## **COVID-19 SAFETY MEASURES**

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University-Central Texas has adopted policies and practices to minimize virus transmission. All members of the university community are expected to adhere to these measures to ensure their own safety and the safety of others. Students must observe the following practices while participating in face-to-face courses, course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.) and co-curricular programs:

1. Self-monitoring—Students should follow CDC recommendations for self-monitoring. Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction. Students required to quarantine must participate in courses and course-related activities remotely and must not attend face-to-face course activities. Students should notify their instructors of the quarantine requirement. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities.
2. Face Coverings— Face coverings must be worn inside of buildings and within 50 feet of building entrances on the A&M-Central Texas Campus. This includes lobbies, restrooms, hallways, elevators, classrooms, laboratories, conference rooms, break rooms, non-private office spaces, and other shared spaces. Face coverings are also required in outdoor spaces where physical distancing is not maintained. The university will evaluate exceptions to this requirement on a case-by-case basis. Students can request an exception through the Office of Access and Inclusion in Student Affairs.
  - o If a student refuses to wear a face covering, the instructor should ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member should report that student to the Office of Student Conduct. Additionally, the faculty member may choose to teach that day’s class remotely for all students.
- Physical Distancing—Physical distancing must be maintained between students, instructors, and others in the course and course-related activities.
- Classroom Ingress/Egress—Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.
- The university will notify students in the event that the COVID-19 situation necessitates changes to the course schedule or modality.

## COURSE REQUIREMENTS

### 4.0 Course Requirements:

**Participation:** This course contains 12 quizzes and 8 Microsoft Office applications. Students are required to complete each of the items listed above. In addition to the quizzes and Microsoft Office application grades is a grade for “ Quiz/Assignment Participation”. A total of 80 point, 4 points per required assignment will be added to a student’s grade when the semester ends and any unfinished assignment will not receive the 4 points.

**Quizzes:** There will be 12 quizzes. Each quiz is worth 25 points. The quizzes will be available via Canvas and will be timed. Students have three attempts to answer all quiz question. The highest score for the three quiz attempts be entered into the gradebook. Late submissions will be penalized 5 % of the grade attained.

**Assignments (Microsoft Office):** There are eight (8) assignments using Microsoft Office 365 required for this course. Each assignment will be worth 40 points. Assignments with directions are posted in the Module section of Canvas. Late submissions will be penalized 5% of grade.

**Exams:** There will be three exams given during the course. Each of the three exams is worth 100 points. Exams will be taken via Canvas and thus will be online and must be completed in one session, and will be timed.

If accepted, late submissions will be penalized 10% of the grade. I ask students to please take exams on time. The exam schedule is posted on the syllabus; however, I will send an email to all students several days before the exam. A 10% reduction in your grade will be assessed if you take the exam after the due date.

This could adversely affect your exam grade if you do not take the exam on time. For example if you take the exam after the due date and get a grade of 90 your grade will be reduced by 9 points and result in a grade of 81 which is equivalent to going from a grade of “A” to a grade of “B”. Alternatively, if you receive a grade of 75 then your final grade will be 67.5 which is equivalent to a grade of “C” originally but because it is late your grade will be changed to a “D”.

**Quiz / Assignments Participation:** Completing class quizzes and Microsoft Office assignments are a requirement for the class. If a student does not complete an assignment, he/she will not be given the 4 points that are assigned to each student at the end of the semester for completion of the quizzes or Microsoft Office assignments . A total of 80 points (4 points for each quiz and Microsoft Office assignment completed) will be added at the end of the semester if the student completes all quizzes and assignments. For example if a student completes only 15 of the quizzes and assignments, he/she will only receive 60 of the possible 80 points for Quiz/Assignment Participation

## 16.0 Optional Policy Statements

### A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we do not agree with their behaviors and tell survivors we will support them. Your actions matter. Do not be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].

You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout\_id=2].
