3. COURSE REQUIREMENTS

A syllabus serves as an instructional and study planning document for both faculty and students. Although every effort will be taken to complete the semester according to the syllabus, it may become necessary to make certain changes to better facilitate the academic environment. In such an event, changes will be announced in the virtual classroom and emailed to students within one week of the change decision. Following is a description of the major course assignments as well as other components that make up the total grade for this course.

* IMPORTANT NOTICE

All the required works in this course represent the independent work of students; teamwork will not be permitted. A student who turned in a course requirement that is a result of teamwork will receive a failing grade "F" and a referral to Student Affairs.

3-1. Requirement 1: Online Discussions (7 discussions range from 30 to 40 points each, a total of 250 points)

Online discussions are intended to create student-to-student interaction in the course as well as teach and reinforce module concepts. The detailed instruction for each discussion will be provided through Canvas. Discussions are interactive and time sensitive; therefore, contributions to **discussions will not be accepted late without written documentation of an unavoidable or unforeseeable event.**

Professional Conduct Expectations: Online netiquette and in-person professional conduct are required at all times. I reserve the right to delete student posts that violate netiquette expectations,

including those posts that lack kindness, respect, and inclusive language towards students or the instructor. A student whose post lacks netiquette will be deleted and receive a 0 for that discussion. A student's behavior that is unprofessional and/or violates netiquette expectations will be viewed as a violation of professional etiquette ([Course Requirement 7](#)). **A reduction in one final grade level (e.g., from A grade to B grade) will occur per case of behavior that is unprofessional and/or violates netiquette expectations.** However, I reserve the right to reduce the penalty if I believe the behavior was unintentional or very minor in impact.

3-2. Requirement 2: Individual Assignments (8 assignments range from 50 to 100 points each, a total of 480 points)

Assignments in this course are qualitative assessments of module-level learning objectives, which are designed to help you practice applying course concepts to solve compensation problems. *A rubric entailing the grading criteria is provided with instruction for the assignment.* An example of an individual assignment can be found in the [Appendix](#).

If citations and references are needed in writing your answers, you are required to use the **American Psychological Association (APA)** formatting. **Students whose assignment includes plagiarism will receive a failing grade "F" on this course and be referred to Student Affairs.** However, I reserve the right to reduce the penalty if I believe plagiarism was unintentional or very minor in impact. Please review my policy regarding Plagiarism under [Instructor Policies](#). If you are unfamiliar with APA, I encourage you to investigate the links provided in the Orientation module.

Assignments are not accepted late without written documentation of an unavoidable or unforeseeable event preventing you from completing and turning in the assignment during the week it was available for submission.

3-3. Requirement 3: Module Review Quizzes (14 quizzes, 10 points each, a total of 140 points)

Chapter review quizzes are provided to ensure students are reading and understanding concepts presented in the learning module as well as to help prepare you for the final exam. Quizzes reinforce key concepts from the required readings and lectures related to module-level objectives. Quizzes will be completed and submitted to Canvas, then scored automatically through TAMUCT's Web-supported Canvas application.

Students can take each quiz twice. The higher score of the two attempts will be recorded. Quizzes include 5 to 10 questions each and anticipated to take approximately 15 minutes to complete. However, you may take up to 30 minutes to complete the quiz. Keep in mind that quizzes must be completed by the due date posted on the [bi-weekly checklist](#). **Opportunities to complete quizzes late will only be provided with written documentation of an unavoidable or unforeseeable event.**

3-4. Requirement 4: Final Exam (100 points)

There will be a final exam at the end of the semester. The exam includes 50 multiple choice and true/false questions, which **assess content from the required readings and lectures.** 50 multiple choice and true/false questions will be scored automatically through TAMUCT's Web-supported Canvas application. To complete the 50 multiple choice and true/false questions, 150 minutes will be given and **must be completed in one sitting (multiple attempts are NOT allowed for this exam).**

Opportunities to complete the final exam late will only be provided with written documentation of an unavoidable or unforeseeable event.

3-5. Requirement 5: Introduction (10 points)

You need to post your introduction at the beginning of the course (10 points).

3-6. Requirement 6: Syllabus/Plagiarism Review Quiz (20 points)

This quiz is provided to ensure students are understanding the course requirements as well as the writing requirements to successfully pass this course.

Students can take this quiz twice. The higher score of the two attempts will be recorded. This quiz includes 10 questions and anticipated to take approximately 15 minutes to complete. However, you may take up to 30 minutes to complete the quiz. Keep in mind that this quiz must be completed by the due date posted on the [bi-weekly checklist](#). **Opportunities to complete the quiz late will only be provided with written documentation of an unavoidable or unforeseeable event.**

3-7. Requirement 7: Professional Etiquette

Students are expected to embody professionalism to include the following:

1. **Demeanor** – Being polite, well-spoken, inclusive and mature, and demonstrating tact, respect, compassion, and appreciation - not being rude, belligerent, arrogant, or aggressive.
2. **Reliability** – Following through on tasks in a timely manner and communicating unanticipated events.
3. **Competency** – Committing to learning and applying content from the course, acting in a responsible manner, and practicing sound judgment, seeking assistance when appropriate.
4. **Ethics** – Being honest and trustworthy.
5. **Equality** – Refraining from giving or seeking preferential treatment unless supported by the Office of Access and Inclusion, adhering to published policies of the university, seeking assistance or clarification when appropriate.

A student who violates professional etiquette in a manner that is egregious (as determined by the instructor) may result in a failing grade for the course. A less severe penalty may be assigned by the instructor, depending on the circumstances of the situation.

3-8. Instructor Policies

Late works: All works are due on the date designated on the [bi-weekly checklist](#) unless otherwise posted in the classroom announcements. **No late works will be accepted without written documentation of an unavoidable or unforeseeable event.**

Plagiarism: A student who turned in a plagiarized assignment, *i.e., failing to cite and reference the information source properly*, **will receive a failing grade “F” and a referral to Student Affairs.** However, I reserve the right to reduce the penalty if I believe plagiarism was unintentional or very minor in impact.

When you are using an idea from another source (including your past assignments from this as well as other courses) in your writing, you need to do the following two things.

- 1) **Cite and reference the source properly (using the APA format).**
- 2) **Paraphrase the original writing, so no more than seven consecutive words are identical.**

* Here, a 'source' also includes your past assignments from this as well as other courses.

Any writing (that uses an idea from another source) that does not meet BOTH of the above two criteria will be considered as plagiarism.

How to properly cite, reference, and paraphrase are outlined in the *Citations and References* video in the Orientation Module. Please watch this video and cite, reference, and paraphrase accordingly.

Paraphrasing others' works: A large portion of a student's work done by paraphrasing (and thus citing and referencing) someone else's work will not be viewed as a result of independent work. A student can paraphrase, cite, and reference someone else's work to make certain points within the student's writing. However, if a too large portion of the student's submission is just a paraphrasing (and thus citing and referencing) of someone else's work, it will be viewed as "teamwork" outlined in this syllabus. **A student who turned in a course requirement that is a result of teamwork will receive a failing grade "F" and a referral to Student Affairs.**

Copyright of course materials: Students should assume that all course material is copyrighted by the respective author(s). Reproduction of course material or sharing it with others through any means (e.g., directly or indirectly through various websites like Course Hero) is prohibited without consent by the author and/or course instructor. **A student whose course material(s) has been shared through any means will be viewed as violating this copyright policy. Violation of copyright is against the law and Texas A&M University-Central Texas Code of Academic Honesty. Any alleged violations will result in a failing grade "F" and a referral to Student Affairs.**

The operation of the blended course: Students' learning experiences will be largely impacted by interaction with the instructor and other students not just in a physical classroom but also in an online environment as part of a learning community. Therefore, by registering for a blended course, you have committed to participate also in the online course activities. Plan to participate regularly.

Faculty cannot drop students; this is always the responsibility of the student. The Registrar's Office will provide a deadline on the Academic Calendar for which the form must be completed. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via WConline at <https://tamuct.mywconline.com/>. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

7. FREQUENTLY ASKED QUESTIONS (FAQs)

FAQ 1. Can the course contents be opened in advance?

Answer: No, course materials will not be opened in advance of the schedule outlined in the section '[5. Bi-Weekly Checklist](#)'. I develop course content and make adjustments to course materials during semesters for a better student learning experience.

FAQ 2. I have missed an assignment deadline. Can you extend the deadline for me?

Answer: Yes, but ONLY IF the reason for missing the deadline is due to an unavoidable or unforeseeable event. You'll also need to provide me with written documentation that verifies the reason.

FAQ 3. The reason that I have missed the assignment is private. So, I cannot provide you with a reason or documentation. Can you extend the deadline for me?

Answer: I value your privacy. However, in this case, I cannot provide you with a deadline extension. I have to be fair to other students, and I have to apply the same standard for a deadline extension to everyone.

FAQ 4. I have finished the assignment before the deadline. But I wasn't able to submit the assignment in time because there was a problem with my internet or the Canvas system. Can you extend the deadline for me?

Answer: Yes, I understand that this can happen, and you can submit your assignment late. However, in this case, your submitted assignment (either in word or pdf file format) should have been "last modified" before the deadline (this can be verified through the 'properties' menu in word or pdf program). If your file is shown as last modified after the deadline (for whichever reason, including the case that your file's last modified time cannot be verified), I cannot accept your assignment. Again, I have to be fair to other students, and I have to apply the same standard for a deadline extension to everyone.

FAQ 5. I have copy-and-pasted a writing that is more than seven consecutive words from another source. However, I have clearly cited the source in my assignment. Is this plagiarism?

Answer: Yes, that will be viewed as plagiarism in this course because seven or more consecutive words are identical to a writing from another source. For your writing to be free of plagiarism controversy, you need to paraphrase the original writing so that less than seven or more consecutive words are identical to a writing from another source.

FAQ 6. I have copy-and-pasted a writing that is more than seven consecutive words from my past assignment in another course. Is this plagiarism?

Answer: Yes, that will be viewed as plagiarism in this course because seven or more consecutive words are identical to a writing from another source. "Another source" also encompasses your past assignments from this as well as another course that you have taken in the past. For your writing to be free of plagiarism controversy, you need to paraphrase the original writing so that less than seven or more consecutive words are identical to a writing from another source. You also need to cite and reference your past work accordingly.

FAQ 7. I have taken this course in the past, but I'm taking this course again this semester. When I was taking this course the last time, I have completed Assignments #1, #5, and #7. Can I re-submit these assignments without any changes?

Answer: No, they will be considered as plagiarism for the same reason in my answer to FAQ 6 above. Please read the answer to the Q6 above for more detail.

FAQ 8. The syllabus says that teamwork is not allowed in this course. Does this mean that I cannot help out a classmate in understanding the learning contents or assignments that he or she is having trouble with (or vice versa for getting help from a classmate)?

Answer: No, a student helping out another student to better understand the learning contents is a kind gesture and is, in fact, somewhat encouraged. I'd rather have my students study together and have a better understanding of the learning contents than just give up on understanding the contents. (And of course, you can always reach out to me for help too.)

However, students have to answer the questions on their own based on how they have understood the learning contents. If a student's answer is too similar to another student's answer in a way that is difficult to be viewed as an independent work, this is now viewed as "teamwork," which is prohibited in this course.

So, if you are helping out John, please make sure that John writes the answers on his own based on how he understood the learning contents (and vice versa if you are the student that is getting help from John). And if seven or more consecutive words are identical to a writing from John's assignment, it will also be viewed as plagiarism.

FAQ 9. I have referenced (or used) my friend's work (or someone else's work from the internet). But I have paraphrased every sentence. Is this a problem?

Answer: Yes, this can be a problem as your submission can be viewed as an outcome of teamwork. What your friend can only do is help you to understand the learning contents related to the assignment. In this case, your answer will be too similar to your friend's answer in a way that is difficult to be viewed as independent work.

FAQ 10. Our Canvas website shows that I have achieved 92% of the grades available. Does this mean that I'm getting "A" in this course?

Answer: It depends. As outlined in the section '[3-9. Grading Criteria](#)' of this document, your final grade will be determined by the total points that you have achieved in this course and not by the percentage that you may see on our Canvas website. So, if your total point, in the end, is 900 points or greater and you see 92% on the website, your grade will be "A" grade for this course. But if your total point, in the end, is less than 900 points and you see 92% on the website, your grade will be "B" for this course.

FAQ 11. My total point in the end is 903 points. But our Canvas website shows that I have achieved 88% of the grades available. Does this mean that I'm getting "A" in this course?

Answer: Yes, your grade will be "A" in this course because your total point for this course is 900 or greater.

FAQ 12. Can I upload the course materials to websites like Course Hero?

Answer: No. Please read the section '[3-8. Instructor Policies](#)' of this document for more detail. You'll also receive a failing grade "F" and be referred to Student Affairs if the copyright policy is violated in any way.

Assignment #2: Strategic HRM in the movie *Moneyball* (60 points)

Distributed: XXX

Due: XXX

Why this assignment?

This assignment supports the Course Objective 1 listed in our syllabus.

Instruction

1. Review the lecture on *Strategic Fit and HRM* (Module 1 – Part 1). For this assignment, you need to first have a clear understanding of the two concepts, the *vertical and horizontal fits of HRM*.

2. Watch the movie *Moneyball*.

[Link](#) to the video on TAMUCT Library website

(TAMUCT ID and PW needed; Google Chrome or Mozilla Firefox recommended).

3. Answer the following five questions.

Q1) In the movie, Peter Brand claims that baseball teams in the past have wrongly defined their goals as “buying players.” According to Peter Brand in the movie, what should be the true goal of a baseball team? Why? (Hint: Watch the scene where Billy Beane and Peter Brand discusses this point at the parking lot.) **(10 points)**

Q2) Now, identify the HR needs (KSAs, behaviors, culture, etc.) of a baseball team that is (are) required to achieve the goal that you have answered in Q1. More specifically, identify the behavior(s) that are required from its baseball players for a baseball team to achieve the goal that you have answered in Q1. How can this help baseball teams to achieve the goal that you have answered in Q1? **(10 points)**

Q3) In the movie, how did the Oakland A’s achieve the vertical fit of HRM? In other words, what are some specific examples of HRM practices that the A’s have implemented to fulfill the HR needs that you have identified in Q2? (Hint: Watch the scene where Billy Beane and the scouts discuss which players to recruit with Peter Brand being present in the meeting room. Also, watch the scenes where Billy Beane and Peter Brand instruct the players what to do during the games.) **(15 points)**

Appendix – Assignment Example (Continued)

Q4) In the movie, how did the Oakland A's achieve the horizontal fit of HRM? In other words, what are some specific examples of an HRM practice that you have answered in Q3 being compatible with another HRM practice? For example, due to the budget constraint that the team was facing, the pay level for the players of the Oakland A's had to be low. So, the team could not just recruit any players that can fulfill the HR needs that you have identified in Q2. The team had to recruit in a way that is "compatible" with the low pay policy. What were some specific examples of this? **(15 points)**

Q5) What would be a similar situation that organizations face in a more generalized business setting? And how can organizations better respond to this situation by applying what you have learned from the movie (with a focus on the strategic fit of HRM)? **(10 points)**

Important Notes

1. In writing your answers, **NEVER copy-and-paste any part of the textbook or any other sources.** Write the answers in your own words. If more than seven consecutive words are identical to a writing from another source (including the textbook, your past works, and any other sources), it will be considered as plagiarism, and you will receive a failing grade "F" in this course. You will also be referred to Students Affairs.
2. See Appendix for the grading rubric.
3. The suggested length is two pages or less in total. But this is just a "suggestion." You do not need to be bound by this suggestion.
