**COVID-19 SAFETY MEASURES**

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University-Central Texas has adopted policies and practices to minimize virus transmission. All members of the university community are expected to adhere to these measures to ensure their own safety and the safety of others. Students must observe the following practices while participating in face-to-face courses, course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.) and co-curricular programs:

- Self-monitoring—Students should follow CDC recommendations for self-monitoring. Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction. Students required to quarantine must participate in courses and course-related activities remotely and must not attend face-to-face course activities. Students should notify their instructors of the quarantine requirement. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities.
- Face Coverings— Face coverings must be worn inside of buildings and within 50 feet of building entrances on the A&M-Central Texas Campus. This includes lobbies, restrooms, hallways, elevators, classrooms, laboratories, conference rooms, break rooms, non-private office spaces, and other shared spaces. Face coverings are also required in outdoor spaces where physical distancing is not maintained. The university will evaluate exceptions to this requirement on a case by case basis. Students can request an exception through the Office of Access and Inclusion in Student Affairs.

- o If a student refuses to wear a face covering, the instructor should ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member should report that student to the Office of Student Conduct. Additionally, the faculty member may choose to teach that day's class remotely for all students.
- Physical Distancing—Physical distancing must be maintained between students, instructors, and others in the course and course-related activities.
- Classroom Ingress/Egress—Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.
- The university will notify students in the event that the COVID-19 situation necessitates changes to the course schedule or modality.

**Mode of instruction and course access:**

There are prerequisites to this course such as solid knowledge of APA style, familiarity with the use of PowerPoint, Microsoft Word, the Internet, and attaching documents. You will access all course materials (except textbook), assignments, student-instructor and student-student communication, activities, quizzes, and resource links via the Course website.

**Student-instructor interaction:**

Although you can email, the best way to contact me is Canvas in box.

**COURSE INFORMATION**

**Course Overview and description:** Organizational Behavior is a field of study that investigates the impact that individuals, groups and structure have on behavior within organizations, for the purpose of applying such knowledge toward improving an organization's effectiveness.

**Course Objective:**

Students completing this course will be able to understand the importance of taking a systematic approach to the study of individual and group behavior in organizational settings. They shall analyze, synthesize, comprehend, and explain all components of the OB model and its relationship to the successful operation of modern organizations. An extensive study of the principles of psychology, sociology, and social psychology will allow students to be more effective members of organizations to which they might belong now or in the future.

At the close of the semester, students will be able to:

- Identify the factors that impact individual and group behavior in organizations and how organizations manage their environments.
- Analyze, describe, and manage attitudes and behavior in organizations.

- Improve and change individual, group, and organizational behavior to attain individual, group, and organizational goals.
- Analyze organizational behavior at three levels: the individual, the group, and the organization as a whole.
- Use the tools of organizational behavior to increase individual, team, and organizational effectiveness.

### **Student Learning Outcomes:**

Analyze behavior of people at work in all types of organizations. Learn fundamentals of organizational behavior, values, ethics, motivation, group dynamics, individual differences, attitudes, decision-making, conflict, power, change, stress, leadership, rewarding behavior, communication, and organizational structure. Prerequisite(s): MGMT 3301 and BUSI 3301.

### **Required Reading and Textbook(s):**

Required Reading and Textbook(s):  
 Organizational Behavior, 2nd Edition  
 Angelo Kinicki & Mel Fugate (2018)  
 McGraw-Hill  
 Loose-Leaf text  
 ISBN-13 9781260302875

### **COURSE REQUIREMENTS**

Course Requirements: (include point values for each- not just a percentage)

**Quiz 1 23 points (23%)**

**Quiz 2 23 points (23%)**

There will be a midterm quiz, covering the topics discussed in the first half of the class; and a final quiz that will cover the topics discussed in the second half of the class (so the second quiz will not have any information on it from the first half of the class). These quizzes (obviously) will be open book, but timed (so students will still need to have a high level of knowledge of the material, going into the quiz). See the intro video, and quiz assignment info sheet in Canvas for further information.

### **(Memo) Case Analysis (45%)**

A series of cases will be presented to the class. Students are expected to analyze each case, via a 2-page memo. There will be 5 memos, each worth 9 points (45%). The first and last memo will be evaluated by the instructor. Memos 2, 3, and 4 will be evaluated by the student's peers, via 'memo assessment' (see below). For the 5<sup>th</sup> memo, the students will pick any of the first 4

memos, and turn in that memo, with changes. As such, there will be no new topic for the 5<sup>th</sup> memo.

BECAUSE OTHER STUDENTS ARE GRADING MEMOS, NO LATE MEMOS WILL BE ACCEPTED.

### **Memo grading assessment (9%)**

As stated above, 3 of the memos will be evaluated by others in the class. Each memo grading is worth 3 points (3%). Students are expected to follow the same grading matrix as the instructor (the matrix will be provided, and as all first memos will be graded by the instructor, the students will have an example as to what is expected in the grading). The quality (and timeliness) will account for 9% of the student's grade for the class.

### **Memo grading criteria**

The memos will be graded on 1) Structure, to include Mechanics (e.g., clarity), Grammar (e.g., word choice), and Punctuation (e.g., proper usage); and 2) Content, which consists of argument (e.g., strength of argument). See memo reminders document (found in the memo info tab of module 1) for the grading matrix.

### **Class Grading Criteria**

**Grade Computation:** Students earn their course grades by completing scheduled assignments. To pass this course satisfactorily, students must complete each of the graded items listed. Failure to complete appropriate assignments may result in a failing grade. Refusal to complete assigned work will result in a failing grade.

<b>Assessment</b>	<b>Points/Percent</b>
Quiz 1	23
Quiz 2	23
(Memo) Case analysis	45
Memo grading assessment	9
<b>TOTAL</b>	<b>100</b>

### **University Writing Center**

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WOnline](https://tamuct.mywconline.com/) [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at [bruce.bowles@tamuct.edu](mailto:bruce.bowles@tamuct.edu) if you have any questions about the UWC and/or need any assistance with scheduling.

On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

## **OPTIONAL POLICY STATEMENTS**

### **A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [https://www.tamuct.edu/departments/compliance/titleix.php].

### **Behavioral Intervention**

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, who are exhibiting concerning behaviors, or individuals causing a significant disruption to our community, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout\_id=2].

Please see the [Behavioral Intervention Team](https://www.tamuct.edu/student-affairs/bat.html) website for more information [https://www.tamuct.edu/student-affairs/bat.html].
