University Library

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 400,000 eBooks and 82,000 journals, in addition to the 96,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place virtually through WebEx, Microsoft Teams or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [<https://www.tamuct.edu/compliance/titleix.html>].

The Course Operation and Being a Disciplined Learner

Effective course learning requires class members to be very self-disciplined; be sure you understand and are prepared to comply with all required class assignments and deadlines. For this course, the Weekly Assignments will be posted on the Course Schedule with corresponding due dates listed within the Course Schedule. All graded weekly assignments are due by Sunday, 11:59 p.m. of the associated week, except for Week 16 which ends for our course on Thursday of that week.

If a class member experiences a technical problem that prevents submitting an assignment by the due date, the student should contact the instructor immediately. All assignments in this course are due by the listed due dates found on the Course Schedule and at our course Canvas pages for each specific assignment. All weekly graded quizzes are due by Sunday, 11:59 p.m. of the associated week, except for Week 16 which ends for our course on Thursday of that week.

It is the class member's responsibility to read any announcements posted by the instructor under the Announcements section of our Canvas homepage or in e-mail. Students are expected to follow all instructions provided by the instructor for each specific assignment, precisely.

Class Discussion Participation and Class Attendance

Regular classroom attendance, active small-group and class discussion participation (asking questions and providing answers), in-class-writing and reading assignment quizzes, and peer-writing-feedback are required. A class member may receive a significant grade reduction in the course when his/her lack of attendance/active discussion participation prohibits him/her from meeting the course objectives, or when a class member accumulates excessive absences that prevent his or her active discussion participation, as well as completing and submitting assignments by the listed due dates. For every 100 points that a student misses in this course, the student's final grade will drop one letter. In addition to active classroom activity and discussion, **class members should not go more than 2-3 days without logging on to our course at Canvas to check for new announcements, reminders, and/or assignments.**
