Reference Guide for Professional Writing

American Psychological Association. (2010). Publication manual of American Psychological Association (6th ed.). Washington, D.C.: Author. ISBN-13: 978-1-4338-0561-5

- Proper citation, both in-text and references, are a critical part of academic writing.
- Proper citation involves diligent research of relevant previous work from credible sources, accurate representation of those credible sources, and proper attribution to those sources (i.e. giving credit where credit is due).
- Hence, in this course you are required to properly cite your sources, in-text and in a reference list, for all assignments. The APA guideline listed above will help you generate a consistent format of citations and references. For online help formatting your citations, consult the [Owl at Purdue](#).

Below, you will find summary information concerning assignments and exams. Assignment details are outlined in the Appendices to this syllabus, as well as in the Canvas classroom (Click on the relevant “Module” to find the current assignments).

Syllabus Quiz – (8 points) - Please complete the syllabus quiz to understand both the structure and content of this course. You will find the link for the syllabus quiz in Module 1 (Click on the “Modules” link on the Canvas course menu) *This assignment assesses CLO 9/MLO 3.*

Grading: A student can do this assignment until 100% is achieved. See Course Schedule & Canvas Calendar for due dates.

McGraw Connect Homework & Quizzes - (150 points) - Each week you will utilize Connect to complete Homework (HW) questions and quizzes related to the chapter(s) covered that week. Connect HW (10 pts. each) and Quizzes (5 pts. each) cover 15 chapters, but the worst HWs and the worst quizzes will be dropped, leaving a total of 150 points available. HW and quizzes come with short time limitations, so you need to be very familiar with the content prior to completing them. *Taken together, these assess all CLOs & MLOs.*

Grading: Answers are either right or wrong. Connect gives you immediate grade feedback on each of the quizzes and exercises. *Connect HW & Quizzes are due Mondays by 23:59 CST. See Course Calendar for specific due dates.*

Discussions – 32 points (4 @ 8 points each) – During each two-week module work period, you will have the opportunity to get to know one another and share thoughts concerning various employment law concepts, events, and issues. You will find the link for Discussions by clicking on the ‘Modules’ link on the left Canvas menu, and then on relevant weekly module. *Discussions, taken together, assess all CLOs & MLOs.*

Grading: In order to receive full credit for each discussion, you must at least (1) submit a thoughtful substantive and relevant **original post** (4 points) *and*, in a separate post (2) **reply** substantively to another student’s post. Administrative posts like “I agree” do not earn points (4 points). *Discussions will be due Fridays by 23:59 CST. See Course Calendar for specific due dates.*

Journal Postings – 45 Points (3 @ 15 points each) – Every few chapters (3 total entries), you will reflect on what you have learned from the chapters and what you found troubling or confusing in the following manner. You may access the Journal assignments by clicking on ‘Modules’ in Canvas, and then on the relevant module to see the chapters covered during that two-week period. The link for each journal will open for the module that it is due. *Journals taken together, assess all CLOs & MLOs.*

Grading: In order to receive full credit, you must at least **(1) thoughtfully & substantively** reflect on what you learned in the past two weeks or found interesting, in at least two sentences. In a separate paragraph, **(2) state** what you found confusing about the concepts covered (muddiest issue) and either write any questions that you have or, if you have no questions on the material, write “I have no questions” or something similar. Finally, you must **(3) type your journal post in the text box and do not attach** your journal in a Word document (journals submitted as attachments or not in the textbox will not be graded). I will generally respond to Journal posts within a week of their due date and if you have any questions, I will answer by replying directly to your journal entry. There are no format requirements for requirement #2, other than it appearing separately from requirement #1. *You will lose 2 points if you do not state whether you have questions or not.* Each Journal entry should only consider material covered during the two-week period (*4 points will be taken off if you stray from the chapter topics covered during that period*). *Journals will be due Saturdays by 23:59 CST. See Course Calendar for specific due dates.*

Team Contract - (30 points) - The team contract is designed facilitate the sharing of each team member’s expectations in regard to group work generally and for the team assignment. **Assignment details** and a **Team Contract form** can be found in **Appendix A** at the end of this syllabus. Details are also located in Canvas (Click on “Modules” and then on the current module to find the assignment). *This assignment assesses CLO 9/MLO 3.*

Each team should structure the team contract to ensure each team member’s **timely** commitment and contribution to the **team paper**: The team contract should specify the *internal due dates* for member submission of draft deliverables; outline *what team member is accountable for what specific work related to revising the individual draft submissions* into a coherent team paper that is submitted for a grade; *identify who is responsible for each aspect of revising and editing* (**Note:** Little or no member participation in the creation of the team paper will result in a negative peer evaluation as well as a lower individual grade, i.e. less than the team grade); and *identify the team member(s) in charge of submitting the final team paper*. Finally, *the team contract must state three potential team choices for the topic* (must be a current unresolved employment law issue); and for the company (must be a company that is facing the current issue you choose). I will try to honor your choice based on a first come, first serve basis. *Put the team’s three choices at the top of the contract.*

Grading: Teams will negotiate until 100% of the required contract elements stated above, are agreed upon. In the Canvas classroom, teams will have a group area to negotiate, post files, *document group member interaction* (messaging records, chat-records or recording of meetings, or other means), etc.. Team members will submit the written team contract to me, for grading. (**Note:** Little or no participation in team contract negotiations will lower your team contract grade). *See Course Schedule for due date.*

Team Member Draft - (30 points) - **Each** team member will post a **timely draft** with the following content: **(1) Issue:** A *draft discussion* of how the employment law issue developed at the company, the present situation facing the company, **and** a one-sentence statement of the specific issue the company faces (5 points). **(2) Alternatives:** A *draft analysis* of two separate (stand-alone) alternative solutions, specifically addressing each solution’s potential for resolving the employment law issue in a legally compliant and ethical manner; and then a *draft evaluation* of each solution, specifically addressing why it is consistent with the company’s culture, ethical

policy, and resources - you must do a little research to learn about the company's culture, ethic code and resources (human and other), in order to be convincing (15 points). **(3) Recommendation:** A *draft justification* explaining why one solution is a better fit than the other in terms its potential for successful implementation at the chosen company, given its culture (you must choose one alternative solution) (5 points). **(4) References:** An annotated list, briefly describing each source. *Your sources must include both statutes and case law relevant to the employment law issue that the company currently faces.* You need at least 10 credible sources, APA formatted (5 points).

Grading: The points assigned above to each section of the draft will be awarded if each section is completed with the content described above. Missing sections or missing content will mean points lost. *See Course Schedule for due date.*

Team Critical Analysis Paper - (100 points) - The project has several interrelated components, including the team contract described directly above. **Paper Details** and a **Grade Rubric** can be found in **Appendix C** at the end of this Syllabus. Details are also located in Canvas (Click on "Modules" and then on the current module to find the assignment). *The Critical Analysis paper facilitates the mastery of CLOs 1-9 and MLOs 2-3 and 43-46.*

Grading: You will work as a team to create the final team paper using the drafts created by each team member. Each member will submit the team paper in the Canvas classroom. The paper will earn a team grade. *Points will be calculated based on the **Grade Rubric** (on next page).* **Late assignments are assessed a 10-point deduction per day, unless prior coordination is conducted with the instructor.** **Individual member grades will be reduced for non-performance, late performance, and poor performance based on: the assignment requirements; responsibilities agreed to in the team contract; and the peer evaluations.** *See Course Schedule for due date.*

Peer Evaluation (5 Points) - Individually, each team member must complete a peer evaluation rating the other group members before I can post the individual grade for the team project. The evaluation is based on a 4-point scale. Individuals need to have an average rating of above 2.5 to be able to receive the full group grade. When an individual has an average rating of below 2.5 and above 1.5 from other group members, the individual receives 60% of the group grade. If an individual team member receives an average rating below 1.5, the individual will receive zero on the group assignment. Peer Evaluation forms will be visible in Canvas, in your team area. *This assignment fulfills CLO 9 / MLO 3.*

Grading: You earn 5 points by completing the Peer Evaluation. *See Course Schedule for due date.*

Examinations (600 points) - There are three exams. Exams may be comprised of multiple choice, T/F, matching, short answer and essay questions at my discretion, and will not be comprehensive. Exam links are not visible until an exam window opens. You can access the exam link when the window opens by clicking on 'Modules' in Canvas, and then on the relevant module week. **Exam windows open for a 48-hour period.** ***Check the Course Calendar for due dates and for when exam windows open & close.***

Grading: Exam answers are either right or wrong (partial credit may be given for essay question answers). You have one attempt to answer questions, and exams are timed (it will auto-submit

after the exam time ends). You may use your text and any current class notes to assist you, but you may not consult another student in any form or fashion or the Internet. ***Exams facilitate the assessment of one's mastery of CLOs and MLOs.***

Note: Make-up exams are allowed on a case by case basis, at my discretion. Make-up exams if permitted, will be an entirely different structure (all essay). Normally, you may not make up an exam unless: **(1)** You inform me prior to the exam and make arrangements with me for an alternative date within one week of the scheduled exam date, **(2)** In extreme cases when you cannot inform me because of events outside of your control, and for which you produce acceptable documentation, **or (3)** *In certain circumstances, if you fail to take an exam without notifying me prior to the exam window*, and I do allow a makeup exam, you can score no higher than the lowest grade a class member received who took it on time.

Team Critical Analysis Paper	100 Points = 10 %
Peer Evaluation	5 Points = .5%
McGraw Connect Assignments (15 HW / 15 quizzes)	150 points = 15 %
Exams (three 200 points each)	600 Points = 60 %
Total Points & Weight:	1000 Points = 100%

Communications Note (CLO 9): It is vital for business success to be able to communicate courteously and professionally, as saying the wrong thing to the wrong person could ruin one's career, thus we have CLO 9 & WLO 3. I reserve the right to reduce the grade of a student who communicates in a grossly unprofessional manner with respect to another student or myself (email, classroom activities, Canvas messaging, etc.) We can disagree with each another, however we must learn to do so respectfully in order to maintain employment and be successful in business today. Thus, disrespectful communication in class & team interactions, course messaging, email, in class activities, and even when using other communication modes can result in a lower grade, and if severe enough, will be reported to the university for action consistent with university policy (see below section: university policies).

Grading Scale and Adjustments: Note the C, D, and F ranges

895-1000 = A - Excellent
795-895 = B - Good
<u>715-795 = C - Acceptable</u>
<u>645-715 = D - Needs Improvement</u>
<u>645 or less = F - Unacceptable</u>

Posting of Grades

- Generally, assignment feedback and grades will be available in Canvas under the “Grades” tab, allowing you to monitor your progress during the semester.
- I endeavor to give you feedback within a week of due dates, though in exam weeks this may vary somewhat.
- Grades may also be adjusted at the end of the semester based on class results. This means that an average may qualify for a higher letter grade than the scale normally provides for, to facilitate an appropriate grade distribution.

University Writing Center.

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-4:00 p.m. Monday thru Thursday with online only hours Monday thru Thursday from 6:00-9:00 p.m.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCOonline](#). In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

APPENDIX A: Discussion Grade Rubric				
Post	Unacceptable	Needs Improvement	Acceptable	Excellent
Original post (50%)	No posting was made	Though it is a “paragraph,” the sentences are short and choppy and/or the writing is simplistic and/or repeats most of the phrasing from the topic/question addressed. There may also be significant grammatical issues.	Student exhibited some thought and reflection, but could have done more. The post also may have one or two noticeable grammatical errors.	Student exhibits exceptional thought and reflection, likely causing the reader to reflect deeper on the subject or truly appreciate having read it. The post is a substantive, solid paragraph in length (4-5 solid sentences) and is free of noticeable grammatical errors.
Response (50%)	No posting was made	Student met the bare minimum requirements (2 or 3 short sentences) and the writing does not advance the conversation or is mostly “I agree.” There may also be significant grammatical issues.	There was some connection to the original post, but it was not deep. Some of the writing may be superficial and some repetition is seen. The response also may have one or two noticeable grammatical errors.	Student thoughtfully reflected on the students post. There was more than mere agreement/repetition and the discussion was further advanced. Also, the response is free of noticeable grammatical errors.

APPENDIX B: Team Contract & Grade Rubric (30 points)

Purpose: In this class, *group work* is for the purpose of facilitating completion of the Team Critical Analysis Project, in which you will work as a team to research and resolve an Employment Law issue that a particular company faces. The *team contract* is designed to formalize team members' expectations in regard to team work. Such formalization is similar to the business world, which relies on contracts to enforce agreed upon behaviors. An additional purpose of the team contract is to promote and enforce academic integrity among all group members. *Development of the contract facilitates the achievement of CLO 9/WLO 3.*

Due Date: *See Course Calendar for due date.*

Format: Use the contract form below and add to it in order to customize it to the needs outlined below.

Parameters: What follows are the steps you need to take in order to create a team contract. Each team should structure the team contract to ensure each team member's *timely* commitment and contribution to the *team* (**Note:** If a team member does not behave as agreed in the team contract, this can result a grade of "F" for the non-conforming team member based on: the assignment requirements, the team contract, and the peer evaluation results. *I will periodically check in with the team and see how well the contract is being fulfilled).*

First, all group members will supply the team with their *detailed contact information*. A phone number and a reliable email address are mandatory information. Other contact information may also be shared - your group can decide if you want to use other forms of social media for communication, such as Facebook or Twitter, for example (for all graded team assignments, documentation of member participation/contribution is necessary, so choose a communication method that makes it easy to post documentation into your Canvas group area).

Second, the team contract should specify the *internal due dates* for member submission of draft deliverables. **Note:** Team project due dates listed in the Course Schedule & Canvas Calendar are *firm deadlines*. Realistically, to help team members avoid procrastination, the team should establish earlier due dates for individual team member drafts as well as for completion of the final version of the project. The team needs time to review, revise, and edit member draft contribution for the final version of the written team critical analysis prior to the due date stated in the syllabus.

Third, the team contract should *fairly allocate the work to be done* – *specifically identifying who is responsible for each part* of the team work to be done (**Note:** Team work product deliverables for the team paper are outlined in the “Team Critical Analysis Paper” assignment details in **Appendix C** of this Syllabus).

Fourth, the team contract should *identify the team member(s) in charge of submitting the team paper*.

Fifth, *the team contract must state three potential team choices for:* The topic (must be a current unresolved employment law issue); and for the company (must be a company that is facing the current issue you choose). I will try to honor your choice based on a first come, first serve basis. *Put the team's three choices at the top of the contract.*

Finally, each team member electronically sign the team contract by typing both name and date where indicated on the contract form (see next page of this syllabus for Team

Contract Form)

Grading: Teams will negotiate until 100% of the required contract elements stated above, are agreed upon. In the Canvas classroom, teams will have a group area to negotiate, post files, *document group member interaction* (messaging records, chat-records or recording of meetings, or other means), etc.. Each member will submit a signed written team contract to me, for grading (**Note:** Little or no participation in team contract negotiations will lower your team contract grade). *See Course Schedule & Canvas Calendar for due date.*

Behavior and Expectations (Team: List your detailed expectations in the form below)

TEAM CONTRACT FORM

Team Member Names: _____

As a group member, I ___ agree with the following listed expectations to ensure smooth group coordination and generate excellent group work.

- Every team member needs to participate and communicate.
- Each member should help other team members if they are struggling with something.
- Team members have the right by consensus to approach the professor about a team member who is not abiding by the team contract.

I assume the responsibility for doing my task in the project and fulfilling the responsibilities assigned to me (see Work Table below).

If my individual work is not submitted, late, or of poor quality, I accept that the team will penalize me in the peer evaluation and cause me to earn a lower grade than the team grade.

Electronic Signatures and Date _____

Preferred Team member name	Phone	Email	Preferred time for group coordination	Preferred media for communication

Work Table: Teams should discuss internal deadlines for graded work, and who is responsible for each aspect of ‘team’ work (Team Contract and Draft responsibilities are set – do not change)

Work Table			
Tasks	Class Due Date	Internal Due Date	Team Member Responsible
Team Contract	June 24		All: Negotiate details & Sign
Draft	July 8		All: Each member submits a draft
Team Paper	July 25		(put detail here: Who will do what : Each member must contribute to the revise/edit process for completing the team paper)
Peer Evaluation	July 25	NA	Each member completes, individually

Appendix C on next page

APPENDIX C: Team Critical Analysis Paper and Grade Rubric (100 points)

Due Dates: See Course Schedule for due date

Length and Form: A maximum of 4 **single - spaced pages** not including the APA title or reference list pages. 12-font - Times New Roman. All sources in the list of References must be cited in the body of your paper (*no footnotes*), using APA style. The Reference list should list sources alphabetically – on the last (separate) page. You should have a minimum of 15 credible research sources to support your analysis, evaluations, and recommendations and convey this using “in-text” APA citations to the credible sources used.

Purpose: To collaborate as a team to analyze an employment law issue, develop potential solutions, and evaluate which solutions are most feasible. You can access the assignment link in Canvas (Click on “Modules” and then on the relevant module week to find the assignment). *This project facilitates mastery of the Course Learning Objectives (CLOs 8-9) and Module Learning Outcomes (MLOs 43-46).*

Grading: You will work as a team and earn a team grade. Each member will submit the team paper online in the Canvas classroom. *Team points will be calculated based on the **Grade Rubric** (on next page). **Late assignments** are assessed a 10-point deduction per day, unless prior coordination is conducted with the instructor. **Individual member grades will be reduced for non-performance, late performance, and poor performance based on: the assignment requirements; team contract; and peer evaluations. See Course Schedule for due date.***

Parameters: Your goal is to collaborate as a team, effectively demonstrating your research, analysis, evaluation, and decision-making skills vis-à-vis a current employment law issue facing a company that you choose (with instructor approval). The project has several interrelated components:

1. Develop Team Contract & Select Company/EL Issue (30 points):

Teams will develop a contract **using the contract form in Appendix B** and select - with instructor approval - a current employment law topic, issue, and company (teams should propose three topics/issues/companies). The company you choose must be **currently** dealing with an employment law issue (for example, choosing Title VII gender discrimination as a topic, teams would look for companies currently dealing with a gender discrimination issue – tech companies are currently a good source).

Once your team contract and the employment law topic/issue/company are approved, teams can start work on the team project, as follows.

2. Team Member Paper Draft (30 points):

Each team member will post a **timely draft** with the following content: **(1) Issue:** A *draft discussion* of how the employment law issue developed at the company, the present situation facing the company, **and** a one-sentence statement of the specific issue the company faces (5 points). **(2) Alternatives:** A *draft analysis* of two separate (stand-alone) alternative solutions, specifically addressing each solution’s potential for resolving the employment law issue in a legally compliant and ethical manner; and then a *draft evaluation* of each solution, specifically addressing why it is consistent with the company’s culture, ethical policy, and resources

available - you must do a little research to learn about the company's culture, ethical code, and resources (human and other), in order to be convincing (15 points). **(3) Recommendation:** A *draft justification* explaining why one solution is a better fit than the other in terms its potential for successful implementation at the chosen company, given its culture (you must choose **one** alternative solution) (5 points). **(4) References:** An annotated list, briefly describing each source. *Your sources must include both statutes and case law relevant to the employment law issue that the company currently faces. You need at least 10 credible sources in your draft (5 points).*

3. Team Paper:

You will work as a team to create the final team paper using the drafts created by each team member. (**Note:** My feedback on member drafts will be visible to the entire team). Each member will submit the team paper in the Canvas classroom for a team grade.

Written Team Paper Format: You should *organize the final written version of the team project according to the format below, using each section as a sub-header in your paper.* Discussion in each section should clearly, concisely, and cogently communicate the required content. APA citations should be used throughout. Include a Reference list on a separate page showing the full APA citation for each of the 15 credible sources cited in your paper.

Issue: Describe how the employment law issue at the company developed, and the current state of the issue at the company. End this section with a one-sentence statement of the issue.

Alternatives: Using statutory and case law relevant to the issue, present your *analysis* of two potential alternative solutions, specifically addressing each solution's potential for resolving the employment law issue in a legally compliant and ethical manner; and then present your *evaluation* of each solution, specifically addressing why it is feasible given the company's culture, ethical policy, and resources available - you must do a little research to learn about the company's culture, ethics code, and resources (human and other), in order to be convincing.

Recommendation: Choose **one** solution and discuss your *justification* explaining why one solution is a better fit than the other in terms its potential for successful implementation at the chosen company.

Reference List: The Reference List should list sources alphabetically – on a separate page. You should use at last 15 credible research sources to support your analysis, evaluation, and recommendation, using APA citation format.

4. Peer Evaluations:

Individually, each team member will complete a peer evaluation rating the other group members before I can post the individual grade for the team project. The evaluation is based on a 4-point scale. Individuals need to have an average rating of above 2.5 to be able to receive the full group grade. When an individual has an average rating of below 2.5 and above 1.5 from other group members, the individual receives 60% of the group grade. If an individual receives an average rating below 1.5, the individual will receive zero on the group assignment. Peer Evaluation forms will be visible in Canvas, in your team area. **Grade rubric is on next page**
