911 Cellular: Emergency Warning System for Texas A&M University – Central Texas
911Cellular is an emergency notification service that gives Texas A&M University-Central Texas the ability to communicate health and safety emergency information quickly via email, text message, and social media. All students are automatically enrolled in 911 Cellular through their myCT email account.

Connect at **911Cellular** [<https://portal.publicsafetycloud.net/Texas-AM-Central/alert-management>] to change where you receive your alerts or to opt out. By staying enrolled in 911Cellular, university officials can quickly pass on safety-related information, regardless of your location.

COURSE INFORMATION

Required Textbook: *Crafting & Executing Strategy: The Quest for Competitive Advantage (Concepts and Cases)*, 21th Ed. Authors: A. A. Thompson, M. Petaraf, J. E. Gamble, A. J. Strickland. Publisher: McGraw Hill Education. ISBN 978-1259732782.

Course Overview and Description: This course is the integrating capstone course for the MBA program. The MBA Comprehensive Exam is represented by your combined individual score for the midterm and final examination of this course. We will examine the basic factors affecting the development and execution of business strategy, policy, and organizations as well as, examining the integration of the strategy and policy issues you have studied in the areas of marketing, finance, economics, distribution, and organization theory. The course will apply the analytical techniques of management and business through the use of case studies. How management intends to grow the business, how they will build a loyal clientele and outperform their rivals is the essence of crafting a strategy. The strategic plan must be implemented and executed in a manner that is superior to competitors and allows the firm to sustain a strategic competitive advantage. The strategy case will be an important emphasis of this course.

Course Objective: In this course, students will have the opportunity to learn about the theories, models, and frameworks that constitute the body of knowledge for strategic management. The course will demonstrate how those theories, models, and frameworks are applied in practice. Additionally, the course will provide students with the opportunity for synthesizing the theories, models, frameworks and tools of analysis within the context of a strategy case analysis and a business strategy simulation game.

Student Learning Outcomes: At the conclusion of the course the student should be able to:

- a) Understand what strategy is, why it is important, and how strategy plays a crucial role in determining a company's mission and direction.
- b) Understand the core concepts and analytical tools of the strategic management discipline, including the ability to analyze a company's external and internal environment.
- c) Understand how strategies are crafted, including generic competitive strategies, strategic competitive moves, international competition, and diversification.
- d) Understand how strategy is implemented, through building organizations capable of good strategic execution.
- e) Effectively apply the strategy concepts (stated in learning outcome a, b, c, and d) to a strategy case analysis and a business strategy simulation game, which will allow students to analyze, evaluate, and craft a strategic plan for a company which should lead to a competitive advantage, should attain or strengthen profitability, and should create stakeholder value, particularly shareholder value.

UNIVERSITY RESOURCES, DATES, PROCEDURES, AND POLICIES

Drop Policy: If you discover that you need to drop this class, you must complete a Drop Request Form, found through the Registrar's web page [<https://www.tamuct.edu/departments/business-office/droppolicy.php>]. Professors cannot drop students; this is always the responsibility of the student. The Registrar's Office will provide a deadline on the University Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar's Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar's Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

Academic Integrity: Texas A&M University - CT values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student's academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion, and the abuse of resource materials. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

Penalty for Academic Integrity Violations: All academic misconduct will be reported to the university's Office of Student Conduct. Ignorance of the university's standards and expectations is never an excuse to act with a lack of integrity. Additionally, zero points will be given for any assignment or exam for which academic misconduct has occurred (e.g., cheating on an exam). The instructor reserves the right to use appropriate tools—such as *turnitin.com* reports or similar software—to identify plagiarism.

Academic Accommodations: At Texas A&M-Central Texas, we value an inclusive learning environment where every student has an equal chance to succeed and has the right to a barrier free education. The Department of Access and Inclusion is responsible for ensuring that students with a disability receive equal access to the University's programs, services and activities. If you believe you have a disability requiring reasonable accommodations please contact the Department of Access and Inclusion at (254) 501-5836. The information you provide is private and confidential and will be treated as such.

For more information please visit our Access & Inclusion webpage:
<http://www.tamuct.edu/departments/access-inclusion>.

TAMUCT supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and guidance from US Department of Education's Office of Civil Rights, the Dean of Student Affairs' Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. For more information, please visit <https://www.tamuct.departments/index.php>. Students may also contact the institution's Title IX Coordinator. If you would like to read more about these requirements and guidelines, please visit: <http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf>.

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender – including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Division of Student Affairs at 254-501-5909 to seek out assistance. Students may also contact the University's Title IX Coordinator.

A Note about Sexual Violence at A&M-Central Texas: Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L). Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/departments/compliance/titleix.php>].

Tutoring: Tutoring is available to all TAMUCT students, both on-campus and online. On-campus subjects tutored include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors are available at the Tutoring Center in Warrior Hall, Suite 111. If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, or any other question, contact Academic Support Programs at 254-519-5796, or by emailing Dr. DeEadra Albert-Green at deeadra.albertgreen@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject on your computer. Tutor.com is an online tutoring platform that enables TAMUCT students to log-in and receive FREE online tutoring and writing support. This tool provides tutoring in over forty subject areas. Access Tutor.com through Canvas.

Copyright Notice: Students should assume that all course material is copyrighted by the respective author(s). Reproduction of course material is prohibited without consent by the author and/or course instructor. Violation of copyright is against the law and Texas A&M University-Central Texas' Code of Academic Honesty. All alleged violations will be reported to the Office of Student Conduct.

The University Writing Center: Located in 416 Warrior Hall, the University Writing Center (UWC) at Texas A&M University-Central Texas is a free workspace open to all TAMUCT students from 10am-5pm Monday-Thursday with satellite hours in the University Library Monday-Thursday from 6:00-9:00pm. Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WOnline at: <https://tamuct.mywconline.com/>. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu to schedule an online tutoring session. Tutors are prepared to help writers of all levels and abilities at any stage of the writing process.

While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the University Writing Center is here to help. If you have any questions about the University Writing Center, please contact Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu.

University Library:

The University Library provides many services in support of research across campus and at a distance. They offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at TAMUCT are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available twenty-four hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

The 27,000-square-foot facility on the TAMUCT main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit their homepage: <https://tamuct.libguides.com/>

INSTRUCTOR POLICIES

Student Participation:

Student participation is required. We learn from sharing out thoughts, ideas, experiences and backgrounds while at the same time listening to input from other students. We all come to the classroom with a wealth of knowledge for sharing, and it is vital to maintain a civil classroom environment. Your contribution to discussion is important and valued.

Class Attendance/Absences:

Regular attendance is critical to your understanding and mastery of the material, as well as to your understanding of assignment and project requirements. While no points are formally removed for being absent, absent students typically tend to perform poorly in the course.

Late Policy

A make-up test can be arranged if the student has a legitimate reason for missing the test and has notified the instructor before the exam has been given to the class (or as soon as possible after the exam in case of an emergency). Late submissions will only be allowed for unanticipated and legitimate reasons (e.g., unforeseeable emergency). Traveling, loss of internet access, or simply forgetting about an assignment are not considered to be unanticipated and legitimate reasons.

Spelling, Grammar, and Writing Skills for Reports:

The content of all written assignments is what you will be evaluated on, provided that your spelling and grammar does not have major issues. While a few spelling and grammar mistakes are acceptable and will not affect your grade, I reserve the right to remove up to 10% of the points of a written assignment for excessively bad grammar and spelling mistakes. Students who proofread their work, use spelling and grammar checking tools, or obtain help from the University Writing Center (described above) should not be affected by this policy.

Participation in Group Work:

This class includes an important group work component. All members in a group are expected to do their fair share of work. If a group member is not pulling his or her weight in a group project, any other group member can contact me to request that a peer-evaluation be given at the end of the semester for their group. If a group elects to do a peer review, each group member will be asked to fill out an evaluation form based on a 5-point scale. A student needs an average rating of 2.5 to receive the full group grade. Students receiving an average grade below 2.5 and above 1.5 from the other group members will see their group grade reduced by 40%. If a student has an average group grade under 1.5, this student will receive zero points on the group work component of the course. If no members of a group request a peer review, then I will assume that the work was shared fairly, and all students will receive the same grade for group work.

Academic Honesty and Cheating:

All work for individual assignments and exams must be your own. You may not collaborate in any way on online exams. Any students who deliberately cheats on an exam will receive a zero grade for that exam and be reported to the university's Office of Student Conduct.

COURSE REQUIREMENTS

INDIVIDUAL WORK COMPONENT

Contribution to Class Discussions (60 points)

Students earn points for this component of the class by regularly attending classes and participating adequately in class sessions.

Current Topic in Strategy (60 points)

Each student will be asked to give an individual presentation to the class about a current strategy topic. Presentations should be between 6 and 10 PowerPoint slides in length (all inclusive) and should be under 10 minutes. The goal of the current topic presentation is to foster a discussion on a strategy topic at the beginning of each class. Suitable examples of topics include: how a change in an external environment—e.g., technological, political, legal, cultural, social—impacts an industry (e.g., what does Airbnb mean for hotels? Are electric cars a threat to the auto industry? Is a current cultural trend creating opportunities for an industry?); how is a specific company (or a set of companies within an industry) coping with unique or shared internal challenges (e.g., aging workforce, structural inertia, declining legacy business). There is a wide variety of topics available for each student to choose from. The current topic presentation is by default an individual presentation, however, groups of two students may also need be formed depending on class size. Students should follow the professor-provided instructions.

Business Strategy Game (180 points)

The Business Strategy Game (BSG) simulation is intended to give you an opportunity to practice the concepts taught in this class. Students will be assigned to individual shoe industries at the beginning of the game, competing against their classmates' companies. The competitive head-to-head game encourages strategic decisions and forward thinking to cultivate a winning advantage just as in real industries. Students are encouraged to read pages 12-16 of the course textbook to learn more about the BSG.

The BSG is fully administered by Brady Miller (brady.miller@tamuct.edu) and all specific questions related to the game should be forwarded to him. ***Mr. Miller does not have access to Canvas.*** To reach him you may either email him directly or join his Remind group (fastest way to reach him. Text: @2fcc3ah to phone number 81010). Make sure to include the @ sign. If you have trouble, email him your phone number and first/last name and he can add you manually.

Students should follow the deadlines set by the teaching assistant for all decisions to be made during the game. The game assigns grades automatically, and the course instructor has no power over the BSG grade component.

Notes from Brady: The 1st online tutorial for BSG will be held on ***January 16th at 8:00 pm CT*** (The tutorial will be recorded for those who cannot attend). I will cover the basics of the registration process including a brief introduction for in-game navigation. Please note that assistance will not be given if you have not attended/watched the tutorial as it covers the basics. The 2nd online tutorial will be held on ***February 13th at 8:00pm CT***. (The tutorial will be recorded for those that cannot attend). I will cover some basic strategies related to game play and answer student questions.

The final grading component will include a calculation of each student's performance as measured by the BSG cumulative scoreboard, 2 in-game quizzes and student participation scores. Participation scores are based on a student logging in for a minimum of 30 active minutes per decision round.

Midterm and Final Examination (2 x 200 points)

This course has two equally-weighted examinations. The midterm examination will reflect lessons and chapters 1 through 6, while the final examination will reflect lessons and chapters 7 through 12. Examinations include both multiple choice and essay questions. Announcements with more information will be made prior to each examination.

If you are an MBA student subject to a comprehensive examination, then this course's midterm and final examination will constitute your comprehensive examination. Strategy is the capstone course for MBA programs, and incorporates the knowledge you have acquired in other courses.

GROUP WORK COMPONENT

Strategy Case Analysis – Written report (200 points)

Students will have to write a full strategy case analysis that covers all aspects of strategic management taught in this class. This is the most important single assignment of the MBA capstone course and the highest weighted (300 points together with the presentation). As such, the case analysis requires a significant time commitment from all group members. Groups of no more than 4 students will conduct a full strategic management case analysis consisting of an 8 to 12 pages single-spaced report, in addition to required attachments and appendices.

The strategy case analysis component of the course will start after the midterm. Students will choose a company and group in Week 8. The instructor will decide which strategy cases are available to choose from. Specific instructions will be provided after the midterm.

Strategy Case Analysis – Class presentation (100 points)

Your group will need to make a compelling presentation of your strategy case analysis in front of the class. The quality of your presentation, your professionalism (e.g., ability to engage audience, professional language, courtesy, ability to explain concepts clearly), and your ability to answer questions from myself and the audience (i.e., the depth of your team knowledge) will determine your grade for this assignment. Specific instructions will be provided after the midterm.

SUMMARY OF GRADING CRITERIA

<u>Assessments:</u>	<u>Points:</u>	<u>Percentage:</u>
Current Topic in Strategy Presentation	60	6%
Contribution to Class Discussions	60	6%
Midterm Examination	200	20%
Final Examination	200	20%
Business Strategy Game (administered separately)	180	180%
Strategy Case Analysis – Written report	200	20%
Strategy Case Analysis – Class presentation	100	10%
Total points:	1000	100%

Note: Final grades will be calculated using a standard scale (900-1000 points=A, 800-899 points=B, 700-799 points= C, 600-699 points=D, less than 600 points= F). Students begin the class with 0 points and earn points throughout the semester. Although changes to this grading criteria are rare, I reserve the right to adjust point allocation based on the pace of the class. Grades will be posted on Canvas on a regular basis and students can expect due assignments and exams to be graded within 7 days.
