COVID-19 SAFETY MEASURES

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University-Central Texas has adopted policies and practices to minimize virus transmission. All members of the university community are expected to adhere to these measures to ensure their own safety and the safety of others. Students must observe the following practices while participating in face-to-face courses, course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.) and co-curricular programs:

- **Self-monitoring**—Students should follow CDC recommendations for self-monitoring. Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction. Students required to quarantine must participate in courses and course-related activities remotely and must not attend face-to-face course activities. Students should notify their instructors of the quarantine requirement. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities.

- **Face Coverings**—Face coverings must be worn inside of buildings and within 50 feet of building entrances on the A&M-Central Texas Campus. This includes lobbies, restrooms, hallways, elevators, classrooms, laboratories, conference rooms, break rooms, non-private office spaces, and other shared spaces. Face coverings are also required in outdoor spaces where physical distancing is not maintained. The university will evaluate exceptions to this requirement on a case by case basis. Students can request an exception through the Office of Access and Inclusion in Student Affairs.
  - If a student refuses to wear a face covering, the instructor should ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member should report that student to the Office of Student Conduct. Additionally, the faculty member may choose to teach that day’s class remotely for all students.

- **Physical Distancing**—Physical distancing must be maintained between students, instructors, and others in the course and course-related activities.

- **Classroom Ingress/Egress**—Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course
activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.

- The university will notify students in the event that the COVID-19 situation necessitates changes to the course schedule or modality.

Competency Goals Statements (certification or standards)

The mission of the Texas A&M University-Central Texas (TAMUCT) Bachelor of Social Work Program is to provide a high quality, rigorous and innovative learning experience that helps students develop the knowledge, professional behaviors, and values that are essential in a generalist social work practitioner. The Program aims to achieve this by:

1. Responding to the needs of the local community, including the military and non-traditional students.
2. Providing a student-centered education that fosters personal and professional responsibility.
3. Providing compassionate mentorship that models the core values of the social work profession.

Generalist Social Work Practice: Work with individuals, families, groups, communities and organizations in a variety of social work and host settings. Generalist practitioners view clients and client systems from a strength's perspective in order to recognize, support, and build upon the innate capabilities of all human beings. They use a professional problem solving process to engage, assess, broker services, advocate, counsel, educate, and organize with and on behalf of clients and client systems. In addition, generalist practitioners engage in community and organizational development. Finally, generalist practitioners evaluate service outcomes in order to continually improve the provision and quality of services most appropriate to client needs.

Generalist social work practice is guided by the NASW Code of Ethics and is committed to improving the well-being of individuals, families, groups, communities and organizations and furthering the goals of social justice.

Program Framework

The Social Work Program curriculum is rooted in a framework established by the Council on Social Work Education (CSWE). Specifically, the program endeavors to develop social workers who promote human and community well-being by being able to demonstrate the following 9 core competencies upon graduation:

Each core competency has specific, measurable practice behaviors that help students and their professors determine if the competency has been achieved. There are 31 total practice behaviors.

Course Objectives & Related CSWE Practice Behaviors

This course provides content that helps to prepare you, the generalist social work student, to engage in all practice behaviors that define the 9 CSWE Core Competencies as outlined below:

Council on Social Work Education (CSWE) 9 Core Competencies and 31 Practice Behaviors

B: 89 to 80 (800-899 points)
C: 79 to 70 (700-799 points)
D: 69 to 60 (699-600 points)
F: 59 or less (599 points or less)

The following activities will be completed during the semester.

Course Assignments:

1. **Class Participation (100 pts)**: Ms Molina-Moore-Moore has an interactive teaching style and expects every student to be an active participant in class. **Any limitations that could keep you from attending or participating in these events will need to be discussed with Ms Molina-Moore early in the semester so that an alternate plan for success can be developed.** You will learn from this class if you participate. Remember to ask questions as there is no such thing as a stupid question. You class participation grade will be determined by both the quality and quantity of your participation in each class. Ms Molina-Moore reserves the right to call on students in class if they are not regularly participating in discussions. Being absent from class will result in “0” participation points for that class period. Attending class but not participating will result in “0” points for that class. Minimal participation or participation that is limited in its insight will result in 2 points. Late attendance or leaving early will also impact the number of points given for that day. Participation that is both appropriate and insightful will result in 5 points for that class period.

2. **Homeless Simulation (300 pts)**. Students will participate in an overnight homeless simulation. This will be organized by the Student Affairs department. There will be an orientation the week before the event that students will also attend and a debriefing afterward during the next class.

3. **On-Line Discussions (4 x 25 pts for 100 pts)**: There will be four discussions that will be completed throughout the semester. This will be on days that the class is not meeting in person. These will be graded on content, critical analysis, and grammar. Each should be at least one page and include a reference page. This must be turned in at the following class in a hard copy form and not completed online.

4. **Video (200 pts)**: Students will create a 10-15 minute video on what they have learned throughout the semester and how they plan to incorporate those skills in their future social work practice and as a community member.
5. **Book Quizzes (3 at 100 pts each)** Students will be given 3 quizzes over each section of the book during class time. The quizzes will only be available during the class time on the designated day in the class calendar and must be finished during the class time. No late entries will be allowed.

**CODE OF CONDUCT FOR CLASSROOMS and INTERNSHIP**

Social work practitioners respect others. Unfortunately, we have had extreme problems with disruptive and disrespectful behavior by students in classes, leading to the development of this code of conduct, which all students are required to follow. Please see the Rubric for Assessing Profession Behaviors.

1. Students are not permitted to enter class if they are more than ten (10) minutes late in arriving. Once the class (lecture, discussion, videotape, etc...) has begun, it is too late to come in; if you arrive at that point, you are asked not to enter as this can disrupt the class. Exceptions will be made with prior discussion and approval by the professor only.

2. Once class has begun, students are expected to remain for the duration of the class. It is expected that all students will take care of personal affairs (i.e., get beverages, take care of phone calls, meeting with students and other professors, use the restroom, etc.) before class begins. Students who have a medical/physical condition for which they need to request an exception to this policy need to discuss this with the professor to see if an exception can be granted. Students leaving the class outside of these parameters should not attempt to re-enter the class and will receive a 0 for class participation and/or attendance that day. **Please note:** During the summer when classes are 2 hours and 30 minutes in length, the instructor will have a minimal 10 minute break built into each scheduled learning period to support student needs.

3. Students are expected to display professional decorum at all times. This includes, but is not limited to, respecting classmates and the instructor. In this regard, it is expected that students will not speak to/hold conversations with/pass notes to other students once class has begun without recognition by the professor to do so. Talking during lecture, out of turn, or while other students are talking is disruptive to the learning environment, disrespectful to peers, and unprofessional in demeanor. Students are strongly encouraged to engage in discussion in respectful and appropriate manners; hence, it is expected that students apply classroom etiquette and raise a hand if there is something to share or to answer a question. It is also expected that students will display patience in raising a hand and recognize that the professor will eventually call on
the student and/or may attempt to vary responses from peers and not call on
the student in an effort to do so. Shouting out answers, making loud noises,
and/or waving a hand vigorously to capture attention is unprofessional and
inappropriate behavior. Consistent display of such behavior will result in
consultation by the professor and can potentially impact the
attendance/participation grade. **Please note: this professor will NOT assign seats
to students. If behavior accelerates to such a need, a meeting will be requested
with the student, the instructor and potentially the department to address
appropriateness to be able to continue with the course. If it is determined that
the behavior significantly impacts/impairs learning for other students, the
student may be asked to leave the class permanently, resulting in an F for the
course.**

4. To support the academic learning environment, students are asked to refrain
from sharing personal information in class that will not support/add significantly
to the class discussion. Sharing of personal stories and/or issues that are not
related to the topic can distract class learning and limit knowledge sharing by the
professor and other students. In this regard, please note that the professor
reserves the right to redirect/limit such conversations in class unless students
are expressly asked to share such information by the instructor.

5. Use of personal technology or gadgets during class period is allowed but should
be related to class content only. Failure to adhere to this rule can result in being
asked to leave the class and receiving a 0 for class participation/attendance for
the day.

6. **All assignments must be turned in at the beginning of class on the day they are
due.** Late work will not be accepted or graded unless this has been discussed
with and approved by the professor BEFORE class on the due date of the
assignment. **Being absent from class on a day when an assignment is due does
NOT grant a student an extension to the due date;** the student must still arrange
to get that assignment turned in to the professor before class starts. Allowing
students to turn in assignments late for a grade is not fair to other students who
got their work done on time, disrupts the grading process for the professors, and
sends a message that such behavior is professionally “okay,” which it is not. This,
as well as all other policies, will be held to strict code, and failure to adhere to
this policy will result in a 0 for the assignment. This is inclusive of all
assignments.

7. TAMU-CT expects all students to maintain high standards of personal and
scholarly conduct and avoid any form of academic dishonesty, for which
disciplinary sanctions exist. Academic dishonesty includes, but is not limited to,
plagiarism (intentional or unintentional), copying another person’s work, turning
in someone else’s work as your own, downloading material from the internet
and inserting it into a paper as if it was your own work, taking ideas from classes or readings and putting them in a paper without citations/references, cheating on an examination or other academic work, collusion, and the abuse of resource materials. Any idea, even paraphrased ideas, used or borrowed must be given credit by showing the source with an appropriate citation or reference. Any student who violates the university’s policies regarding Academic Honesty will receive a failing grade in this course and will be reported to the Director of Student Affairs for additional university sanctions.

8. Class discussions, oral presentations, and written materials must adhere to professional standards of expression and conform to the style described by the American Psychological Association (APA, 2020). This includes avoidance of the use of language that degrades women, people of color, gays, lesbians, bisexuals, transgendered, and other diverse and at-risk populations. All students are expected to display the utmost respect for all people, regardless of differences.

The aforementioned policies are designed to create and foster a positive and rewarding learning environment for all students. Failure to adhere to the aforementioned class policies, as well as university policies, demonstrates a potential inability to conduct oneself professionally in the field of study. These policies are applicable throughout the program and, as such, students who consistently fail to comply with this code of conduct will be considered inappropriate candidates for the degree of Bachelor of Social Work at TAMU-CT as their behavior is considered inappropriate for a social work practitioner.

Students need to understand that the way you behave in class and the degree of responsibility you demonstrate in approaching your school work are used by the professors as a measure of your readiness to be formally admitted to the social work major, accepted for a field agency placement, and allowed to graduate with a BSW degree. Students who consistently fail to comply with this code of conduct will be considered inappropriate candidates for any of these measures of success in social work education because their behavior is considered inappropriate for a social work practitioner.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if
someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

Behavioral Intervention

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/student-affairs/bat.html]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5800.

1. In any classroom situation that includes discussion and critical thinking, there are bound to be many different viewpoints. These differences enhance the learning experience and create an atmosphere where students and instructors alike will be encouraged to think and learn. On sensitive and volatile topics, students may sometimes disagree not only with each other but also with the instructor. It is expected that faculty and students will respect the views of others when expressed in classroom discussions.

2. Information shared in class about agencies and clients is considered confidential according to the NASW Code of Ethics regarding the sharing of information for supervisory purposes. Agencies are aware that information is shared in class for this purpose. However, discussions that are held outside of class regarding clients, supervisors, or agencies are a breach of confidentiality. Breach of confidentiality is grounds for removal from the Social Work Program.

3. Reading assignments: Students are expected to read the assigned materials (both in the textbook and in the class notes from the professor) prior to the class for which they are assigned. Students are responsible for the information in the assigned readings (whether or not the material has been discussed in class) and for the materials and videotapes presented in class. While in class, students are expected to raise any questions they have about material in the reading assignments they did not understand.

4. The professor will occasionally give out handouts in class. Due to the expense involved in printing and copying, only one copy will be given to each student. If you lose your copy, you will need to copy it from another student at your own expense. Copies will NOT be emailed to you for the same reason. Do NOT ask the professor for a second copy of any handouts or the syllabus.

5. Students should not bring their children with them to class. If an emergency arises that would require bringing a child to class, permission must be given by the Professor prior to the start of class.
