COURSE INFORMATION

Required Textbook: *Crafting & Executing Strategy: The Quest for Competitive Advantage (Concepts and Cases)*, 21th Ed. Authors: A. A. Thompson, M. Petaraf, J. E. Gamble, A. J. Strickland. Publisher: McGraw Hill Education. ISBN 978-1259732782.

Course Overview and Description: This course is the integrating capstone course for the MBA program. The MBA Comprehensive Exam is represented by your combined individual score for the midterm and final examination of this course. We will examine the basic factors affecting the development and execution of business strategy, policy, and organizations as well as, examining the integration of the strategy and policy issues you have studied in the areas of marketing, finance, economics, distribution, and organization theory. The course will apply the analytical techniques of management and business through the use of case studies. How management intends to grow the business, how they will build a loyal clientele and outperform their rivals is the essence of crafting a strategy. The strategic plan must be implemented and executed in a manner that is superior to competitors and allows the firm to sustain a strategic competitive advantage. The strategy case will be an important emphasis of this course.

Course Objective: In this course, students will have the opportunity to learn about the theories, models, and frameworks that constitute the body of knowledge for strategic management. The course will demonstrate how those theories, models, and frameworks are applied in practice. Additionally, the course will provide students with the opportunity for synthesizing the theories, models, frameworks and tools of analysis within the context of a strategy case analysis and a business strategy simulation game.

Student Learning Outcomes: At the conclusion of the course the student should be able to:

- a) Understand what strategy is, why it is important, and how strategy plays a crucial role in determining a company's mission and direction.
- b) Understand the core concepts and analytical tools of the strategic management discipline, including the ability to analyze a company's external and internal environment.
- c) Understand how strategies are crafted, including generic competitive strategies, strategic competitive moves, international competition, and diversification.
- d) Understand how strategy is implemented, through building organizations capable of good strategic execution.
- e) Effectively apply the strategy concepts (stated in learning outcome a, b, c, and d) to a strategy case analysis and a business strategy simulation game, which will allow students to analyze, evaluate, and craft a strategic plan for a company which should lead to a competitive advantage, should attain or strengthen profitability, and should create stakeholder value, particularly shareholder value.

Important information for Pregnant and/or Parenting Students

Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and related guidance from US Department of Education's Office of Civil Rights, the Dean of Student Affairs' Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. Students should seek out assistance as early in the pregnancy as possible. For more information, please visit Student Affairs [<https://www.tamuct.edu/student-affairs/index.html>]. Students may also contact the institution's Title IX Coordinator. If you would like to read more about these requirements and guidelines online, please visit the website [<http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf>].

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender – including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Division of Student Affairs at 254-501-5909 to seek out assistance. Students may also contact the University's Title IX Coordinator.

A Note about Sexual Violence at A&M-Central Texas:

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L). Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments

that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/compliance/titleix.html>].

Behavioral Intervention:

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, who are exhibiting behaviors that pose a threat to safety, or individuals causing a significant disruption to our community, please make a referral to the Behavioral Intervention Team. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [<https://www.tamuct.edu/student-affairs/bat.html>]. If a person's behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5800.

The University Writing Center:

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University-Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help.

Students may arrange a one-to-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WOnline [<https://tamuct.mywconline.com/>]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library:

The University Library provides many services in support of research across campus and at a distance. They offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 72,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at TAMUCT are available through our website to help students navigate these resources. On-campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available twenty-four hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

The 27,000-square-foot facility on the TAMUCT main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. INSTRUCTOR POLICIES

Student Participation:

Student participation is required. We learn from sharing out thoughts, ideas, experiences and backgrounds while at the same time listening to input from other students. We all come to the classroom with a wealth of knowledge for sharing, and it is vital to maintain a civil classroom environment. Your contribution to discussion is important and valued.

Class Attendance/Absences:

Regular attendance is critical to your understanding and mastery of the material, as well as to your understanding of assignment and project requirements. While no points are formally removed for being absent, absent students typically tend to perform poorly in the course.

Late Policy

A make-up test can be arranged if the student has a legitimate reason for missing the test and has notified the instructor before the exam has been given to the class (or as soon as possible after the exam in case of an emergency). Late submissions will only be allowed for unanticipated and legitimate reasons (e.g., unforeseeable emergency). Traveling, loss of internet access, or simply forgetting about an assignment are not considered to be unanticipated and legitimate reasons.

Spelling, Grammar, and Writing Skills for Reports:

The content of all written assignments is what you will be evaluated on, provided that your spelling and grammar does not have major issues. While a few spelling and grammar mistakes are acceptable and will not affect your grade, I reserve the right to remove of up 10% of the points of a written assignment for excessively bad grammar and spelling mistakes. Students who proofread their work, use spelling and grammar checking tools, or obtain help from the University Writing Center (described above) should not be affected by this policy.

Participation in Group Work:

This class includes an important group work component. All members in a group are expected to do their fair share of work. If a group member is not pulling his or her weight in a group project, any other group member can contact me to request that a peer-evaluation be given at the end of the semester for their group. If a group elects to do a peer review, each group member will be asked to fill out an evaluation form based on a 5-point scale. A student needs an average rating of 2.5 to receive the full group grade. Students receiving an average grade below 2.5 and above 1.5 from the other group members will see their group grade reduced by 40%. If a student has an average group grade under 1.5, this student will receive zero points on the group work component of the course. If no members of a group request a peer review, then I will assume that the work was shared fairly, and all students will receive the same grade for group work.

Academic Honesty and Cheating:

All work for individual assignments and exams must be your own. You may not collaborate in any way on online exams. Any students who deliberately cheats on an exam will receive a zero grade for that exam and be reported to the university's Office of Student Conduct.

UPDATED COURSE REQUIREMENTS – F2F to Online Updated Syllabus

Please pay special attention to the changes made to the course in this section.

The changes are in effect **starting March 23, 2020**, our new official start date for the second half of the semester after COVID-19 disruptions.

Former course components, graded during the first half of our face-to-face course.

Contribution to Class Discussions (60 points)

Students earned points for this component of the class by regularly attending classes and participating adequately in class sessions.

Midterm Examination (200 points)

This course has two equally-weighted examinations. The midterm examination reflected lessons and chapters 1 through 6, and has been administered in a face-to-face setting.

Upcoming/ongoing course components, to be administered online in the 2nd half of the semester.

Current Topic in Strategy (60 points) (Upcoming for some students)

Students who have not yet presented their “Current Topic,” in class should make a PowerPoint presentation (with notes when needed) of the presentation they would have made in class. These presentations will be posted in a forum discussion, and students will be encouraged to comment on the Current Topic presented.

Business Strategy Game (180 points) (Ongoing, delayed by 1 week)

The Business Strategy Game (BSG) simulation is intended to give you an opportunity to practice the concepts taught in this class. Students will be assigned to individual shoe industries at the beginning of the game, competing against their classmates' companies. The competitive head-to-head game encourages strategic decisions and forward thinking to cultivate a winning advantage just as in real industries. Students are encouraged to read pages 12-16 of the course textbook to learn more about the BSG.

The BSG is fully administered by Brady Miller (brady.miller@tamuct.edu) and *all specific questions related to the game should be forwarded to him*. Mr. Miller does not have access to Canvas. To reach him you may either email him directly.

Students should follow the deadlines set by the teaching assistant for all decisions to be made during the game. The game assigns grades automatically, and the course instructor has no power over the BSG grade component.

Final Examination (200 points)

This course has two equally-weighted examinations. The final examination will reflect lessons and chapters 7 through 12. The exam will include both multiple choice and essay questions. Announcements with more information will be made prior to each examination.

If you are an MBA student subject to a comprehensive examination, then this course’s midterm and final examination will constitute your comprehensive examination. Strategy is the capstone course for MBA programs, and incorporates the knowledge you have acquired in other courses.

Strategy Case Analysis – Written Report (200 points)

Students will have to write a full strategy case analysis that covers all aspects of strategic management taught in this class. This is the most important single assignment of the MBA capstone course and the highest weighted (200 points). As such, the case analysis requires a significant time commitment from all group members. Groups will conduct a full strategic management case analysis consisting of an 8 to 12 pages single-spaced report, in addition to attachments and appendices.

The strategy case analysis component of the course will start after the midterm and a dedicated module will be made available on Canvas. As their first tasks, students will get to pick a company and group. The instructor will decide which strategy cases are available to groups. Specific instructions will be provided when the strategy case module opens.

Strategy Case Analysis – Video Presentation (100 points)

Your group will need to make a video recording of a compelling presentation of your strategy case analysis. The presentation video should include slides (large format) and a face recording of the speaker (smaller cutout within each video). Each group member is expected to speak. This type of video recording is consistent with the Management and Marketing department standard for video recording implemented in other graduate classes. Software information and instructions will be provided in the strategy case module.
