COURSE DATES, MODALITY, AND LOCATION

Wednesdays 4:30pm-5:45 pm
August 24-December 9th
Heritage Hall 308-Classroom Blended Course
This course meets face-to-face and online through the A&M-Central Texas Canvas Learning Management System [https://tamuct.instructure.com/]. In person/online synchronous meetings will take place on Wednesdays 4:30pm.

INSTRUCTOR AND CONTACT INFORMATION

Instructor: Stephanie Weigel, Ph.D.
Office: Warrior Hall 318 P
Phone: 254.307.0622
Email: sweigel@tamuct.edu

Office Hours: Monday & Wednesday 2:00pm-4:00pm; Tuesday 11:00am-3:00pm

Student-instructor interaction

Learning is best supported by interaction. It is important that you feel comfortable asking questions and communicating during class discussions. This will help support your learning and that of your fellow students. Some questions are best saved for outside of the classroom. The best way to contact me for these discussions is via email. We can set up an appointment if needed or you can come by during my scheduled office hours. I will check my campus email daily on weekdays and do my best to respond within 48 hours.

Participation and Attendance

As stated above, interaction with the instructor and your peers is critical for learning and your academic success. Attendance will be taken at every class meeting. However, if you must miss class it is your responsibility to review the materials posted in the online classroom and find out what you missed by communicating with your classmates. Participation in discussions are a portion of the points towards your final grade, therefore attendance is required (see below).

WARRIOR SHIELD

Emergency Warning System for Texas A&M University-Central Texas

Warrior Shield is an emergency notification service that gives Texas A&M University-Central Texas the ability to communicate health and safety emergency information quickly via email, text message, and social media. All students are automatically enrolled in Warrior Shield through their myCT email account.
Connect to Warrior Shield by [911Cellular](https://portal.publicsafetycloud.net/Account/Login) to change where you receive your alerts or to opt out. By staying enrolled in Warrior Shield, university officials can quickly pass on safety-related information, regardless of your location.

**COVID-19 SAFETY MEASURES**

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University-Central Texas has adopted policies and practices to minimize virus transmission. All members of the university community are expected to adhere to these measures to ensure their own safety and the safety of others. Students must observe the following practices while participating in face-to-face courses, course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.) and co-curricular programs:

- **Self-monitoring**—Students should follow CDC recommendations for self-monitoring. Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction. Students required to quarantine must participate in courses and course-related activities remotely and must not attend face-to-face course activities. Students should notify their instructors of the quarantine requirement. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities.

- **Face Coverings**—Face coverings must be worn inside of buildings and within 50 feet of building entrances on the A&M-Central Texas Campus. This includes lobbies, restrooms, hallways, elevators, classrooms, laboratories, conference rooms, break rooms, non-private office spaces, and other shared spaces. Face coverings are also required in outdoor spaces where physical distancing is not maintained. The university will evaluate exceptions to this requirement on a case by case basis. Students can request an exception through the Office of Access and Inclusion in Student Affairs.
  
  - If a student refuses to wear a face covering, the instructor should ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member should report that student to the Office of Student Conduct. Additionally, the faculty member may choose to teach that day’s class remotely for all students.

- **Physical Distancing**—Physical distancing must be maintained between students, instructors, and others in the course and course-related activities.

- **Classroom Ingress/Egress**—Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.

- The university will notify students in the event that the COVID-19 situation necessitates changes to the course schedule or modality.
COURSE INFORMATION
Course Overview and description:
COUN/PSYC 5300 provides a review of descriptive statistics with emphasis on inferential
statistics. Learn correlation, one-way and two-way analysis of variance, regression analysis and
experimental design. Use of computer software with emphasis on experience with SPSS.
Prerequisite(s): undergraduate statistics recommended.

Student Learning Outcomes
1. Demonstrate comprehension and application of factual knowledge (terminology,
classifications, methods, trends). Students will calculate measures of central tendency and
variability, z scores, correlation coefficients, regression equations, analyses of
variance and chi-square both by hand and using standard office software and SPSS to solve
problems. Students will demonstrate their ability to define terms and compute functions on
Homework Problems, SPSS assignments, and Exams.
2. Demonstrate comprehension and application of factual knowledge of fundamental principles,
generalizations, or theories regarding basic statistics. Students will read, discuss, and write
about theoretical concepts underlying descriptive and inferential statistics, including frequency
distributions and graphing, empirical distributions, theoretical distributions (including the
normal distribution), sampling distributions, the Central Limit Theorem, and the logic underlying
confidence intervals and hypothesis testing. Students will demonstrate their ability to discuss
and write about selected concepts on the Article Analysis Discussions, Homework Problems, and
Exams.
3. Integrate course material to improve thinking, problem solving, and decisions. Students will
identify the variables under study, state research hypotheses, choose the appropriate
descriptive methods, identify the independent and dependent variables, locate the number of
samples under study, locate the number of scores per participant, select the appropriate
inferential or correlational tests, draw statistical conclusions from the numerical results of their
analyses, and present them in APA style. Examples and problems will be applied to research in
counseling and psychology. Students will demonstrate these skills on Homework Problems, SPSS
Assignments, APA style Results Sections, Article Analysis Discussions, and Exams.
4. Analyze and critically evaluate ideas, arguments, and points of view. Students will respond to
others’ writing (including that of peers and experts in the field) on statistical concepts and
substantiate their comments with course materials. Students will derive null and alternative
research hypotheses that are supported by information provided for research scenarios.
Students will demonstrate their ability to critically evaluate ideas with the Article Analyses
Discussions.
5. Demonstrate skill in expressing oneself in writing. Using appropriate APA style, students will
demonstrate professional writing skills in APA-style Results Sections.

Standards for Clinical Mental Health Counseling
In accordance with CACREP best practices standards for all counselors-in-training development,
the following areas will be promoted in this course:

<table>
<thead>
<tr>
<th>CACREP Standard Common Core for All Students</th>
<th>Activity</th>
<th>SLOs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Understands the importance of research in advancing</td>
<td>Article Analysis Discussions;</td>
<td>SLO4</td>
</tr>
</tbody>
</table>
the counseling profession, including how to critique research to inform counseling practice (IIF8a)

<p>| | | |</p>
<table>
<thead>
<tr>

**Required Reading and Textbook(s)**

**Required Electronic Resources**

Mindtap Psychology for Gravettter/Wallnau’s Statistics for the Behavioral Sciences is an online homework tool imbedded in the Canvas online course. Students can purchase access to Mindtap along with an electronic version of the book. A registration link is provided in Canvas.

IBM Statistical Package for the Social Sciences (SPSS) Standard GradPack v.24 is a computing software available for students on University computers free of charge. Students will need to access the software to complete several assignments in the course. Students can purchase their own subscription for their personal computers if desired.

**COURSE REQUIREMENTS**

**Article Analysis Discussion** (5 Discussions X 20 points each) 100 points total- Each student will be responsible for locating an article that applies the assigned statistical procedure in a psychology related study. The student will share the article and summarize the content of the article paying particular attention to how statistical analyses were used and interpreted. For full credit the student must post the article in CANVAS along with the summary as well as actively participate in discussion with peers.

**Chapter Homework** (17 X 30 points each) 510 points total- Students will complete assigned homework problems online in the CANVAS platform. Homework must be completed.
independently, without the help of classmates, but calculators, notes, textbook and tutor support may be used.

**SPSS Assignments** (7 Assignments X 20) 140 points total- Students will utilize SPSS software and data sets provided in CANVAS to complete these assignments. Practice using SPSS is provided in the SPSS textbook. Students must provide a copy of the SPSS handout WITH appropriate labels. Each assignment will specify what labels are required. Students may work together to generate the output files, but labels must be added independently.

**APA Style Results Section** (4 Results Sections X 25 points each) 100 points total- For selected SPSS assignments (described above) students will also submit an APA style Results Section. The purpose of this assignment is to practice using APA style to present research findings. The assignments should include:

- **Statement of Variables** >= 2 Minimum requires all variables are stated accurately.
- **Statement of Test** >= 2 Minimum requires most elements of test are stated correctly.
- **Statement of Alpha Level** >= 1 Minimum requires that either alpha or \( p \) is stated.
- **Report of Descriptive Statistics** >= 2 Minimum requires most descriptive statistics are accurate.
- **APA Format of Descriptives** >= 1 Minimum requires most elements are formatted accurately.
- **Report of Test Results** >= 1 Minimum requires most elements of test are accurate.
- **APA Format of Test Results** >= 1 Minimum requires most elements are formatted accurately.
- **Narrative Interpretation** >= 3 Minimum requires most interpretations are accurate.
- **APA Formatting General** >= 1 Minimum requires most elements are formatted accurately.
- **Grammar and Expression** >= 1 Minimum requires all but one sentence is accurate.

**Exams** (3 Exams X 50 points each) 150 points total- Three exams will assess students’ comprehension of key concepts in the course. Exams will consist primarily of multiple choice items and will be completed online. Students may use notes and their text book for the exams, but they must be completed individually without consultation with other students or non-class materials such as “Google”.

**Final Grading Criteria**

<table>
<thead>
<tr>
<th>Assignment Type</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Article Analysis Discussions</td>
<td>100</td>
</tr>
<tr>
<td>Chapter Homework</td>
<td>510</td>
</tr>
<tr>
<td>SPSS Assignments</td>
<td>140</td>
</tr>
<tr>
<td>APA Style Results Section</td>
<td>100</td>
</tr>
<tr>
<td>Exams</td>
<td>150</td>
</tr>
<tr>
<td><strong>TOTAL Possible</strong></td>
<td><strong>1000</strong></td>
</tr>
</tbody>
</table>

Final grades will be based upon the percentage of total points earned:

- **A 90%-100%** (900-1000)  
- **B 80%-89%** (800-899 points)  
- **C 70%-79%** (700-799 points)  
- **D 60%-69%** (600-699 points)  
- **F 59% or less** (599 points and below)

**Posting of Grades**

All grades for the course will be posted in the Canvas Grade book. Grades for assignments and exams will be posted within 1 week of the due date or sooner. Feedback regarding the score will be provided
as well, but I encourage you to ask questions about any grade or feedback for clarification.

**Late Work Policy**
In order to be successful in this course, it is critical for students to attend all class meetings and complete assignments on-time. If you are unable to complete an assignment by the due date contact your instructor immediately. Late assignments will receive and automatic 10% penalty and assignments more than 1 week late will not be accepted for credit.

*This schedule may be adjusted to meet learning objectives and unexpected events. Check the Modules section in the Canvas course for current due dates.

Important University Dates: For important university dates like drop/add deadlines go to https://www.tamuct.edu/registrar/academic-calendar.html

TECHNOLOGY REQUIREMENTS AND SUPPORT
Technology Requirements
This course will use the A&M-Central Texas Instructure Canvas learning management system. We strongly recommend the latest versions of Chrome or Firefox browsers. Canvas no longer supports any version of Internet Explorer.

Logon to A&M-Central Texas Canvas [https://tamuct.instructure.com/] or access Canvas through the TAMUCT Online link in myCT [https://tamuct.onecampus.com/]. You will log in through our Microsoft portal.

   Username: Your MyCT email address. Password: Your MyCT password

Canvas Support
Use the Canvas Help link, located at the bottom of the left-hand menu, for issues with Canvas. You can select “Chat with Canvas Support,” submit a support request through “Report a Problem,” or call the Canvas support line: 1-844-757-0953.

For issues related to course content and requirements, contact your instructor.

Online Proctored Testing
A&M-Central Texas uses Proctorio for online identity verification and proctored testing. This service is provided at no direct cost to students. If the course requires identity verification or proctored testing, the technology requirements are: Any computer meeting the minimum computing requirements, plus web camera, speaker, and microphone (or headset). Proctorio also requires the Chrome web browser with their custom plug in.

Other Technology Support
For log-in problems, students should contact Help Desk Central
24 hours a day, 7 days a week
Email: helpdesk@tamu.edu
Phone: (254) 519-5466
Web Chat: [http://hdc.tamu.edu]
Please let the support technician know you are an A&M-Central Texas student.

UNIVERSITY RESOURCES, PROCEDURES, AND GUIDELINES

Drop Policy
If you discover that you need to drop this class, you must complete the Drop Request Dynamic Form through Warrior Web.

[https://dynamicforms.ngwebsolutions.com/casAuthentication.ashx?InstID=eaed95b9-f2be-45f3-a37d-46928168bc10&targetUrl=https%3A%2F%2Fdynamicforms.ngwebsolutions.com%2FSubmit%2FForm%2FStart%2F53b8369e-0502-4f36-be43-f02a4202f612].

Faculty cannot drop students; this is always the responsibility of the student. The Registrar’s Office will provide a deadline on the Academic Calendar for which the form must be completed. Once you submit the completed form to the Registrar’s Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar’s Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

Academic Integrity
Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student’s academic performance and includes, but is not limited to, working
with others in an unauthorized manner, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student’s work, collusion, and the abuse of resource materials. All academic misconduct concerns will be referred to the university’s Office of Student Conduct. Ignorance of the university’s standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

For more information regarding the Student Conduct process, [https://www.tamuct.edu/student-affairs/student-conduct.html]. If you know of potential honor violations by other students, you may submit a report, [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=0].

**Academic Accommodations**

At Texas A&M University-Central Texas, we value an inclusive learning environment where every student has an equal chance to succeed and has the right to a barrier-free education. The Office of Access and Inclusion is responsible for ensuring that students with a disability receive equal access to the university’s programs, services and activities. If you believe you have a disability requiring reasonable accommodations please contact the Office of Access and Inclusion, WH-212; or call (254) 501-5836. Any information you provide is private and confidential and will be treated as such.

For more information please visit our Access & Inclusion Canvas page (log-in required) [https://tamuct.instructure.com/courses/717]

**Important information for Pregnant and/or Parenting Students**

Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and related guidance from US Department of Education’s Office of Civil Rights, the Dean of Student Affairs’ Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. Students should seek out assistance as early in the pregnancy as possible. For more information, please visit [Student Affairs](https://www.tamuct.edu/student-affairs/index.html). Students may also contact the institution’s Title IX Coordinator. If you would like to read more about these requirements and guidelines online, please visit the website [http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf].

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender—including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Associate Dean in the Division of Student Affairs at (254) 501-5909 to seek out assistance. Students may also contact the University’s Title IX Coordinator.
**Tutoring**

Tutoring is available to all A&M-Central Texas students, on a remote online basis. Visit the Academic Support Community in Canvas to view schedules and contact information. Subjects tutored on campus include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors will return at the Tutoring Center in Warrior Hall, Suite 111 in the Fall 2020. Student success coaching is available online upon request.

If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, success coaching, or have any other question, contact Academic Support Programs at (254) 501-5836, visit the Office of Student Success at 212F Warrior Hall, or by emailing studentsuccess@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject from on your computer! Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log in and receive online tutoring support at no additional cost. This tool provides tutoring in over 40 subject areas except writing support. Access Tutor.com through Canvas.

**University Writing Center**

The University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free service open to all TAMUCT students. For the Fall 2020 semester, all services will be online as a result of the COVID-19 pandemic. The hours of operation are from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours online Monday thru Thursday from 6:00-9:00 p.m. The UWC is also offering hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via [WCOnline](https://tamuct.mywconline.com/). In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

**University Library**

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at
A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our Library website [http://tamuct.libguides.com/index].

For Fall 2020, all reference service will be conducted virtually. Please go to our Library website [http://tamuct.libguides.com/index] to access our virtual reference help and our current hours.

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

Behavioral Intervention

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the referral online
Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/student-affairs/bat.html]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5800.
