Instructor: D. Tevis Noelting, MBA, JD, Attorney at Law (AZ)
Office: Virtual - Online
Phone: (Tamuct Office Admin) 254-501-5933 or 254-519-5437; (Cell) 480-612-5506
Email: Canvas “Inbox”. It is recommended that you keep course-related communication inside Canvas (Click on “Inbox” and then on the icon to compose a new message). Use my TAMUCT email only when Canvas is not available (dnoelting@tamuct.edu).

Office Hours:
By appointment for virtual meetings via Skype (d.noelting), What’s App, or similar.

Mode of instruction and course access:
• This course is a 100% online course using TAMUCT’s Canvas Learn system (https://canvas.instructure.com/). An online course offers great flexibility but only students with strong self-discipline can enjoy the benefit and succeed in passing the course. Students often find an online course more time consuming than a traditional face-to-face course. Specific guidelines for taking an online course using TAMUCT’s Canvas classroom are available in several short topics under the “Modules” tab on the left-hand menu (then click “Canvas LMS Orientation”).
• Note: Technology issues are not an excuse for missing a course requirement or deadline – make sure your computer is configured correctly and address issues well in advance of deadlines.
• Specific technical guidelines for using online course materials in TAMUCT’s Canvas classroom are available below in the “TECHNOLOGY REQUIREMENTS AND SUPPORT” section of this syllabus and in the same topic in the TAMUCT’s Canvas classroom under the “Modules” tab on the left-hand menu (then click “Canvas LMS Orientation”).
  o Tutorials for using Canvas can be found under the “Canvas Help” tab in the online classroom.

  o To check computer specifications: https://community.canvaslms.com/docs/DOC-10721-67952720328

Student-instructor interaction:
During office hours listed above, I will be available for virtual meetings via Skype, What’s App, or similar. If you wish to meet by phone or web-conference, please email me your availability and I will respond with a confirmed time. I check my emails daily during weekdays and will respond to your messages within 24-48 hours. I check Canvas daily, M – F, but less frequently Saturday and Sunday. Occasionally, a University meeting or conference travel will preempt a prompt response to your message. When this occurs, I will post a message via an Instructor Announcement in Canvas.
Warrior Shield:
Emergency Warning System for Texas A&M University – Central Texas
Warrior Shield is an emergency notification service that gives Texas A&M University-Central Texas the ability to communicate health and safety emergency information quickly via email, text message, and social media. All students are automatically enrolled in Warrior Shield through their myCT email account.

Connect to Warrior Shield by [911Cellular](https://portal.publicsafetycloud.net/Account/Login) to change where you receive your alerts or to opt out. By staying enrolled in 911 Cellular, university officials can quickly pass on safety-related information, regardless of your location.

Reference Guide for Professional Writing
- Proper citation, both in-text and references, are a critical part of academic writing.
- Proper citation involves diligent research of relevant previous work from credible sources, accurate representation of those credible sources, and proper attribution to those sources (i.e. giving credit where credit is due).
- Hence, in this course you are required to properly cite your sources, in-text and in a reference list, for all assignments. The APA guideline listed above will help you generate a consistent format of citations and references. For online help formatting your citations, consult the Owl at Purdue website.

Equipment
A properly configured computer, per the previous technology requirements section above in this syllabus, with speakers or a headset (to listen to audio/video files), reliable Internet access, MS Word, Adobe Acrobat Reader, and PowerPoint.

Instructional Software
Publisher power point slide notes, articles and videos relevant to the chapter content are located in the relevant (weekly) modules in the Canvas classroom.

COURSE REQUIREMENTS

The assessments below will measure the applicable Course Learning Objectives (CLOs) and Module Learning Outcomes (MLOs) stated above. Particular CLOs and MLOs may be assessed by multiple methods, ex. homework and an exam question.

General Course Policies:

Use APA-style citations to cite the sources of your information in all assignment submissions. If you are unacquainted with APA citation style, the reference guide (listed above in “2. Instructional Materials”) in this syllabus is helpful for writing and citation. All assignments
must be submitted in a .doc or .docx format. Submissions’ title should follow the format as specified: 

Title_of_the_assignment_Student_Last_Name

- **Plagiarism:** At TAMUCT academic dishonesty includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion (working together except as to group assignments), and the abuse of resource materials. **Review the academic honesty policy in the ‘TAMUCT University Policies section below.**

- Academic dishonesty may result in a minimum of a failing grade for the assignment and potentially a failing grade for the course. **Assignments with 20% or more similarity will earn the grade of zero (0), and potentially a failing grade for the course.**
  
  - **In this course, recycling assignments from previous courses is not permitted without express written permission from me.**

**Late Assignments:** The assignment instructions and deadlines are clearly laid out in the syllabus (in the ‘Course Schedule section). As such, it is expected that all work will be submitted on time, as timeliness is an important aspect of professional communications and behavior. If you encounter an issue, please let me know before the due date. Note: Late submissions of written assignments will cost -20% of the grade per day.

- **Exams** - if you fail to take an exam without notifying me prior to the exam, you can score no higher than the lowest grade a class member received who took it on time and only if I approve the excuse as warranting a make-up.

**Spelling, Grammar, and Writing Skills:** The content of all written assignments is what you will be evaluated on, provided that your spelling and grammar does not have major issues. While a few spelling and grammar mistakes are acceptable and will not affect your grade, I reserve the right to remove of up 10% of the points of a written assignment for excessively bad grammar and spelling mistakes. Students who proofread their work, use spelling and grammar checking tools, or obtain help from the University Writing Center (described above) should not be affected by this policy.

**Peer Evaluation:** Students’ involvement in group activities will be evaluated by peers using a mandatory collective Peer Evaluation process. Based on the grade awarded by peers, a student will either receive the full points associated with the team grade on a relevant team assignment or only a portion of the points. Participation in each group assignment is mandatory to receive credit.

NOTE 1: A student “fired” from his or her team in accordance with conditions outlined in the team’s charter will have to complete the remaining team project parts on his own with a maximum possible grade capped at 79%. Furthermore, a student fired from a team won’t be able to earn points for the Team presentation.

NOTE 2: Peer Evaluations will be required for each group assignment.

NOTE 3: No later than 24 hours after a peer evaluation due date, any team member may request that the instructor review the team ratings. The decision of the instructor will be final.
**Individual Performance:** It is vital that you are active in the course and complete all work in a professional fashion. You are expected to read the chapters as assigned in the syllabus as well as all the relevant supplemental resources that may be found in the Module content folders for that period.

**Quality of Work:** All work submitted for grading shall be of upper level quality: Demonstrate understanding and effort put into it, depth of analysis, grammatical structure, professionalism, etc.

**Sundown Rule:** You have one (1) week (from the date the grade is released) to inquire about your grade on an exam, quiz or any other assignment. The exception to this is the last round of assignments, and your Final Letter Grade when inquiries need to be taken care of as soon as possible before I submit grades to the Registrar. The purpose is to resolve any issue during the term and not wait until the last week of the term. Check your grades every week.

**Assignment Summary Information**

*Below, you will find summary information concerning assignments and exams. Assignment details are outlined in the Appendices to this syllabus, as well as in the Canvas classroom (in Canvas, click on the relevant “Module” to find all current assignments).*

**Syllabus Quiz** (10 points)

Please complete the syllabus quiz to understand both the structure and content of this course. You will find the link for the syllabus quiz in Module 1 (Click on the “Modules” link on the Canvas course menu) *This assignment assesses CLO 8 & MLO 62.*

**Grading:** A student can do this assignment until 100% is achieved. See Canvas Calendar for due dates.

**Course Introductions** (10 points)

This discussion gives you the opportunity to get to know one another (Discussions can be accessed in the Canvas classroom – first click on Modules, then Module 1 to find this discussion). *This assignment facilitates the mastery of CLO 8 & MLO 62. Please see Appendix A at the end of the syllabus for assignment details and the Discussion Grade Rubric.*

**Grading:** To earn the full credit of this assignment, you need to post the information outlined in Appendix A. *Discussions are normally due Mondays by 23:59 CST. See Course Syllabus and Course Calendar for due dates.*

**Discussions** 150 points (6 @ 25 points each)

During each two-week module work period, you will have the opportunity to share thoughts concerning various employment law concepts, events, and issues. You will find the link for Discussions by clicking on the Modules link on the left Canvas menu, and then on relevant weekly module. *Discussions, taken together, assess all CLOs & MLOs. Please see Appendix B at the end of the syllabus for the Discussion Grade Rubric.*
Grading: In order to receive full credit for each discussion, you must at least (1) submit a thoughtful substantive and relevant original post (12.5 points) and, in a separate post (2) reply substantively to another student’s post (a minimum of 150 words). Administrative posts like “I agree” do not earn points (12.5 points). Discussions are normally due Mondays by 23:59 CST. See Course Calendar for specific due dates.

Cultural Interview (100 points)

A cultural interview is conducted with a person who has different nationality from yours. The main purpose of the interview is to discover and evaluate cultural similarity and differences. The interview summary is for you to reflect on your dialogue with the interviewee. This assignment facilitates the mastery of CLO 1 & 8/MLO 1-5, 62. Please review the Cultural Interview Summary Outline in Appendix C at the end of this syllabus.

Grading: The interview summary should be 1-page long, single-spaced, 12-font, free of major spelling/grammar mistakes, and conform to the Cultural Interview grade rubric posted in Appendix C at the end of this syllabus. See Course Calendar for specific due dates.

Written Form: The interview summary should be 1 page long, single-spaced, 12-font, free of major spelling/grammar errors, and conform to APA citation.

Format: The reflection summary should cover all major points listed below.

Part 1: Interviewee description.

➢ Clearly identify your own cultural background as the basis of your cultural interview.
➢ Provide a brief introduction of how you met the interviewee.
➢ Describe the country of origin of interviewee.
➢ Describe the interviewee demographics (e.g., age, education, family status, occupation).

Part 2: Major country differences.

➢ Identify and describe at least two major similarities and differences between your culture and the interviewee’s culture. The similarities and differences may be in diet, etiquette, major religion, government, education system, family types, traditions, etc.

Part 3: Interviewee’s culture in relation to Hofstede’s framework.

➢ Briefly describe where your interviewee stands on each Hofstede cultural trait. As follows: Individualism versus Collectivism, Power Distance, Uncertainty Avoidance, Masculinity versus Femininity, Long-term Orientation, and Indulgence versus restraint. (Use page 64-66 of your book to make your assessment).
➢ Note: simply listing each dimension based on external sources is not enough.
Part 4: Handling cultural differences while conducting business.

➢ If you were to interact with your interviewee in the workplace on a regular basis, what specific recommendations would you make for handling cultural differences? Provide at least two substantive recommendations.

➢ Note: your recommendations should be consistent with what you learned about the interviewee’s culture

Country Project (280 points – as explained below)

I will assign you into a group at the start of the second week, based on the composition of the class members. The goal is for you to work with people from diverse background and you will work together towards the final country proposal and presentation. The country project is designed for group members to share and challenge each other when analyzing the research on a given country. Note that I will not re-assign individuals to a different group after the initial assignment has been made. It is the group’s responsibility to work together because it is a great way to develop workplace skills like diversity awareness, and communication and collaboration skills at a distance, with people from different backgrounds.

Firing Policy: Students desiring guidance on working with group members are welcome to ask me for advice. If group members are unable to work together, they have the right to fire a group member(s) from their group. Fired individual(s) should email me about being fired so that I can provide them with a different country to research individually. I recommend that you consider the firing option as the last resort. A student “fired” from his or her team in accordance with conditions outlined in the team’s contract will have to complete the remaining team project parts on his own with a maximum possible grade capped at 79%. Furthermore, a student fired from a team won’t be able to earn points for the group presentation portion of the project.

Project Part One - Team Contract/Country Selection (10 points)

The contract is designed facilitate the sharing of each group member’s expectations in regard to group work generally and for each group assignment. Second, each group will select one country from emerging markets to research, create a product entry proposal, and class presentation thereof. Assignment details for the group’s country selection and the team contract form you should use can be found in Appendix D at the end of this syllabus.

Team Contract Structure: Your group should structure the team contract that ensures each group member’s commitment and timely contribution to the group work on the cultural research and group report, and the group presentation. It is wise to specify the specific research questions (see initial country research assignment below) that each individual is responsible for as well as an individual who is in charge of the final submission of the team contract. The contract should reflect the country chosen by the group at the top, and should be signed by each member in the space provided.

Team Contract Submission: The group is required to submit the written contract as well as the documentation of the group interaction. It can be a picture of face-to-face group meeting, a chat or text record, recordings of a virtual meetings, or other means. The country selection and team contract fulfill CLO 1 & 8/MLO 62.

Grading: Teams will negotiate until 100% of the required contract elements stated above, are
agreed upon. Team members will submit the written team contract to me, for grading, in their assignment folders (Note: Little or no participation in team contract negotiations will lower your team contract grade). See Course Schedule for due date.

**Project Part Two – Group Country Research I-IV reports (70 points (17.5 each))**

Four country research assignments are scheduled in the course. Each group research assignment addresses a major section of the country project. These smaller group assignments are critical for your final successful group project as the instructor will give you specific feedback on the points of discussion. These research assignments are the foundation for the Country Project Group Written Report and taken together, facilitate the mastery of all CLOs/MLOs.

Assignment details for the country project research assignment can be found in Appendix E at the end of this syllabus.

**Recommended Research Procedures:** Group members should work individually – according to the group contract - to research the country and then as a group share the individual responses to the listed discussion questions in order to complete each country research assignment in a manner reflecting group member’s contributions. *Initial deadlines should be established in the group contract outlining member work due dates, in order that each group research assignment is submitted on time.*

A common procedure for completing country research assignments is for group members to divide up the questions and each group member can do independent research and information entry. Then all group members can pitch in to edit the researched info. Your group is free to choose to share the researched information using various group tools, such as file exchange, group wiki, discussion board, etc. Once the information is shared, all group members are responsible for critically synthesizing the information compiled as the final submission. The group member who is in charge of the final submission has the right to demand cooperation from all group members to work with the deadline. *When submitting each cultural research assignment, you will specify the names of the group members who contribute to the assignments.*

**Grading:** After submission, I may come back to the team with questions and requests for revision. By making corrections, it is possible to improve your earned points, as set out in the grade rubric (see Appendix E). Note: Even though the country research assignment grades will be based on overall group performance, little or no participation in any of the four country research assignments will lower a team member’s grade). See Course Calendar for due dates.

**Project Part Three – Group Country Written Report (150 points)**

Each group will select for research purposes, one country from emerging country/markets. For that country, your group will use the research/survey materials from the four research assignments covering the socio-cultural, economic (specifically including the trade and monetary environment), political & legal, and technological environments to outline the challenges and opportunities of conducting business in the country, and then provide a proposal for a successful international business product launch in the country based on the group’s survey and research about the country as well as international business principles. Your proposal should not be such that it could apply to any country – the proposal must be tailored to and for the country that the group chose to research. Note: This is a key point that many students forget.

Assignment details concerning the Country Project Written Assignment can be found in Appendix F at the end of this syllabus. *This assignment facilitates the mastery of CLO 1 – 8 & MLO*
Grading: The written report should include the following major topics shown in ‘Format’ below, and it should conform to the grade rubric which describes how the following should be completed for each grade level (see the assignment details and grade rubric attached in Appendix F at the end of this syllabus). See Course Calendar for due dates.

Written Form: Follow the outline/format given below. Your written proposal must use times new roman size 12-font, your group proposal must be 7-10 typed, double-spaced pages (not including the cover page, TOC, and reference list page, and also excluding any appendices of attached data/material for the key figures, charts, etc. used in your paper. All references must be used [and cited] in the body of your written paper, using APA citation style.

Format:

1 EXECUTIVE SUMMARY
2 COUNTRY ANALYSIS
3 PROPOSED PLAN FOR NEW PRODUCT ENTRY

Project Part Four – Group Country Presentation (50 points)
Each group will present a brief summary of its findings, including all group members in the presentation. Creativity is encouraged in all presentations. You may wish to consider using role plays, mock business meetings, interview formats, or other devices to maintain interest. At the minimum level, a set of slides with voice over the slides should be put together as a group. Country project presentation assignment details and a grade rubric are presented in Appendix G. This assignment facilitates the mastery of CLO 8/MLO 62.

Grading: Group presentations should be 10-15 minutes in length and should cover key points. It is not necessary to present everything in your proposals: you should focus on a sub-sample of the most interesting and relevant points of each section of the proposal and include major challenges and opportunities as well as recommendations for successful international business product launches in the country.

If your group can’t physically meet and record a presentation together (case of most of the groups), I recommend to use Power Point slides recording feature: Slide Show> Record slide show (make sure that your video camera and audio are ON). Once each member records their portion of the slides, you can combine these slides which will have a square in the corner with you talking, and save this PPT in an MP4 format (compress if needed before saving the video). As an alternative, you can also record your parts in Canvas Studio and combine them together afterwards. Please review the grading rubric for more details on how your group presentations will be graded.

Project Part Five - Peer Evaluation (5 Points EC)
For each of the team assignments (see form below) the team will collectively rate the contributions of each of the team members. For this process to work well, it requires that the team is open and honest in communicating their expectations. Criticism is okay if it is done in a constructive manner. However, if you feel that someone is not pulling their weight, let them know where they are falling short and what they can do to correct their actions early in the project – don’t wait. Remember that if you ever need help with the process, the professor will be happy to help. Don’t hesitate to call on me.
Process: All team members must sign the form (shown on the next page) to acknowledge their acceptance of the ratings. The intent in having you do this is twofold. First, it is hoped that a collective discussion of the contributions of each person will help the team develop clear norms and expectations regarding appropriate behavior and the work that each member must do to ensure good performance on the team assignments. While having such discussions can sometimes be uncomfortable, working through this process in an open, positive manner will help produce a positive experience and outcome for all members and is a valuable skill to take with you into the workplace. The second purpose of the evaluations is to ensure a fair grading process for each member of the team. Ideally, all team members will behave and contribute at the levels expected. If they do not, however, they should not receive the same points as those members who do contribute at appropriate levels. To that end, the percentages assigned to each member will be established in the following manner for assigning grades.

- Team assignments grade will be based on how well the assignments address the questions and guidelines in the particular assignment; and what was agreed upon in the team contract.
- This team assignment grade will serve as the starting point for individual grades.
- Individual team members will then be assigned a percentage of that team grade based on the results of this peer evaluation. For example, a team member that receives an 80% on the collective peer evaluation will get 80% of the team grade on the project report and presentation.
- Remember that if you ever need help with the process, the professor will be happy to help. Don’t hesitate to call on me.

Grading: You earn 5 points by completing the Peer Evaluation. See Course Schedule for due date.

Examinations (450 points) - There are three exams. Exams may be comprised of multiple choice, T/F, matching, short answer/essay questions at my discretion, and will not be comprehensive. Exam links are not visible until an exam window opens. You can access the exam link when the window opens by clicking on ‘Modules’ in Canvas, and then on the relevant module week. Check the Course Calendar for due dates and for when exam windows open & close.

Grading: Exam answers are either right or wrong (partial credit may be given for essay question answers). You have one attempt to answer questions, and exams are timed (it will auto-submit after the exam time ends). You may use your text and any current class notes to assist you, but you may not consult another student in any form or fashion or the Internet. Exams facilitate the assessment of one’s mastery of the CLOs and MLOs tested on each exam.

Note: Make-up exams are generally not allowed due to the long length of the exam windows and the end of the semester for the last exam. In an emergency situation, make-up exams if permitted, will be an entirely different structure (all essay). Normally, you may not make up an exam unless you could not inform me because of events outside of your control, and for which you produce acceptable documentation.

Communications Note (CLO 8): It is vital for business success to be able to communicate courteously and professionally, as saying the wrong thing to the wrong person could ruin one’s career, thus we have CLO 8 & WLO 62. I reserve the right to reduce the grade of a student who communicates in a grossly unprofessional manner with respect to another student or myself (email, classroom activities, Canvas messaging, etc.) We can disagree with each another, however we must learn to do so respectfully in order to maintain employment and be successful in business today. Thus, disrespectful communication in class & team interactions, course messaging, email, in class activities, and even when using other communication modes can result in a lower grade, and if severe enough, will be reported to the university for action consistent with university policy (see below section: university policies).

Posting of Grades

- Generally, assignment feedback and grades will be available in Canvas, allowing you to monitor your progress during the semester (click on “Grades” on the course menu).
- I endeavor to give you feedback within a week of due dates, though in exam weeks this may vary somewhat.
- Grades may also be adjusted at the end of the semester based on class results. This means that an average may qualify for a higher letter grade than the scale normally provides for, to facilitate an appropriate grade distribution.

UNIVERSITY RESOURCES, PROCEDURES, AND GUIDELINES

Drop Policy.
If you discover that you need to drop this class, you must complete a Drop Request Form [https://www.tamuct.edu/registrar/docs/Drop_Request_Form.pdf].

Professors cannot drop students; this is always the responsibility of the student. The Registrar’s Office will provide a deadline on the Academic Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar’s Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar’s Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid and/or VA educational benefits.

Academic Integrity.
Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student’s academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student’s work, collusion, and the abuse of resource materials. All academic misconduct concerns will be reported to the university’s Office of Student Conduct. Ignorance of the university’s standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

For more information regarding the Student Conduct process, [https://www.tamuct.edu/student-affairs/student-conduct.html]. If you know of potential honor violations by other students, you may submit a report, [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=0].

Academic Accommodations.
At Texas A&M University-Central Texas, we value an inclusive learning environment where every student has an equal chance to succeed and has the right to a barrier-free education. The Office of Access and Inclusion is responsible for ensuring that students with a disability receive equal access to the university’s programs, services and activities. If you believe you have a disability requiring reasonable accommodations please contact the Office of Access and Inclusion, WH-212; or call (254) 501-5836. Any information you provide is private and confidential and will be treated as such.
For more information please visit our Access & Inclusion Canvas page (log-in required) [https://tamuct.instructure.com/courses/717]

**Important information for Pregnant and/or Parenting Students.**
Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and related guidance from US Department of Education’s Office of Civil Rights, the Dean of Student Affairs’ Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. Students should seek out assistance as early in the pregnancy as possible. For more information, please visit the Student Affairs web page [https://www.tamuct.edu/student-affairs/index.html]. Students may also contact the institution’s Title IX Coordinator. If you would like to read more about these requirements and guidelines online, please visit the website [http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf].

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender— including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Associate Dean in the Division of Student Affairs at (254) 501-5909 to seek out assistance. Students may also contact the University’s Title IX Coordinator.

**Tutoring.**
Tutoring is available to all A&M-Central Texas students, both on-campus and online. Subjects tutored on campus include Accounting, Advanced Math, Biology, Finance, Statistics, Mathematics, and Study Skills. Tutors are available at the Tutoring Center in Warrior Hall, Suite 111. Tutor.com tutoring **will not** offer writing support beginning August 1, 2019.

If you have a question regarding tutor schedules, need to schedule a tutoring session, are interested in becoming a tutor, or have any other question, contact Academic Support Programs at (254) 519-5796, or by emailing Dr. DeEadra Albert-Green at deeadra.albertgreen@tamuct.edu.

Chat live with a tutor 24/7 for almost any subject from on your computer! Tutor.com is an online tutoring platform that enables A&M-Central Texas students to log in and receive FREE online tutoring support. This tool provides tutoring in over 40 subject areas. Access Tutor.com through Canvas.

**University Writing Center.**
Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University—Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.
Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via WCOnline [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library.
The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. For more information, please visit our Library website [http://tamuct.libguides.com/index].

A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student
Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].

Behavioral Intervention
Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, who are exhibiting behaviors that pose a threat to safety, or individuals causing a significant disruption to our community, please make a referral to the Behavioral Intervention Team. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/student-affairs/bat.html]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5800.

   • Current employer, position, and length of employment
3. International experience
   • Study abroad, travel, foreign station, etc.
4. Goals for taking this course
   • What are your expectations about taking this course?
   • How is this course related to your academic goal and career goal?
5. Anything else you would like to share with the class?

Read the following statement carefully and type your name as your “signature”/date your agreement. Append the following statement in the end of your posting.

“I have read the Syllabus and understand the course expectations, assignments and associated deadlines for BUSI 344-130. I understand it is a 100% online class, and that I must be self-disciplined to be successful. I will try my best to be part of the positive learning community in this virtual classroom by adhering to the netiquette and showing support towards my student colleagues. I understand that there is extensive group work in this course. I will put in my best effort to contribute to the group assignments and complete the assignments on time. I will also hold myself to a high standard of ethics in all assignments and examination in this course.”

Finally, I have a functioning computer and reliable Internet access at my disposal to undertake a 100% online class on the TAMUCT Canvas learning system.”

*Appendix C Cultural Interview Assignment & Grade Rubric on next page*
APPENDIX C: Cultural Interview Assignment & Grade Rubric (100 points)

**Purpose:** A cultural interview is conducted with a person who has different nationality from yours. The main purpose of the interview is to discover and evaluate cultural similarity and differences. The interview summary is for you to reflect on your dialogue with the interviewee. *This assignment facilitates the mastery of CLO 1 & 8/MLO 1-4, 62.*

**Grading:** The interview summary should be 1-page long, single-spaced, 12-font, free of major spelling/grammar mistakes and conform to the Cultural Interview grade rubric below. *See Course Calendar for specific due dates.*

**Written Form:** The interview summary should be 1 page long, single-spaced, 12-font, free of major spelling/grammar errors, and conform to APA citation.

**Format:** The reflection summary should cover all major points listed below.

**Part 1: Interviewee description.**

- Clearly identify your own cultural background as the basis of your cultural interview.
- Provide a brief introduction of how you met the interviewee.
- Describe the country of origin of interviewee.
- Describe the interviewee demographics (e.g., age, education, family status, occupation).

**Part 2: Major country differences.**

- Identify and describe at least two major similarities and differences between your culture and the interviewee’s culture. The similarities and differences may be in diet, etiquette, major religion, government, education system, family types, traditions, etc.

**Part 3: Interviewee’s culture in relation to Hofstede’s framework.**

- *Briefly* describe where your interviewee stands on each Hofstede cultural trait. As follows: Individualism versus Collectivism, Power Distance, Uncertainty Avoidance, Masculinity versus Femininity, Long-term Orientation, and Indulgence versus restraint. (Use page 64-66 of your book to make your assessment).

- *Note: simply listing each dimension based on external sources is not enough.*

**Part 4: Handling cultural differences while conducting business.**

- If you were to interact with your interviewee in the workplace on a regular basis, what specific recommendations would you make for handling cultural differences? Provide at least two substantive recommendations.
➢ Note: your recommendations should be consistent with what you learned about the interviewee’s culture

Cultural interview tips:

Start by reflecting on your own background and past experience to identify your own cultural identity. Note that some of you may have a different cultural heritage from American culture, and some of you were born and raised in a foreign country so think about which culture influences your values and beliefs the most. Then, ask your interviewee to identify his or her national culture. Do your homework and read about the national cultural differences before you conduct the interview.

How to find an interviewee?

If you do not have any suitable person among your friends, family, or other acquaintances, you can also find your interviewee through the international student association on campus or an ESL program at the community college. Alternatively, you may also consider reaching out to a foreigner through a social network such as LinkedIn.

Sample Interview Questions

1. What should I know of your country’s recent history, governance and language?
2. What do you understand as the major values and beliefs of your culture?
3. What cultural customs might surprise me?
4. If I were to fall in love with someone from your culture, what would you advise me in terms of dating, courtship and marriage practices?
5. What do different cultural practices look like? For example, understanding of work and leisure?
6. How do you define success?
7. How important is education in your family?
8. Is punctuality important to you? Why or why not?
9. What is the most important meal of the day?
10. What are considered the indigenous foods in your culture?
11. Do you have any eating habits/rituals that are specific to your culture?
12. How is physical contact viewed in your culture?
13. What is considered most disrespectful in your culture?
14. What is considered most respectful in your culture?
15. According to you, what is the most commonly held misconception about people of your culture?
16. What is the best/worst thing about living in the USA?
17. Is there anything else you’d like to share?

Appendix D Team Contract & Grade Rubric follows on the next page
APPENDIX D: Team Contract & Grade Rubric (10 points)

**Purpose:** In this class, *group work* is for the purpose of facilitating completion of the Group Project, in which you will work as a team to research a country and propose a new product to sell there, both in writing and in a presentation. The *team contract* is designed to formalize team members’ expectations in regard to team work. Such formalization is similar to the business world, which relies on contracts to enforce agreed upon behaviors. An additional purpose of the team contract is to promote and enforce academic integrity among all group members. *Development of the contract facilitates the achievement of CLO 8/MLO 62.*

**Due Date:** *See Course Calendar for due date.*

**Format:** Use the contract form below and add to it in order to customize it to the needs outlined below.

**Parameters:** What follows are the steps you need to take in order to create a team contract.

**Note:** If a team member does not behave as agreed in the team contract, this can result a grade of “F” for the non-conforming team member based on: the assignment requirements, the team contract, and the peer evaluation results. *I will periodically check in with the team and see how well the contract is being fulfilled.*

*First,* all group members will supply the team with their *detailed contact information.* A phone number and a reliable email address are mandatory information. Other contact information may also be shared - your group can decide if you want to use other forms of social media for communication, such as Facebook or Twitter, for example (for all graded team assignments, documentation of member participation/contribution is necessary, so choose a communication method that makes it easy to post documentation into your Canvas group area.

*Second,* your group should structure the team contract to ensure each group member’s commitment and *timely* contribution to the group work on the cultural research, group written report, and the group presentation. The team contract should *fairly allocate the work to be done – specifically identifying who is responsible for what.* **Note:** *Team assignment details are outlined here in Appendix D (Team contract), in Appendix E (Group Country Research Report), Appendix F (Group Country Written Report) and Appendix G (Group Country Presentation) of this Syllabus. It is wise to specify*

- the specific research questions (see initial country research assignment in Appendix D below) that each individual is responsible for.
- an individual who is in charge of the final submission of the team assignments.
- internal due dates for member submission of draft deliverables. **Note:** Team project due dates listed in the Course Schedule & Canvas Calendar are *firm deadlines.* Realistically, to help team members avoid procrastination, the team should establish earlier due dates for individual team member work on the four country research reports, and as well for contributions to the country written report and the presentation. The team needs time to review, revise, and edit member contributions in order to submit the assignments to me, on the due dates.

*Third,* the team contract must state at the top, the team choice of the country it will research and write about. I will try to honor your choice based on a first come, first serve
basis. Put the team’s choice at the top of the contract.

Finally, each team member must electronically sign the team contract by typing both name and date where indicated on the contract form (see next page of this syllabus for Team Contract Form).

- Post one copy to me for grading in the assignment folder.
- The group is also required to submit documentation of the group interaction. It can be a picture of face-to-face group meeting, a chat or text record, recordings of a virtual meetings, or other means. The country selection and team contract fulfill CLO 1 & 8/MLO 62.
- In the Canvas classroom, teams will have a group area to negotiate, post files, documentation of the group interaction (messaging records, chat-records or recording of meetings, or other means), etc.

**Grading Rubric:** Teams will negotiate until 100% of the required contract elements stated above, are agreed upon. In other words, I may give you feedback on the Contract assignment that includes requests for revisions. **Note:** Little or no participation in team contract negotiations will lower your team contract grade and may result in a grade of ‘F’.

**TEAM CONTRACT FORM**

(Teams: List detailed expectations in the form below)

As a group member, I____ (individual team member name) agree with the following listed expectations to ensure smooth group coordination and generate excellent group work.
- Every team member needs to participate and communicate.
- Each member should help other team members if they are struggling with something.
- Team members have the right by consensus to approach the professor about a team member who is not abiding by the team contract.

I assume the responsibility for doing my task in the project and fulfilling the responsibilities assigned to me (see **Work Table below**).

*If my individual work is not submitted, late, or of poor quality, I accept that the team will penalize me in the peer evaluation and cause me to earn a lower grade than the team grade.*

*Appendix E Country Research Assignments & Grade Rubric on next page*
APPENDIX E: Country Research Assignments & Grade Rubric (70 points (17.5 each))

Four country research assignments are scheduled in the course. Each group research assignment addresses a major section of the country project. In light of the detailed feedback you will receive from the professor, these smaller research assignments are critical to your success on the Group written report and presentation. These research assignments are the foundation for the Group Country Written Report and taken together, facilitate the mastery of all CLOs/MLOs.

Recommended Research Procedures: Group members should work individually – according to the group contract - to research the country and then as a group share the individual responses to the listed discussion questions in order to complete each country research assignment in a manner reflecting group member’s contributions. Initial deadlines should be established in the group contract outlining member work due dates, in order that each group research assignment is submitted on time.

- A common procedure for completing country research assignments is for group members to divide up the questions and each group member can do independent research and information entry. Then all group members can pitch in to edit the researched info. Your group is free to choose to share the researched information using various group tools, such as file exchange, group wiki, discussion board, etc. Once the information is shared, all group members are responsible for critically synthesizing the information compiled as the final submission. The group member who is in charge of the final submission of each research report has the right to demand cooperation from all group members to work with the deadline.

- All questions require research to be done on the country selected by your group. REMEMBER: you are not expected to be experts on the country you chose but you will become experts based on the research you complete. Follow the outline presented below using each question as a subtitle.

- You must provide evidence for ALL your statements using in-text citations with full APA references at the end of the report to show the sources of ALL external information you refer to (this is the basis for the credibility of your report and the validity of your conclusions)
  - Please do not copy-paste entire sentences or paragraphs (TurnitIn will flag this as plagiarism!). Make sure to synthesize multiple sources and convey the information in your own words

- Write this report as if you were a team of external consultants working for a big client (no informal, text-messages language). No I/Me but We/Us.

Grading: The country research report grades will be based on overall group performance (see rubric below), however, individual members who do not contribute research and content and/or have little or no participation in any of the four country research assignments will earn lower than the team grade, perhaps a zero grade. When submitting each cultural research assignment, you will specify the names of the group members who contribute to the assignments. See Course Calendar for due dates.
Country Research Report Assignment I Trade environment analysis

- For the country your group is researching, how important is trade (e.g. what's the trade as a percentage of GDP for the country)? What’s the comparison with the adjacent countries and/or countries with similar economic status in terms of reliance on trade?
- What products and services does the country export and import?
- With whom does the country trade? Is it dependent on any particular nation for trade, or does another nation depend on it? Does the country only trade with high-income countries or with low- and middle-income countries, as well?
- Is there a concerted effort by the government to promote exports to stimulate the economy? Are there any trading policies favorable for US business investors?

Country Research Report Assignment II Monetary environment analysis

For the country your group is researching,

- Does it have a city that is an important financial center? What volume of bonds is traded on the country’s bond market? How has the stock market(s) performed over the past year?
- What is the current exchange rate between its currency and the U.S. dollars as of the beginning of this month? Use the country's currency as the base currency to report a direct quote of the country's
- What is the percentage of change in the country’s currency exchange rates with the US dollar compared to last month and last year? Reference the Appendix in Chapter 9 for the calculation of the percent change in exchange rates. Your task is to determine the percentage of change in the country's currency over one month and one year period - in relation to the U.S. dollar. Show the calculation in your assignment submission.
- Is there any restriction on the exchange of the country’s currency?

Country Research Report Assignment III International opportunity

1. Outline your group's analysis of the opportunities and challenges raised by investing in the
   - What major challenges exist for US business investors doing business in the country, given risks in the 1) socio-cultural, 2) economic/monetary, 3) political/legal environment, and 4) technological environment?
   - What are the major opportunities for US businesses investing in the country?

2. Propose a product (good or service) to launch in the country, being sure to thoroughly explain with supported arguments:
   - How the product proposal takes advantage of the opportunity presented in the country. Use the market-potential indicators to estimate the market demand for your product
   - Who are the current major competitors in the country? What competitive advantages do you have vis-a-vis these major players in the country?
   - Why the product can be successfully launched in the country given the opportunities and challenges raised in your analysis of the country’s various environments?
Country Research Report Assignment IV Entry Strategy

- Considering the 1) production and 2) marketing requirements for a successful launch of the product in the country, what are your major advantages and disadvantage as a US business investor (e.g. How is your product/service proposal going to be beneficial for the chosen emerging economy?)
- Identify an ideal entry mode and explain how this entry mode can best leverage your advantage and disadvantages as a US business investor.
- Reference Chapter 14, what aspects of host country culture do you expect to influence your promotion strategy? How will you tailor your promotion strategy accordingly?
- Reference Chapter 14 regarding the five types of communication strategy (i.e. production/communication extension, product extension/communication adaptation, product adaptation/communication extension, product/communications adaptation, product invention). Which strategy will you use in the host market and why?

*Appendix F Group Country Written Report on next page*
APPENDIX F: Group Country Written Report and Grade Rubric (150 points)

Each group will select for research purposes, one country from emerging country/markets. For that country, your group will use the research/survey materials from the four research assignments covering the socio-cultural, economic (specifically including the trade and monetary environment), political & legal, and technological environments to outline the challenges and opportunities of conducting business in the country, and then provide a proposal for a successful international business product launch in the country based on the group’s survey and research about the country as well as international business principles. Your proposal should not be such that it could apply to any country – the proposal must be tailored to and for the country that the group chose to research. This is a key point that many students forget. This assignment facilitates the mastery of CLO 1 – 8 & MLO 1-62.

Grading: The written report should include the following major topics and it should conform to the grade rubric below which describes how the written report should be completed for each grade level. See Course Calendar for due dates

Guidelines: All questions require research to be done

- You are not expected to be experts on the country/industry/product you selected. You must provide evidence for ALL your statements using in-text citations with full APA references at the end of the report to show the sources of ALL external information you refer to (this is the basis for the credibility of your report and the validity of your conclusions)
- Please do not copy-paste entire sentences or paragraphs (Vericite will flag this as plagiarism!). Make sure to synthesize multiple sources and convey the information in your own words
  - Write this report as if you were a team of external consultants working for a big client (no informal, text-messages language). No I/Me but We/Us.

Written Form: Follow the outline/format given below. Your written proposal must use times new roman size 12-font, your group proposal must be 7-10 typed, double-spaced pages (not including the cover page, TOC, and reference list page, and also excluding any appendices of attached data/material for the key figures, charts, etc. used in your paper. All references must be used [and cited] in the body of your written paper, using APA citation style.

Format:

1 EXECUTIVE SUMMARY: Short and concise. A broad overview of the country and the proposed product for entry, summarizing the country details important to your proposal - history, climate, etc. – covering the principle points of the report. Not over 2 pages. Cover the principal points of the report, (prepare your summary after your plan has been written).

2 COUNTRY ANALYSIS: A professionally written factual description of your country’s environment, demonstrating significant research based on abundant credible resources properly cited for the following:
   A. Political Environment (political system, political risks for foreign firms)
   B. Legal Environment (legal system, legal risks for foreign firms)
   C. Economic Environment (economic system, economic stability/risk, monetary system)
D. Trade Environment (major imports, regional economic integration, tariff and trade barriers, government incentives for conducting business there)

E. Cultural Environment (discuss major cultural components and highlight differences with the United States, provide cultural dimensions’ assessment with supporting examples)

(Note: you may integrate information from your Initial country research report, BUT you are not allowed to copy-paste entire sections as is)

3 PROPOSED PLAN FOR NEW PRODUCT ENTRY: For each item below, your proposal should be professionally written and evidence significant research of credible sources that are properly cited.

A. **Outline the challenges and opportunities** of doing business in the country for US firms in particular. (Note: you are expected to integrate the facts presented in part two as well as in your Initial country research report and other credible external sources such as, for example, business magazines and quality newspapers).

B. **Propose a new product to enter** your country based on your analysis in 3A and justify why it represents a good business opportunity and meets the demand of the host market. Build a clear and logical argument explaining your choice including the market- potential indicators to estimate the market demand for the product/service. (Note: you may reuse this part from the initial country research report BUT you MUST incorporate the feedback that you received on it by elaborating and correcting your initial argument write-up to avoid losing points; you may also build a brand new argument for a different product if you realized that your initial ideas were erroneous/ irrational).

C. Discuss your **analysis of the local competition** for your selected product, with special attention to the industry structure, major players (local and foreign) already present. Your analysis should include a discussion of the advantages that your focal/selected company producing or selling this product/service will have in order to compete against existing market players in the country.

D. **Discuss your entry strategy** including an explanation of the risks your entry mode, the distributions channels, promotion methods, and other relevant considerations such as staffing.

1. Select an appropriate entry mode for the proposed product (e.g., exporting, licensing, JV, etc.). Explain why you believe this entry mode is adequate. Discuss some of the risks and disadvantages linked to this entry mode.
2. Identify appropriate distribution channels for your product
3. Identify appropriate promotion methods
4. Other relevant consideration: e.g. hr/ staffing if decided to manufacture locally.

Note: be specific in providing real potential business partners and identifying major outlets and players for distribution and promotion in addition to clearly stating your choices and using theoretical concepts from the textbook. Your recommendations should be actionable.

**Appendix G - Presentation assignment requirements are on next page.**
APPENDIX G: Country Presentation & Grade Rubric (50 points)

As a group you will present your group’s research findings in a presentation summarizing your research, analysis and proposal including all group members in the presentation. Creativity is encouraged in all presentations. You may wish to consider using role plays, mock business meetings, interview formats, or other devices to maintain interest. At the minimum level, a set of slides with voice over the slides should be put together as a group. This assignment facilitates the mastery of CLO 1-8/MLO 1-62.

If your group can’t physically meet and record a presentation together (the case for most of the groups), I recommend to use Power Point slides recording feature: Slide Show> Record slide show (make sure that your video camera and audio are ON). Once each member records their portion of the slides, you can combine these slides which will have a square in the corner with you talking, and save this PPT in an MP4 format (compress if needed before saving the video). As an alternative, you can also record your parts in Canvas Studio and combine them together afterwards. Please review the grading rubric for more details on how your group presentations will be graded.

To prepare for the group presentation, you can divide up the sections for group members to work on different parts. However, the coordination and integration of the information across all sections is important to produce a coherent and concise report.

Grading: Group presentations should be 10-15 minutes in length and should cover key points. It is not necessary to present everything in your proposals: you should focus on a sub-sample of the most interesting and relevant points of each section of the proposal and include major challenges and opportunities as well as recommendations for successful international business product launches in the country. The grade rubric below explains how your presentation will be graded.
