HRM 5316-110 COMPENSATION MANAGEMENT (Online)

Fall 2020, revised date: 8.12.2020
Texas A&M University - Central Texas

1. INSTRUCTOR AND CONTACT INFORMATION

1-1. Instructor Contact Information

Course Instructor: YeongJoon (YJ) Yoon Ph.D.

Office Location: Founders Hall, #217

Phone: 254-501-5944 (Melanie Mason, Administrative Assistant)

Email Address: yoon@tamuct.edu

If you have any questions or concerns, please send an e-mail to yoon@tamuct.edu. E-mail is my preferred method of communication, but I will regularly check the Canvas Learn (Canvas) classroom for Canvas Inbox.

1-2. Instructor's TAMU-CT Office Hours and Student – Instructor Interaction

If you have any questions about this course, we can set up an appointment for a virtual office hour through WebEx. You can also send Canvas Inbox or e-mails anytime; I usually respond to questions within 24 hours on weekdays and 48 hours on weekends. We can also meet in-person through an appointment. However, considering the risk of COVID-19, this is not encouraged unless necessary.

1-3. Syllabus Accessibility

This document is screen reader accessible. The following hyperlinks will direct you to the major sections of this syllabus: [course information](#), [course requirements](#), [technology requirements and support](#), [weekly checklist](#), [reading list](#), and [course and university procedures and policies](#).

1-4. Warrior Shield

Warrior Shield is an emergency notification service that gives Texas A&M University-Central Texas the ability to communicate health and safety emergency information quickly via email, text message, and social media. All students are automatically enrolled in 911 Cellular through their myCT email account.

Connect to Warrior Shield by [911 Cellular](#) to change where you receive your alerts or to opt out. By staying enrolled in 911 Cellular, university officials can quickly pass on safety-related information, regardless of your location.

2. COURSE INFORMATION

2-1. Mode of Instruction and Course Access

This is a **100% online asynchronous course** and uses TAMU-CT Canvas Learning Management System (<https://tamuct.instructure.com>). You will use the Canvas username and password communicated to you separately to logon to this system. Additional information is located under [Technology Requirements](#).

2-2. Course Overview and Description

The main purpose of this course is to help students understand the various factors that affect the two important pay decisions that organizations need to make: *How to* (pay method) and *how much* (pay level) an organization should pay its employees. Integrating various perspectives from management and economics, this course explores how a variety of factors such as labor market, organization, and job characteristics affect (or are correlated with) the levels and methods of pay. The course also examines recent pay related issues in the news such as pay inequality and gender pay gap. **Compared to the undergraduate-level compensation course that TAMUCT offers (i.e., MGMT 4303: Managing Compensation), the emphasis is placed on the actual development of sound compensation programs that consider current trends, legal implications and social requirements.** Basic level of human resource management knowledge and quantitative applications skill is recommended to take this course.

2-3. Course Objectives

Upon successful completion of *HRM5316 Compensation Management*, students will be able to do the followings:

1. ***How much to pay employees (related to the issue of pay level)***
 - 1-A. Demonstrate an understanding of the factors that need to be considered in making pay level decisions as an organization and their consequences.
 - 1-B. Decide an adequate level of pay through various methods such as point system and market pricing.
2. ***How to pay employees (related to the issue of pay method)***
 - 2-A. Demonstrate an understanding of the factors that need to be considered in making pay method decisions as an organization and their consequences.
 - 2-B. Decide through which method to pay employees considering different consequences (or pros and cons) of various pay methods (e.g., pay-for-performance vs. non-pay-for-performance; pay secrecy policy vs. open pay policy).
3. ***Factors to consider as a job-seeker to earn more***
Identify factors that can affect pay levels and consider these factors in looking for a job as a job-seeker.
4. ***Professional Etiquette***
Understand, apply, and demonstrate professionalism as described under professional etiquette ([Course Requirement 5 on page 4](#)).

2-4. Module Learning Outcomes

Module-level student outcomes are located in the Canvas classroom at the beginning of each module.

2-5. Required Readings

The textbook is *Pay: Why people earn what they earn and what you can do now to make more* by Kevin Hallock. The book is available online through the TAMUCT Library website (<http://tamuct.libguides.com/index>). We will also discuss a number of chapters in other books, academic journal articles, and case studies. All the readings are available online through the TAMUCT Library website, and the links or instructions to obtain these readings will be available in our online classroom (Canvas website). The detail of our textbook is as follows.

- Title: Pay: Why people earn what they earn and what you can do now to make more
- Author: Kevin Hallock
- ISBN: 978-1-107-01498-5
- Publisher: Cambridge University Press
- Publication Year: 2012

3. COURSE REQUIREMENTS

A syllabus serves as an instructional and study planning document for both faculty and students. Although every effort will be taken to complete the semester according to the syllabus, it may become necessary to make changes to better facilitate the academic environment. In such an event, changes will be announced in the virtual classroom and emailed to students within one week of the change decision. Following is a description of the major course assignments as well as other components that make up the total grade for this course.

* IMPORTANT NOTICE

All the required works in this course represent the independent work of students; teamwork will not be permitted. A student who turned in his or her assignment that is a result of teamwork will receive a failing grade “F” and a referral to Student Affairs.

3-1. Requirement 1: Individual Assignments (15 assignments, 50 points per assignment, a total of 750 points)

Assignments in this course are qualitative assessments of module-level learning objectives, which are designed to help you practice applying course concepts to solve compensation problems. *A rubric entailing the grading criteria is provided with instruction for assignment.* An example of an individual assignment can be found in the [Appendix](#).

If citations and references are needed in writing your answers, you are required to use the **American Psychological Association (APA)** formatting. **Students whose assignment includes plagiarism will receive a failing grade “F” on this course and be referred to Student Affairs.** However, I reserve the right to reduce the penalty if I believe plagiarism was unintentional or very minor in impact. Please review my policy regarding Plagiarism under [Instructor’s Policies](#). If you are unfamiliar with APA, I encourage you to investigate the links provided in the Orientation module.

Assignments are not accepted late without written documentation of an unavoidable or unforeseeable event preventing you from completing and turning in the assignment during the week it was available for submission.

3-2. Requirement 2: Review Quizzes (14 review quizzes, 10 points each, a total of 140 points)

Review quizzes are provided to ensure students are understanding concepts presented in the required readings and videos as well as to help prepare you for the final exam. Quizzes will be completed and submitted to Canvas, then scored automatically through TAMUCT's Web-supported Canvas application.

Students can take each quiz twice. The higher score of the two attempts will be recorded.

Quizzes include 5 to 10 questions each and anticipated to take approximately 15 minutes to complete. However, you may take up to 30 minutes to complete the quiz. Keep in mind that quizzes must be completed by the due date posted on the [weekly checklist](#). **Opportunities to complete quizzes late will only be provided with written documentation of an unavoidable or unforeseeable event.**

3-3. Requirement 3: Final Exam (100 points)

There will be a final exam at the end of the semester. Exams include 50 multiple choice and true/false questions, which **assess content from the required readings and videos**. 50 multiple choice and true/false questions will be scored automatically through TAMUCT's Web-supported Canvas application. To complete the 50 multiple choice and true/false questions, 150 minutes will be given and **must be completed in one sitting (multiple attempts are NOT allowed for this exam)**. **An opportunity to complete the final exam late will NOT be provided.**

3-4. Requirement 4: Introduction (10 points)

You will need to post your introduction at the beginning of the course.

3-5. Requirement 5: Professional Etiquette

Students are expected to embody professionalism to include the following:

- 1. Demeanor** – Being polite, well-spoken, inclusive and mature, and demonstrating tact, respect, compassion, and appreciation - not being rude, belligerent, arrogant, or aggressive.
- 2. Reliability** – Following through on tasks in a timely manner and communicating unanticipated events.
- 3. Competency** – Committing to learning and applying content from the course, acting in a responsible manner, and practicing sound judgment, seeking assistance when appropriate.
- 4. Ethics** – Being honest and trustworthy.
- 5. Equality** – Refraining from giving or seeking preferential treatment unless supported by the Office of Access and Inclusion, adhering to published policies of the university, seeking assistance or clarification when appropriate.

A student who violates professional etiquette in a manner that is egregious (as determined by the instructor) may result in a failing grade for the course. A less severe penalty may be assigned by the instructor, depending on the circumstances of the situation.

3-6. Bonus Opportunities

Bonus opportunities can be created throughout the course by the instructor.

3-7. Grading Criteria

Graded requirements support course objectives and include a combination of discussions, assignments, quizzes, and final exam.

Grade Composition:

Requirement	Percentage	Detail
Assignments	75%	15 assignments - 50 points each: 750 points total
Review Quizzes	14%	14 quizzes - 10 points each: 140 points total
Introduction	1%	10 points total
Final Exam	10%	100 points total
Professional Etiquette	-	Can be a deduction factor
Total	100%	1,000 points total

Grades will be determined by the total points that you receive in this course: A= 900 or more, B= 899-800, C= 799-700, D= 699-600, and F= 599 or less. Grades will NOT be determined by the percentage that you may view on our Canvas website.

Posting of Grades: All student grades are anticipated to be posted in the Canvas grade book within seven days of the submission deadline. If I am unable to return grades within this timeline, I will post an announcement in the Canvas classroom with the anticipated posting date for grades. Students should monitor their grades through this tool and report any issues or concerns immediately.

Submitting Course Requirements: Please submit all course requirements (assignments, quizzes, and exams) through our Canvas classroom.

3-8. Instructor Policies

Late works: All works are due on the date designated on the [weekly checklist](#) unless otherwise posted in the classroom announcements. **No late works will be accepted without written documentation of an unavoidable or unforeseeable event.**

Plagiarism: A student who turned in a plagiarized assignment, *i.e., failing to cite and reference the information source properly*, will receive a failing grade “F” and a referral to Student Affairs. However, I reserve the right to reduce the penalty if I believe plagiarism was unintentional or very minor in impact.

When you are using an idea from another source (including your past assignments from this as well as other courses) in your writing, you need to do the following two things.

- 1) Cite and reference the source properly (using the APA format).
- 2) Paraphrase the original writing, so no more than seven consecutive words are identical.

* Here, a ‘source’ also includes your past assignments from this as well as other courses.

Any writing (that uses an idea from another source) that does not meet BOTH of the above two criteria will be considered as plagiarism.

How to properly cite, reference, and paraphrase are outlined in *Citations and References* video in the Orientation Module. Please watch this video and cite, reference, and paraphrase accordingly.

The operation of the online course and being an online student: Students' learning experiences will be largely impacted by interaction with the instructor and other students as part of a learning community. Therefore, by registering for a web-based course, you have committed to participate in the online course activities. Plan to participate regularly.

4. TECHNOLOGY REQUIREMENTS AND SUPPORT

4-1. Technology Requirements

This course will use the A&M-Central Texas Instructure Canvas learning management system. Login to [A&M-Central Texas Canvas](https://tamuct.instructure.com/) [https://tamuct.instructure.com/] or access Canvas through the TAMUCT Online link in [myCT](https://tamuct.onecampus.com/) [https://tamuct.onecampus.com/]. You will log in through our Microsoft portal.

This course will use the TAMUCT Canvas learning management system.

- Login to <https://tamuct.instructure.com> to access the course.
- Username: Your MyCT username
- Initial password: Your MyCT password

Technology issues are not an excuse for missing a course requirement. Make sure your computer is configured correctly and address issues well in advance of deadlines. Be sure to identify a backup plan in the event of technology issues, such as using the TAMUCT computer lab, a local library computer where available, a backup laptop of your own, or access to a friend, neighbor, or family member's computer. If you do encounter technical difficulties, please send me an email.

4-2. Technology Support

For technology issues, students should contact Help Desk Central. They are open 24 hours a day, 7 days a week:

- Email: helpdesk@tamu.edu
- Phone: (254) 519-5466
- Web Chat: <http://hdc.tamu.edu>

When calling for support, please let your support technician know you are a TAMUCT student. For issues related to course content and requirements, contact the [instructor](#). Remember, technology issues are not an excuse for missing a course requirement – make sure your computer is configured correctly, address issues well in advance of deadlines, and have a backup plan.

5. WEEKLY CHECKLIST

This weekly checklist provides you with a list of the things that you need to do in a given week. You'll need to check off all the things on the list to be considered as "complete" for that week.

Each week's work for the course will begin on Monday and end on Sunday (except in Week 16). The things that you need to do within each week have *Sunday night at 11:59 p.m.* deadline (with the exception for Week 16, which has *Friday night at 11:59 p.m.* deadline).

Course materials for a given week will be open a week in advance at 12:01 a.m. on Monday (with the exception of Week 1). For example, Week 2 materials will be open at 12:01 a.m. on Monday of Week 1. Considering that most activities have a Sunday deadline, you will have about two weeks to submit the required materials (e.g., quizzes and assignments) from the time that they are published. **Course materials will not be opened in advance of this schedule.**

I reserve the right to make changes to the course schedule if the need arises. If changes are made, you will be notified in advance of the change through a posted announcement in the Canvas classroom.

7. COURSE AND UNIVERSITY PROCEDURES AND POLICIES

7-1. COVID-19 Safety Measures

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University-Central Texas has adopted policies and practices to minimize virus transmission. All members of the university community are expected to adhere to these measures to ensure their own safety and the safety of others. Students must observe the following practices while participating in face-to-face courses, course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.) and co-curricular programs:

- **Self-monitoring** - Students should follow CDC recommendations for self-monitoring. Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction. Students required to quarantine must participate in courses and course-related activities remotely and must not attend face-to-face course activities. Students should notify their instructors of the quarantine requirement. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities.
- **Face Coverings** - Face coverings must be worn inside of buildings and within 50 feet of building entrances on the A&M-Central Texas Campus. This includes lobbies, restrooms, hallways, elevators, classrooms, laboratories, conference rooms, break rooms, non-private office spaces, and other shared spaces. Face coverings are also required in outdoor spaces where physical distancing is not maintained. The university will evaluate exceptions to this requirement on a case by case basis. Students can request an exception through the Office of Access and Inclusion in Student Affairs. **If a student refuses to wear a face covering in a classroom, the instructor will ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member will report that student to the Office of Student Conduct. Additionally, the faculty member may choose to teach that day's class remotely for all students.**
- **Physical Distancing** - Physical distancing must be maintained between students, instructors, and others in the course and course-related activities.
- **Classroom Ingress/Egress** - Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.
- The university will notify students in the event that the COVID-19 situation necessitates changes to the course schedule or modality.

7-2. Drop Policy

If you need to drop this class, you must complete the [Drop Request Dynamic Form](#) through Warrior Web.

Faculty cannot drop students; this is always the responsibility of the student. The Registrar's Office will provide a deadline on the Academic Calendar for which the form must be completed. Once you submit the completed form to the Registrar's Office, you must go into Warrior Web and confirm

that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar's Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

7-3. Academic Integrity

Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student's academic performance and includes, but is not limited to, working with others in an unauthorized manner, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion, and the abuse of resource materials. All academic misconduct concerns will be referred to the university's Office of Student Conduct. Ignorance of the university's standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

For more information regarding the Student Conduct process, visit the following web page. [<https://www.tamuct.edu/student-affairs/student-conduct.html>].

If you know of potential honor violations by other students, you may submit a report through the following web page. [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=0].

7-4. Academic Accommodations

At Texas A&M University-Central Texas, we value an inclusive learning environment where every student has an equal chance to succeed and has the right to a barrier-free education. The Office of Access and Inclusion is responsible for ensuring that students with a disability receive equal access to the university's programs, services and activities. If you believe you have a disability requiring reasonable accommodations please contact the Office of Access and Inclusion, WH-212; or call (254) 501-5836. Any information you provide is private and confidential and will be treated as such.

For more information please visit our Access & Inclusion Canvas page (log-in required) [<https://tamuct.instructure.com/courses/717>]

7-5. Important information for Pregnant and/or Parenting Students

Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and related guidance from US Department of Education's Office of Civil Rights, the Dean of Student Affairs' Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. Students should seek out assistance as early in the pregnancy as possible. For more information, please visit [Student Affairs](#) web page. Students may also contact the institution's Title IX Coordinator. If you would like to read more about these requirements and guidelines online, please visit the website [<http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf>].

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender—including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Associate Dean in the Division of Student Affairs at (254) 501-5909 to seek out assistance. Students may also contact the University’s Title IX Coordinator.

7-6. Tutoring

Tutoring is available to all A&M-Central Texas students, on a remote online basis. Visit the Academic Support Community in Canvas to view schedules and contact information. Subjects tutored on campus include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors will return at the Tutoring Center in Warrior Hall, Suite 111 in the Fall 2020. Student success coaching is available online upon request.

If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, success coaching, or have any other question, contact Academic Support Programs at (254) 501-5836, visit the Office of Student Success at 212F Warrior Hall, or by emailing studentsuccess@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject from on your computer! Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log in and receive online tutoring support at no additional cost. This tool provides tutoring in over 40 subject areas except writing support. Access Tutor.com through Canvas.

7-7. The University Writing Center

The University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free service open to all TAMUCT students. For the Fall 2020 semester, all services will be online as a result of the COVID-19 pandemic. The hours of operation are from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours online Monday thru Thursday from 6:00-9:00 p.m. The UWC is also offering hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via [WCOOnline](#). In addition, you can email Dr. Bruce Bowles Jr. at <mailto:bruce.bowles@tamuct.edu> if you have any questions about the UWC and/or need any assistance with scheduling.

7-8. University Library

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available

through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our [library](#) website.

For Fall 2020, all reference service will be conducted virtually. Please go to our [library](#) website to access our virtual reference help and our current hours.

7-9. Copyright Notice

Students should assume that all course material is copyrighted by the respective author(s). Reproduction of course material or sharing it with others (e.g., through various websites like Course Hero) is prohibited without consent by the author and/or course instructor. Violation of copyright is against the law and Texas A&M University-Central Texas Code of Academic Honesty. All alleged violations will be reported to the Office of Student Conduct.

8. FREQUENTLY ASKED QUESTIONS (FAQs)

FAQ 1. Can the course contents be opened in advance?

Answer: No, course materials will not be opened in advance of the schedule outlined in the section '[5. Weekly Checklist](#)' of this document. I develop course content and make adjustments to course materials during semesters for a better student learning experience.

FAQ 2. I have missed an assignment deadline. Can you extend the deadline for me?

Answer: Yes, but ONLY IF the reason for missing the deadline is due to an unavoidable or unforeseeable event. You'll also need to provide me with written documentation that verifies the reason.

FAQ 3. The reason that I have missed the assignment is private. So, I cannot provide you with a reason or documentation. Can you extend the deadline for me?

Answer: I value your privacy. However, in this case, I cannot provide you with a deadline extension. I have to be fair to other students, and I have to apply the same standard for a deadline extension to everyone.

FAQ 4. I have finished the assignment before the deadline. But I wasn't able to submit the assignment in time because there was a problem with my internet. Can you extend the deadline for me?

Answer: Yes, I understand that this can happen, and you can submit your assignment late. However, in this case, your submitted assignment (either in word or pdf file format) should have been “last modified” before the deadline (this can be verified through the ‘properties’ menu in word or pdf program). If your file has been last modified after the deadline, I cannot accept your assignment. Again, I have to be fair to other students, and I have to apply the same standard for a deadline extension to everyone.

FAQ 5. I have copy-and-pasted a writing that is more than seven consecutive words from another source. However, I have clearly cited the source in my assignment. Is this plagiarism?

Answer: Yes, that will be viewed as plagiarism in this course because seven or more consecutive words are identical to a writing from another source. For your writing to be free of plagiarism controversy, you need to paraphrase the original writing so that less than seven or more consecutive words are identical to a writing from another source.

FAQ 6. I have copy-and-pasted a writing that is more than seven consecutive words from my past assignment in another course. Is this plagiarism?

Answer: Yes, that will be viewed as plagiarism in this course because seven or more consecutive words are identical to a writing from another source. “Another source” also encompasses your past assignments from this as well as another course that you have taken in the past. For your writing to be free of plagiarism controversy, you need to paraphrase the original writing so that less than seven or more consecutive words are identical to a writing from another source. You also need to cite and reference your past work accordingly.

FAQ 7. I have taken this course in the past, but I’m taking this course again this semester. When I was taking this course the last time, I have completed Assignments #1, #5, and #7. Can I re-submit these assignments without any changes?

Answer: No, they will be considered as plagiarism for the same reason in my answer to FAQ 6 above. Please read the answer to the Q6 above for more detail.

FAQ 8. The syllabus says that teamwork is not allowed in this course. Does this mean that I cannot help out a classmate in understanding the learning contents or assignments that he or she is having trouble with (or vice versa for getting help from a classmate)?

Answer: No, a student helping out another student to better understand the learning contents is a kind gesture and is, in fact, somewhat encouraged. I’d rather have my students to study together and have a better understanding of the learning contents than to just give up on understanding the contents. (And of course, you can always reach out to me for help too.)

However, students have to answer the questions on their own based on how they have understood the learning contents. If a student’s answer is too similar to another student’s answer in a way that is difficult to be viewed as an independent work, this is now viewed as “teamwork,” which is prohibited in this course.

So, if you are helping out John, please make sure that John writes the answers on his own based on how he understood the learning contents (and vice versa if you are the student that is getting help from John). And if seven or more consecutive words are identical to a writing from John’s assignment, it will also be viewed as plagiarism.

FAQ 9. Our Canvas website shows that I have achieved 92% of the grades available. Does this mean that I'm getting "A" in this course?

Answer: It depends. As outlined in the section '[3-7. Grading Criteria](#)' of this document, your final grade will be determined by the total points that you have achieved in this course and not by the percentage that you may see on our Canvas website. So, if your total point in the end is 900 points or greater and you see 92% on the website, your grade will be "A" grade for this course. But if your total point in the end is less than 900 points and you see 92% on the website, your grade will be "B" for this course.

FAQ 10. My total point in the end is 903 points. But our Canvas website shows that I have achieved 88% of the grades available. Does this mean that I'm getting "A" in this course?

Answer: Yes, your grade will be "A" in this course because your total point for this course is 900 or greater.

FAQ 11. Can I upload the course materials to websites like Course Hero?

Answer: No. Please read the section '[7-9. Copyright Notice](#)' of this document for more detail.

Appendix – Assignment Example

* This is only an example. The finalized assignment may differ.

Assignment #11: CEO Pay (50 points)

Distributed: XXX

Due: XXX

Why this assignment?

This assignment is intended to achieve the goal of our Module 11 learning objective, “Find DEF 14A (Definitive Proxy Statement) in the U.S. Securities and Exchange Commission website (www.sec.gov) and examine executive pay.” This assignment supports Course Objectives 1 and 2.

Prerequisite knowledge and skills

To do this assignment, you’ll need to watch the *Video 1: Executive pay in DEF 14A* in Module 11. You will need to know how to find the DEF 14A of a given company and examine the summary compensation table within the document.

Instruction

For this assignment, let’s assume that Galacticans has grown to be a company with about one billion dollars in sales (and also with many more employees being hired). The company is now also publicly traded. However, the pay of the CEO (John Miller) is still pretty much the same as what you have seen in the HRIS database that was utilized throughout the semester.

The newly formed board of directors are worried about the fact that John Miller is paid too low compared to what other CEOs of the similarly sized companies in the industry are earning. They also think that the current method (mostly based on base salary) for paying John Miller is not adequate.

So, the board of directors has asked you to research *how much* and *how* the other CEOs of the similarly sized companies in the industry are being paid. In doing this, answer the following questions.

Q1. For the research, we will be examining the pay of CEOs in the following two companies: Masonite International Corporation and Jeld Wen Holdings. Identify the ticker symbols for these two companies. **(5 points)**

Q2. With the identified ticker symbols in Q1, find their most recent DEF 14A (Definitive Proxy Statement) on the U.S. Securities and Exchange Commission website (www.sec.gov). Document (e.g., make a table) *how much* and *how* the CEOs are paid in these two firms in 2016, including salary, bonus, options, and all other forms of pay. (This is in the “summary compensation table”) **(20 points)**

Q3. Point out the similarities and differences in terms of how much and how these two CEOs are paid. **(10 points)**

Appendix – Assignment Example (Continued)

Q4. Do you think the two firms are making the right decisions with respect to paying their CEOs (include a discussion of both *how much* and *how* these firms pay)? If you were asked to make recommendations to the board of Galacticans with respect to the pay of John Miller, what would you tell them? **(15 points)**

Important Notes

1. In writing your answers, **NEVER copy-and-paste any part of the textbook or any other sources.** Write the answers in your own words. If more than seven consecutive words are identical to a writing from another source (including the textbook, your past works, and any other sources), it will be considered as plagiarism, and you will receive a failing grade “F” in this course. You will also be referred to Students Affairs.
2. See Appendix for the grading rubric.
