

SOCI 5389: QUALITATIVE RESEARCH METHODS
100% online

Professor: Roslyn Schoen, PhD
Office: Heritage Hall 204B
Office hours: By appointment

Course Description: This course will provide students with an advanced understanding of the methodological approaches we commonly think of as qualitative research methods, with special emphases on various types of interviewing, observation techniques, ethnographic field-based methods, and content analysis. Students will learn both the techniques of qualitative research and engage in philosophical, ethical, and theoretical conversations around qualitative methods. The course will explore issues of research ethics as they pertain to qualitative research in the social sciences as well as the history and epistemological basis of qualitative research methodology.

Course Objectives: The primary objective of this course is to familiarize students with the intellectual and pragmatic issues concerning qualitative research methods in the social sciences. Students will be able to...

1. Understand qualitative research in the social sciences, including data collection techniques, analysis, writing, and presenting qualitative material.
2. Be familiar with the history of qualitative research in the social sciences.
3. Apply the theoretical conventions of qualitative research methodology to empirical cases.
4. Practice various forms of data collection and analysis related to observation, interviewing, and textual analysis.
5. Discuss the epistemological history of qualitative methods and understand the distinction between these epistemological assumptions and those of other types of social science research.
6. Examine the ethical responsibilities of qualitative researchers in light of the much closer contact with “subjects” and “informants” than in other areas of research.
7. Think collectively and critically about qualitative research, including the ability to locate and assess the quality of published qualitative studies.
8. Identify the professional norms and styles for writing and presenting qualitative research findings.

Mode of instruction and course access: This is an online course with all assessments and lectures available through our course Canvas page.

University Writing Center

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WCOOnline](https://tamuct.mywconline.com/) [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC and/or need any assistance with scheduling.

University Library

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

Referring your concern shows you care. You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted.
