COURSE REQUIREMENTS

Course Requirements

A syllabus serves as an instructional and study planning document for both faculty and students. Although every effort will be taken to complete the semester according to the syllabus, it may become necessary to make certain changes to facilitate the academic environment better. In such an event, changes will be announced within one week of the change decision in the Canvas classroom. Changes may be made within the last two weeks of the semester only in exceptional circumstances. Conflicts between Canvas and the syllabus will be resolved according to syllabus requirements. Following is a

Online

description of the major course assignments as well as other components that make up the total grade for this course.

Class Participation

Students are expected to participate in class discussions where appropriate and/or when called on. Further, students are expected to conduct themselves at all times in a professional manner.

Participation/Professionalism points are earned via active, meaningful, and consistent contributions to class discussions. Your grade will be assigned based on my evaluation of how consistently and effectively you contribute to the learning environment. These points are generally earned with every activity.

These class participation points are awarded solely at the discretion of the instructor.

Research Paper and Presentations

Each student will investigate a research question developed from topics covered in class and write a thorough paper on it. The paper must be your own work and it should demonstrate that you have read about and understood your topic. Note that these are broad topics so you will have to narrow the scope of your topic and write a manageable paper on a pertinent aspect of the topic. Do not try to write about everything related to the topic. Focus on a relatively narrow aspect only. It is not an essay, there must be a research question, literature review and conclusion section. All topics must seek approval from the instructor.

Paper must be APA style and about 8 pages long. Times New Roman, 12 pt font, double-spaced. Grades for the paper will be assigned based on writing quality, organization and flow, technical accuracy, documentation style and accuracy of references, and demonstration of an understanding of the issues related to your topic. Detailed Grading Rubric will be posted on Canvas.

Towards the end of the semester, each student will present their research & findings to the class in a concise, engaging and thoughtful presentation of about 15 minutes. Effective communication is a key component of a well-rounded accounting professional and this skill is only developed with practice and constructive feedback. Each student will grade their peers' presentations providing valuable suggestions. Details of this will be discussed in class and more guidelines will be posted.

Here are some resources that might be helpful to develop your research. We will discuss this more in detail.

Students are expected to be prepared each week by completing the assigned readings before due dates as posted in the course schedule or on canvas. More details on the QuickBooks assignment will be provided in class via Canvas.

Exams

The exam dates are listed on the syllabus. There is no provision for makeup exams unless in an unforeseen circumstance or an emergency. If you are going to miss an exam, it needs to be communicated to me well in advance (2-3 weeks at least), not after the exam has passed.

If you have an issue with PROCTORIO, please notify me by September 5, 2021. We will then devise a plan for testing at the testing center. If I am not informed by then, I will assume you are okay with this tool. Please read more about PROCTORIO at <https://proctorio.com/>

It is YOUR responsibility to make sure your device is compatible and works on the day of the exam. It's best to test it, configure everything several weeks before our first exam.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].

You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].
