropriate ethical decision to make and support their answer by citing the ethical principle. Students are expected to demonstrate professional knowledge and skill to consider the most appropriate ethical decision and to support that decision. Students are expected to follow APA formatting guidelines and an ethical decision-making model in this assignment. Assignment should be 2-3 pages in length (not including cover page).

Quizzes (5 x 5 points each = 25 points): Students will be responsible for completing 5 quizzes over the semester based on weekly readings in the assigned textbook and in class discussions.

Self-Care Project Part 1 (10 points) and Part 2 (10 points) – SLO4: Students will be asked to consider the value of self-care for competent, best-practice counseling work. Students will complete the Self Care Assessment worksheet and then identify the area in which they score the lowest. Using the outcome data from the self-assessment, students will create a self-care plan using measurable

goals and objectives to implement the plan across the semester (Part 1). At the end of the semester, students will write a 3-4 page paper reflecting on this activity, including their successes and/or challenges in implementing the self-care plan. Students are encouraged to process the personal and professional implications for their self-care (Part 2). This assignment must follow APA formatting.

Advocacy Project (10 points) – SLO3: Students will research an underserved population who may receive counseling services. Students are to consider, “what are the advocacy needs of this population?” Students will conduct a 15-minute presentation in class discussing their advocacy project. Using a brochure, newsletter, or other information dissemination outlet (bring copies to the presentation), students are to advocate for this client population by identifying the following information:

- Presence of this underserved population in the local community;
- Relevant statistics about this client population;
- Institutional or social barriers that may impede access and equity of services for the client population;
- Local agencies or organizations that may have outreach for this client population; and
- Other important information that helping professionals may not have previously known, or places/sites/sources that they can use to receive additional information.

****Alternative Assignment (5 points):** APA formatting is required throughout this course and other courses in the CMHC program. Students can earn 5 points this semester by visiting the **University Writing Center** with a rough draft of a paper and meet with a **UWC** tutor to review APA formatting as well as professional writing techniques. These points can be used in lieu of an ethical dilemma. To receive credit for one ethical dilemma (5 points), the student must email the instructor with the date, time, and name of tutor they met with at the UWC and the rough draft that was reviewed. <https://www.tamuct.edu/coas/coas-special-topics/uwc.html>

University Writing Center

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University-Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCOonline](#). In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].
