Written Assignment 1:

Proposal:

Writing a term paper proposal (50 Points) requires a topic, a working title and a clear intention of the paper you are planning to write. The purpose of the proposal is to present a working title and detailed description of the paper so that an instructor can give corrections and adjustments for beginning the term paper. Doing enough prep work for the proposal will give you a clear and logical plan to getting started on writing a draft of your eventual final paper. Late submissions will be penalized 10% of grade per day late.

Step 1 Pick a topic that is familiar or of interest selected from an area covered in the course book. The topic must have a mixture of technology with business in organization.

Step 2 Write a brief description of the paper topic. Be sure to include the paper title even if it is a tentative one.

CIS 4350-125, Management Information Systems

Spring II 2020

Texas A&M University-Central Texas

Step 3 Include in the proposal a topic framework of the various sections that the topic will cover. For example: A proposal framework might include a 'Background' section about the topic, and a 'Purpose' section which covers the questions to be answered by the term paper. Additionally, a 'Results or Findings' section might also be appropriately included, describing how the paper would fulfill the questions. Include any other framework that might be appropriate.

Step 4 In addition to the topic description and framework, a 'Significance of the Paper' section must be included describing why the topic is important. Remember to be as brief as possible yet thorough because you are only providing an idea of what readers can expect to see in the upcoming draft.

The proposal topic description, framework, and significance should only be approximately one to two pages long (single spaced).

Step 5 Lastly, on its own page, include a minimal list of at least four (4) peer-reviewed journal article references that serve as the basis of your topic and to be included in your draft as well as the final version of the paper.

A rubric for grading the proposal can be found in Canvas.

First Draft of Paper / Final Version of Paper

Each student is required to prepare a full draft of the term paper on the approved proposed topic. Submitting a paper without an approved proposal will result in a 0. There are no page limitations, but a decent term paper is typically a minimum of 12 pages of 'body' (approximate minimum is 2,000 words). The term paper must be in APA format. Late submissions will be penalized 10% of grade per day late. A rubric for grading the draft and paper can be found in Canvas. APA format support is offered by the TAMUCT Writing Center.

<http://www.tamuct.edu/departments/academicsupport/tutoring-services.php>

Each student will submit a full paper twice. The student will submit the paper's FIRST DRAFT for preliminary grading (100 points). After the student has used the rubric feedback of the first draft to improve the paper, the student will then submit the FINAL VERSION OF THE PAPER for grading (200 points). Late submissions will be penalized 10% of grade per day late.

OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/departments/compliance/titleix.php>].
