Instructional Methods, Activities and Format:

Methods and activities may include, but are not limited to: lecture, video/audio tapes, and class activities including discussion and role plays, online activities.

Attendance and Participation:

1. Class attendance is critical to your success as much of the material presented in class will come from sources other than the text.
2. Students are permitted to miss one class period (3 hours) with no penalty, but a call or email to the professor is expected beforehand.
3. With a second absence, a drop of one letter grade will occur unless the student writes a letter to the Counseling faculty explaining the extenuating circumstances for both the absences. The Faculty will then discuss the letter in a meeting and decide if the letter grade drop will occur or if the student is excused from that action.
4. A drop of a letter grade will occur for each subsequent absence.
5. Repeated lateness or leaving early will count towards an absence.

INSTRUCTOR POLICIES

Late Work

Late work is accepted with penalty. You will receive a letter grade drop for each day the assignment is late regardless of circumstance. If Canvas is under construction and you are unable to load your assignment, you are expected to email the assignment on or before the due date. Once Canvas is up, I will ask you to resubmit your assignment.

Professionalism (Confidentiality & Ethics)

In this course, you are entering an experience that involves a fair amount of role-laying and supervision practice. A student colleague may say something personally important and confidential. It is your ethical obligation to maintain confidentiality. Homework assignments should disguise the nature of any person whom you have interviewed. When videotaping, ensure that you have permission on tape for the interview to proceed. You are expected to abide by the American Counseling Association (2014) Code of Ethics, the Association for Counselor Education and Supervision (2011) Best Practices in Clinical Supervision, the American School Counselor Association (2016) Ethical Standards for School Counselors, International Association of Marriage and Family Counselors (2017) Code of Ethics, and the National Association of School Psychologists (2010) Principles for Professional Ethics, also see Texas A & M Central Texas (2018) Student Conduct.

Assignments

Online Discussions (15% of grade)

Students will complete online discussions each week. Students are expected to check the online class at least three to four times each week and complete weekly assignments. All initial posts have to be submitted by Friday and responses to other students be submitted by Sunday.

Note: Students will receive half credit for their initial response and the other half for responding to another student. The responses must be substantive in nature.

Supervision Interview & Paper (20% of grade)

Identify someone who is supervising counselors in a school, agency, or private practice setting.

Ask them about their:

- Preferred Model of Supervision
- Supervision Style (i.e., how they describe themselves as a supervisor)
- Supervision Structure
- Supervision Skills and Interventions
- Supervisee Expectations
- Supervisee Evaluations
- Supervision Training

Supervision Interview Paper Format

I ***highly recommend*** you request that the session be audio recorded so that you can refer back to it when writing your paper. Following the interview, record your findings in an ***APA style paper*** consisting of at least 5-7 pages (double-spaced). Make each point a heading (e.g., Preferred Theory of Supervision) in your paper. Within each section, compare and contrast the supervisor's answers to the ACES (2011) Best Practices in Supervision ensuring you note the specific best practice and sub-standard in the best practices (i.e., #1, 2, 3, 4, etc. = Best Practice, i, ii, iii, iv = Sub-standard).

Case Supervision and Reflection (10% of grade)

You are to complete one observation of a practicum student's counseling session in the Community Counseling & Family Therapy Center on campus. The assignment involves observing via live observation (i.e., through one-way glass or viewing the session on computer in the clinic, you should be able to see and hear the conversation), completing a live-observation form and writing a brief 1-2 page reflection paper. You must schedule a time to observe the session between June 3rd and July 17. Students will be provided the supervision schedule online and will call the CCFT to schedule the session at (254) 519-5403.

Reflection papers should entail personal responses to the supervision session observed – what did you see, what did you learn? Prepare to comment on the following elements: observations about the client-counselor relationship, multicultural considerations, counsel-

ing theory used, skills and interventions delivered. Follow APA 7th edition format; however, title page and abstract are not required for this assignment. A grading rubric will be posted on Canvas. Submit your papers via Canvas.

Professional Disclosure Statement and Philosophy of Supervision (20% of Grade):

Each student will prepare supervision documentation in order to demonstrate their understanding of a supervision contract. The disclosure statement will include a brief philosophy of supervision statement of how you will use the Discrimination Model and IDM Model for facilitating supervision. The documents should be professionally drafted and representative of the students' understanding of the documentation necessary in a supervisory relationship.

Consultation/Advocacy Experience - Paper (35% of grade)

Advocacy Paper: All students will be required to submit a scholarly paper focused on advocating for a group served by counselors. Students will choose an advocacy focus they feel strongly about and write a paper that sensitizes the reader to the challenges faced by the group as well as how they as a counselor can serve as an advocate. Research papers must be written following APA Style (6th ed.) guidelines and be double-spaced, well organized (with headings and sub-headings as appropriate), appropriately referenced, and show clarity of thought. Papers should be a minimum of 8 pages (not including your title and reference pages), and have a minimum of 10 references, only 3 of which may be websites.

References must include refereed journal articles.

Students may visit <http://www.apa.org/journals/faq.html> for additional information on APA Style. In addition, students may utilize the TAMUCT Writing Lab for assistance in preparing their papers.

This paper must be prepared for this course. In other words, you may not submit a paper you have written for another course you are taking. If you believe that your topics are similar and may meet the requirements for both courses, you may use the same topic. If you choose to use the same topic, you MUST clear it with BOTH instructors first. However, the papers submitted MUST NOT be the same. Any violation of this policy will be considered plagiarism, result in a grade of zero for the assignment, and be reported.

All papers should include the following sections:

- *Introduction
- *Advocacy Plan
- *Review of Relevant Literature
- *Conclusion
- *Implications for Counselors
- *References

To complete this assignment, you must interview (phone/face to face/email consultation) one individual who is in a position of influence within your chosen advocacy group. This will help you to narrow your focus on an advocacy plan. This consultation should help to determine steps that could impact/benefit your chosen group/demographic. If you need suggestions on a potential consult, please reach out to the instructor via email.

OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/departments/compliance/titleix.php>].
