COURSE REQUIREMENTS

Course Requirements:

Participation: Participation is worth 110 points. This will include an 'Introduction Task' in which you will write a short biography and explain what you hope to get from this class in the discussion board. Include a head and shoulder photo of yourself – professional style, not a selfie. Additionally, update your canvas profile and include a photo avatar (could be a selfie style if you like). (10 points). You will also have 5 discussion questions worth 10 points each.

Quizzes: There will be 14 quizzes (multiple choice and true/false) that are designed to test the general understanding of the topics covered in the course. Each of the 14 quizzes will cover the

material from a single chapter and contain 10 questions. Each quiz is worth 10 points. Late submissions are not accepted.

Assignments: There will be 8 assignments. Each assignment will be worth 30 points. Assignments with directions are posted on canvas. Late submissions will be penalized 10% of grade per day late.

Examinations: There will be three exams (two mid-terms and one final). Each exam is worth 100 points and contain 50 questions. Final exam will not be comprehensive. Pattern of all the exams include multiple choice and true/false questions. Make up exams are not typically given. The only acceptable excuses for missing an exam are circumstances clearly outside your control, such as illness, death in family, etc. If you miss an exam, notify me as soon as possible. I may require documentation of the circumstances.

Proposal: Writing a term paper proposal (50 Points) requires a topic, a working title and a clear intention of the paper you are planning to write. The purpose of the proposal is to present a working title and detailed description of the paper so that an instructor can give corrections and adjustments for beginning the term paper. Doing enough prep work for the proposal will give you a clear and logical plan to getting started on writing a draft of your eventual final paper. Late submissions will be penalized 10% of grade per day late.

- Step 1: Pick a topic that is familiar or of interest selected from an area covered in the course book. The topic must have a mixture of technology with business in organization.
- Step 2: Write a brief description of the paper topic. Be sure to include the paper title even if it is a tentative one.
- Step 3: Include in the proposal a topic framework of the various sections that the topic will cover.
For example: A proposal framework might include a 'Background' section about the topic, and a 'Purpose' section which covers the questions to be answered by the term paper. Additionally, a 'Results or Findings' section might also be appropriately included, describing how the paper would fulfill the questions. Include any other framework that might be appropriate.
- Step 4: In addition to the topic description and framework, a 'Significance of the Paper' section must be included describing why the topic is important. Remember to be as brief as possible yet thorough because you are only providing an idea of what readers can expect to see in the upcoming draft. The proposal topic description, framework, and significance should only be approximately one to two pages long (single spaced).
- Step 5: Lastly, on its own page, include a minimal list of at least four (4) peer-reviewed journal article references that serve as the basis of your topic and to be included in your draft as well as the final version of the paper.

Note: A rubric for grading the proposal can be found in Canvas.

First Draft of Paper / Final Version of Paper: Each student is required to prepare a full draft of the term paper on the approved proposed topic. Submitting a paper without an approved proposal will result in a 0. There are no page limitations, but a decent term paper is typically a minimum of

12 pages of 'body' (approximate minimum is 2,000 words). The term paper must be in APA format. Late submissions will be penalized 10% of grade per day late.

Note: A rubric for grading the draft and paper can be found in Canvas. APA format support is offered by the TAMUCT Writing Center.

<http://www.tamuct.edu/departments/academicsupport/tutoring-services.php>

Each student will submit a full paper twice. The student will submit the paper's FIRST DRAFT for preliminary grading (100 points). After the student has used the rubric feedback of the first draft to improve the paper, the student will then submit the FINAL VERSION OF THE PAPER for grading (200 points). Late submissions will be penalized 10% of grade per day late.

Case Study:

- Select a company that operates globally. Use the Internet and any other available sources to gather information on the company. Research the strategies the company is using to achieve a competitive advantage based on lessons from the textbook.
- Based on your research and course material, write a case study report paper a) describing the company, b) some of the possible benefits that the company might have gained by operating globally, c) the technology used to support a global position and d) the IT strategy used to gain market share and retention.
- Provide recommendations of the type(s) of technology, and methods by which the technology could support decision making.
- Also, describe any challenges that the company has faced or is currently facing because of operating in a global society.
- ****The last section of the report should make suggestions on improving the company's standings in various areas that you determined needs improvement based on the textbook. This section should include the rationale of your recommendation.**
- The report should be of executive meeting presentation quality. The "body" of the document (excluding title page, references, tables and figures) should be a minimum of 8- 10 double spaced pages long and include at least 1 table, and at least 1 figure and any necessary references. This case study report paper is worth 200 points.

****Critical**

Note: Late submissions will be penalized 10% of grade per day late. **Note:** A rubric for grading the Case Study can be found in Canvas.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WOnline](https://tamuct.mywconline.com/) [https://tamuct.mywconline.com/]. OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

Referring your concern shows you care. You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].
