OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

Learning Evaluation Methods:

Readiness Assessment Tests (RAT) (40%) – Weekly short quizzes (5-10 questions) that are completed individually and are designed to require you to review the material BEFORE we discuss it in class. These may also include material from previous chapters.

Group Review Assessment Tests (GRAT) – Weekly short quizzes (5-10 questions) that are

completed with your group to review previous material and preview material to be discussed in that class period. These GRATs will be graded competitively in that the groups with the best performance on the GRAT will receive extra points that amount to one question on their score from that week's RAT. Only group members who are present during the GRAT may receive extra points.

Exams (45%) – Over the semester, there will be three exams. Each exam will be multiple-choice and administered using a form that will be provided. These exams will stand-alone, the final will not be comprehensive.

Participation (15%) – Although I would prefer to not take attendance, I have found that taking attendance improves the quality of class and your grades. Attendance will be taken by an electronic system at the beginning of class. **Note:** The legitimacy of a student's reasons for not being present will be considered only if these absences are going to make a significant impact on the student's final grade.

Final course grades will follow the system below:

A = 90.00+ total points, **B** = 80.00-89.99 points, **C** = 70.00-79.99 points, **D** = 62.00-69.99 points, **F** = 61.99 or fewer points

COURSE POLICIES

Late Work Policy. Assignments that are not complete at the due time (usually the beginning of class) may be completed for a maximum of 50% of the assignment points. After that week has passed, no more assignments will be accepted. Some assignments may have different rules concerning late work as delineated in the more specific guidelines above.
