University Library.
The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. OPTIONAL POLICY STATEMENTS:
A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage https://www.tamuct.edu/compliance/titleix.html.

INSTRUCTOR POLICIES.
CLASSROOM USE OF ELECTRONIC DEVICES
Unauthorized and/or distracting use of electronic devices will not be tolerated in the classroom.
Electronic devices include, but are not limited to, computers, cell phones, pagers, smart watches, and Tablets. Examples of unauthorized use include: "Instant-Messaging"; inappropriate internet browsing/surfing; playing games; talking on cell phones; e-mailing. Students are expected to turn off audio notification for cell phones and pagers. **A student who engages in distracting or unauthorized use of electronic equipment in class is considered to be in violation of the MU DPT professional behaviors and will be asked to immediately leave class.** Being dismissed from class will count as an absence. Further sanctions will be applied for repeat offenses.

**COMPUTER ISSUES**

Many students utilize personal laptops or tablets for note and examination taking, and for submitting assignments electronically to Canvas or other online programs. If a student should have issues regarding submission of assignments due to technical computer issues (i.e. computer malfunction, network outage, etc.), the student is responsible for submitting the assignment on time. They should email or phone their course instructor to notify them of the issue and attempt to submit the assignment via email or other means as decided by the course instructor. Submission of a late assignment due to technical computer issues as described above will follow the Late Work Policy. No exceptions will be made for technical problems involving the internet, email, or Canvas.

If a student has technical issues and requires an additional computer/laptop for examination, it is their responsibility to notify the course instructor to attain the necessary equipment. Notification should be given at least 24 hours prior to the examination date/time, if possible.

**LATE WORK**

Students should turn assignments in by their due date and time as indicated by the course instructor or syllabus. In the event that assignments are turned in after the appropriate designated date/time without prior approval by the course instructor, the following course policy applies:

- On the first offense, the student will receive a decrease in their grade on the assignment by one letter grade in addition to any missed points on the assignment.
- On the second late offense, or any thereafter, the student will receive a “0” for the assignment.

No exceptions will be made for technical problems involving the internet, email, or Canvas. Emergency or illness are some of the only exceptions to this policy. All potential exceptions will be dealt with on an individual basis.

**EXAMINATION REVIEW**

Students will be provided with **ONE** opportunity to review their examination. The review will be at the discretion of the course coordinator. Students are not permitted to copy, write, reproduce, photograph or identify in any way examination questions, answers and/or rationale (hard or electronic format) provided during an examination/quiz review and will be considered an honor code violation if done so.
