COURSE REQUIREMENTS

- a) **Learn Smart Completion activities (SLO 1.0: 160 total points, 16 at 10 points each):** Each week you will be responsible for completing a required Learn Smart activity with ConnectPlus that helps measure and improve your understanding of key concepts. The end score is what you make it in terms of effort. You can continue to work at each activity until you earn the full points available. These always must be completed by the end of the day on **Sundays (CST)**, with the exception of the very last week of class when it must be completed by Thursday.
- b) **Management Activities / Discussions (SLO 3.0, 4.0: 240 total points, 6 at 40 points each):** Six times this semester, you will complete an activity either practicing or reflecting on some of the necessary tools for good management, as well as participate in a discussion question with your classmates. You are required to post three messages per discussion to receive credit for each forum: one opening point at least 200 words that needs to be

posted by Thursday and two counterpoints at least 150 words each that are due by Sunday. Both quantity and quality are important considerations when posting substantive messages. For example, "I agree" or "I see your point" are not considered quality participation because neither adds substance to the discussion. Effective responses might share personal experience, ask for clarification, or add additional information, so feel free to analyze, interpret, critique, and suggest. Do not use any attachments, instead, cut and paste your questions/responses directly into a forum message. Be sure to restate the question you are answering and address your classmates by their names.

- Your postings/insights on the discussion topic should be based on the following:
 - Application of text concepts;
 - Ability to articulate assigned analysis clearly; and
 - Integration of student colleagues' contributions and insights leading the discussion to a deeper level of understanding.
 - IMPORTANT!!! To allow for a discussion, which is an ongoing process that cannot be achieved by submitting all three required posts on the last day of the week, your first post has to be submitted by Thursday. This will allow for your classmates to read your opening post and reply to you and for you to reply to them in turn. The remaining two posts can be completed between Thursday and Sunday. Remember, for full participation points you need to post at least three substantive notes throughout the week!
- c) **Quizzes (300 Total Points, 4 at 75 points each):** You will have four quizzes over the book and supplemental resources provided in the module content folders, such as the audio lectures, readings or other videos. The quizzes will be composed of 25 multiple-choice questions that can be accessed with ConnectPlus. The quizzes are very thorough in ensuring that you have read and listened to the materials provided, as these help substitute for an in class lecture.
- d) **Company Analysis Assignment (SLO 2.0, 3.0, 4.0: 300 total points):** In this course, you will be learning about how organizations differ from each other in terms of its strategies, design and structure, control systems, leadership, and other management practices.

There are **two** main components with the Company Analysis Assignment:

1. **Chapter Analysis** - There are 6 company analysis assignments based off of the text that challenges you to analyze and apply the concepts learned for a company that you will choose at the beginning of the course. The organization you select **must be a Fortune 500 company** for you to do an in-depth analysis. The questions to be addressed are found in Appendix A. In each analysis, make sure to follow APA guidelines. Each analysis should be approximately at least a half page in length. Make sure to cite your sources in answering these questions and include the associated references at the end. **Each chapter assignment is worth 40 points (10 points are devoted to grammar, citations and references), thus they're worth 240 total points of your final course grade.**

2. Reflection Assignment – At the end of the semester you will re-assess whether or not you would still be interested in working for the company you identified. This component will be worth **60 of the 300 points**.

- For information on APA standards and correct citation formats consult the following sources:

<http://www.tamuct.edu/departments/library/citingsources.php>

http://www.library.cornell.edu/newhelp/res_strategy/citing/apa.html

<http://research.lesley.edu/content.php?pid=36436&sid=374698>

Evaluation criteria for these analysis submissions also include:

1. Effective and accurate use of management terminology and principles.
2. Appropriate application of management principles and theories.
3. Quality and sophistication of writing and expression.

A detailed grading rubric will be available with the assignment instructions and submission locations in Canvas. See Appendix A. NOTE: DO NOT RECYCLE PAPERS FROM OTHER COURSES (I will be able to tell)!

Grading Polices/Guidelines

- a) **Individual Performance:** It is vital that you are active in the course and complete all work in a professional fashion. One of the biggest issues with student success in online courses is simply not submitting work on time. You are expected to read the chapters as assigned in the syllabus as well as read or view any supplemental resources that may be found in the Module content folders for that period.
- b) **Quality Work:** All work submitted for grading shall be of upper level quality: Depth of analysis, grammatical structure, etc. Professional level writing and communication are critical skills in the business world. This standard should be displayed in all assignments for this class. All communications, both to the Professor and student colleagues should be kept professional, including Discussion Board postings and email correspondence.
- c) **Identifying Submissions:** Submissions must clearly identify the student and the title of the assignment.
- d) **Submission Style Requirements:** For written assignments, all work should be proofread, free of grammatical errors, include proper citations and references in accordance with The Publication Manual of the American Psychological Association, 6th ed. **All written work must be submitted utilizing Microsoft Word in either a .doc or .docx format.**
- e) **Due Dates and Late Submissions:** The assignment instructions and deadlines are clearly laid out in the syllabus. As such, it is expected that all work will be submitted **on time**, as timeliness is an important aspect of professional communications and behavior. If you encounter an issue, please let me know as soon as possible. It is much easier to discuss issues before due dates rather than after. Questions concerning one's grade on a particular task (e.g., test, case) should be resolved within one week after receiving the graded material. **Late work is not accepted.**

- f) **Requests for Incomplete Grades:** Incompletes will only be given in emergency or other extreme circumstances where the majority of the course at a minimum has already been completed. Any request for an incomplete grade in this course must be approved by the professor and department chair prior to the end of the course. Where possible, requests should be submitted in written form and must include an address and/or telephone number where you may be contacted throughout the following semester. TAMUCT uses the grade of 'K' on transcripts and grade reports to identify incomplete grades.
- g) **Changes to Syllabus:** This syllabus serves as an instructional and study planning document. Although every effort will be made to maintain the schedule and activities presented herein, it may become necessary during the course of the semester to make changes to the syllabus. In such events, changes will be announced and students will receive written notice as soon as possible.
- h) **Professional Writing and Communication Standards:** Professional level writing and communication are critical skills in the business world. This standard should be displayed in all assignments for this class. All communications, both to the Professor and student colleagues should be kept professional, including Discussion Board postings and email correspondence. For written assignments, all work should be proofread, free of grammatical errors, include proper citations and references in accordance with American Psychological Association (APA) standards.

NOTE: Regardless of the device you are using to complete this course (phone, tablet, computer, etc.), your writing must be grammatically correct, with few to no errors, complete sentences, and, ***under no circumstances*** reflect a "text message" style of shortened writing.

Plagiarism: Plagiarism is the *intentional or unintentional* claiming of the statements or ideas by others, as their own (APA, 2010, p. 15; Owl Purdue Online Writing Lab, 2018, para 1). For Owl see: [Plagiarism](https://owl.english.purdue.edu/owl/resource/589/01/) at <https://owl.english.purdue.edu/owl/resource/589/01/>. Both of these sources (APA and Owl) show you how to avoid plagiarism. Plagiarism is considered a grievous offence in academia and is not tolerated in the TAMUCT, Management and Marketing Department, and will not be tolerated in this course. Plagiarism is an ethical decision someone makes and as undergraduate students, you must decide to learn how to avoid plagiarism and make avoiding plagiarism your standard in writing throughout your academic career and beyond.

If any student is caught plagiarizing within any assignment in this course, that student will receive a zero for that assignment. If any student is caught continuously plagiarizing assignments in this course, I have the option of failing that student. Additionally that student will be reported to Student Affairs for possible university level disciplinary action.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCOOnline](#). In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php]
