OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone
discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].

Learning Evaluation Methods:

- **Participation (10%)** -
  - *Participation Quizzes* - This category includes 9 short quizzes that will be completed over class material.
  - *Discussions* - Three discussions will be conducted throughout the semester. Discussion posts may not be turned.

- **Topic Approval (2%)** – This grade involves selecting a topic for your overall paper and turning it in on Canvas to be approved by your instructor. You will also submit one academic research article over your topic at the same time. If your topic is not approved, you will receive a temporary zero and you will have one week to revise and re-submit as directed by your instructor. If your grade is something besides zero because you did not answer the other questions correctly, you may not resubmit for a better grade. If your topic is submitted late, any revision will receive a maximum grade of a 50. Your topic may be changed, but you must get it re-approved to maintain your grade for this assignment.

- **Three Articles Approved (10%)** – This grade involves uploading to Canvas a pdf of each of your 3 main articles in a viewable format (preferably pdf) so that the instructor may approve of the article. You will also answer basic questions about the article. If a submitted article is not accepted, you will be given a temporary “0” grade and you will have one week to find and submit another article in a viewable format at a 5 point deduction per attempt. If your grade is something besides zero because you did not answer the questions correctly about the article, you may not resubmit for a better grade. Resubmission is only for when the article is not accepted.

- **Quizzes (15%)** – This grade will be based on three assessments of your knowledge of research methods, APA style, and plagiarism. See the schedule for the time of these respective assignments.

- **Journal Article Reviews (20%)** – This grade will be based on two brief papers you will turn in systematically describing two of your three main research articles. The article(s) being
reviewed must be approved by the instructor prior to turning in. Additional guidelines will be provided.
  ○ Article Analysis One - A summary of your first article
  ○ Article Analysis Two - A corrected summary of the first article and a summary of your second article with an appropriate transition.

- **Outline of Research Review Paper (5%)** – This grade will be based on an outline that you will create of your final paper and upload to Canvas. To turn in this assignment, you must have already had (1) your topic approved, (2) three articles approved, and (3) turned in your journal article reviews.

- **Research Paper Presentation / Discussion (5%)** – This grade will involve briefly presenting the content of your outline in an online video.

- **Rough Draft of Research Review Paper (5%)** – The purpose of this grade is for the student to receive feedback from the instructor. Therefore, students will receive 100% of the credit for this assignment if these conditions are met (1) it is turned in before the due time/date (2) your topic has been approved, (3) three articles have been approved, (4) you turned in your journal article reviews, and (5) you turned in an outline.

- **Final Research Review Paper (30%)**

**Research Experience Requirement:** Students in selected psychology courses (PSYC 3307, PSYC 3309, PSYC 3330, PSYC 3312, PSYC 4320) are required to engage in research experience activities as part of the course. The research experience activity includes either participating in research studies directly related to psychology, writing summaries of peer reviewed empirical research articles, or a combination of both.

**Sign Up:** To receive credit for a research experience activity, students must sign up to participate in a research study or write a research summary through the Counseling and Psychology Research Sign-Up System hosted by SONA (https://tamuct.sona-systems.com). Students should access the TAMUCT SONA website and request an account using their TAMUCT email account. Students must verify their account requests before being granted access to the system. Once the account is verified, students will be able to sign-up for research experience activities. A tutorial video is provided for using SONA (https://www.youtube.com/watch?v=_1OnT2ZU6QQ). Students who have problems signing up for SONA or have questions should contact the SONA coordinator Melissa Sanchez (ms057@my.tamuct.edu).

**Credits:** Students are required to complete 3 research credits in this course. The first research credit must be earned before the middle of the course (midterm). Credit is allotted as follows and is determined by the researcher (not the course instructor) based on estimated participation time:
• 1 credit for each hour (60 minutes) of research participation (in-person or online)
• 1/2 credit for each 1/2 hour (30 minutes) of research participation (in-person or online)
• 1 credit for each summary of a peer-reviewed, empirical research article.

Students who drop a class after having earned research experience credit cannot apply any accumulated credit from that class towards the next time they take the course.

**Penalties:** Any student who has not earned 1 research credit before the halfway point of the course (midterm) will be penalized 1 letter grade on the final course grade. Any student who has not earned all required research credits prior to the opening of the final exam period for the course will lose 1 letter grade on the final course grade for every research credit short of the required 3 research credits (e.g., missing 2 credits will result in a 2 letter grade reduction in the final course grade).

**COURSE POLICIES**

**Late Work Policy.** Any work that is turned in after the specified due date (on the syllabus) for this course will lose 10% per day for the first week. After that week has passed, no more assignments will be accepted. Some assignments may have different rules concerning late work as delineated in the more specific guidelines above.
