**COURSE INFORMATION****Course Overview and Description:**

This course covers a survey of leadership theories and issues, with the emphasis on practical application of newer leadership models in contemporary organizations. Students will explore facets of both leadership and followership, along with the impact of the particular organizational setting and situation. Students will be challenged to explore their own leader, follower, situation analysis, and team building skills through online discussions, case analysis, reflective journals and popular business treatment of leadership situations.

Prerequisite: BUSI 3301 and MGMT 3301

**Course Objective:**

The overarching objective of this course is for each student to apply leadership skills through exercises, self-assessments, reflection journals, readings, case studies, and review of leaders in action to help students apply these skills in their real-life experiences. Students must “stretch” in this class to further enhance their understanding and application of leadership skills. Strategies for working with others around interpersonal behavioral issues are also developed. Throughout the course experiential exercises and activities are used to show students how to work with others to achieve goals, objectives and learn. Leadership development involves reflecting on one’s own experiences and applying the skills throughout the course.

**Student Learning Outcomes:**

Upon completion of this course the student will have attained knowledge of leadership theory and competencies that contribute to results in productive organizations and social / community environment organizations. Core competencies achieved at the conclusion of this semester include:

LO1: Knowledge of the theory and concepts of leadership.

LO2: Ability to apply leadership theory through critical thinking.

LO3: Ability to develop your leadership skills in your personal and professional life.

LO4: Understanding of the basic principles of trait, behavioral, and contingency theories of leadership.

LO5: Explanation of the leader's role in establishing the organizational culture, strategy and approaches to ethics and sustainability.

LO6: Identification of effective leader-follower relationships and a well-functioning team.

LO7: Analyze the leadership skills and style of a prominent sustainability leader.

## COURSE REQUIREMENTS

***The grading points and learning outcomes associated with each type of assignment are included in parentheses.***

**Student Profile and Course Agreement (10 Points)** Students should review this Syllabus in depth and be sure they are willing to comply with all assignments, and deadlines in this course. If you have questions, post them to the “Course Q&A” Discussion Forum. The course agreement requires students to agree to this Syllabi’s expectations and commit that they have the computer set-up and self-discipline needed for a fully online course. This profile/agreement is due the end of the first week of class as a Canvas assignment.

**Introductory Discussion Forum (40 Points; LO’s1,4):** Your first post to this Forum should include: 1) What degree you are pursuing, 2) what point are in your studies, 3) your current and past work experience, 4) what you hope to learn in this class, and 5) a personal tidbit about you (e.g. hobbies or family). In addition, you will be assigned one question to analyze based on your critical reading of Chapter 1 in the text. Your initial post will be worth 20 points based on quality and completeness. The additional 20 points is based on responses of at least 100 words to at least 2 of your colleagues (10 points each) addressing thoughtfully their portion of their post discussing what they expect to get out of the class and their analysis of the Ch. 1 critical thinking question.

**Discussion Forums (50 Points; LO’s 2,5,7):** There will be 3 discussion forums throughout the semester. The due dates for each discussion forum are posted in the Course Syllabus link. You will not be able to view the other students' comments until you post yours. Each Discussion Forum is worth a total of 50 points. 30 Points are for your initial post and 10 points for each response post.

You are required to post three messages per discussion to receive credit for each forum: one opening point of 150 to 200 words that needs to be posted by Friday at 11:59 p.m. And two counterpoints of 100 to 150 words each that are due by Monday at 11:59 p.m. In your initial post, make sure to answer all critical thinking questions or other prompts assigned for the Forum. Both quantity and quality are important considerations when posting substantive messages. For example, “I agree” or “I see your point” are not considered quality participation because neither adds substance to the discussion. Effective responses might share personal experience, ask for clarification, or add additional information, so feel free to analyze, interpret, critique, and suggest. ***Do not use any attachments***, instead draft and proofread your post in a word document, then cut and paste your questions/responses directly into the forum. Be sure to restate the question/prompt you are answering and address your classmates by their names.

Your postings/insights on the discussion topic should be based on the following:

- Application of text concepts;
- Ability to articulate assigned analysis clearly; and
- For response posts - Integration of student colleagues’ contributions and insights leading the discussion to a deeper level of understanding.

IMPORTANT!!! To allow for a discussion, which is an ongoing process that cannot be achieved by submitting all three required posts on the last day of the week, ***your first post should be submitted by Friday***. This will allow for your classmates to read your opening post and reply to you and for you to reply to them in turn. The remaining two posts can be completed between Friday and Monday. Remember, for full participation points you need to post at least three substantive posts throughout the week!

**Knowledge Checks (Completion; LO's 1,4,5,6):** The Sage Vantage eText will prompt you for responses to "Knowledge Check" multiple choice questions at the end of each section of the chapter reading. These knowledge checks are assigned for "completion". This means it is up to your commitment to your own learning to complete these questions. They do not acquire points toward your total grading points in the course. Completing them, however, will help insure you understand and can apply the concepts you are reading and therefore improve your scores on the required quizzes, assignments, and exams. At the end of the semester, if your grade is on "the border" (e.g. a 79 or 89), successful completion of these knowledge checks WILL be taken into consideration in assigning the final grade in the class.

**Leadership Competency Assignments (15 Points; LO's 2,3,6):** Leadership Competency assignments require you to complete one experiential exercise, video, or case application for each chapter of the text. These activities challenge your mastery of the content in each chapter and provide prompts for additional study if needed. Finishing these activities will ensure your better understanding of the content and help prepare you for each Exam. In addition, competency assignments based on self-assessments challenge you to engage in your own leadership development. *See Appendix A for the specific Leadership Competency Assignments.*

Pay close attention to the instructions on the course web site modules as some assignments are completed in Vantage and some directly in Canvas. Completing each chapter's assignment will be worth 15 points or a total of 180 points overall. If you only complete part of the activity, you will only be given partial credit for the portion of the assignment that you completed. For example, if you only complete one half of all assignments, it will cost 90 points on your final average. The grades on exercises taken in Vantage will automatically transfer to the Canvas gradebook.

***You must complete each assignment by its due date to get full credit.*** Although you can continue working on the activity after the due date, you will receive no credit for this work.

**Vantage Chapter Quizzes (10 Points; LO's 1,4):** There is an online Chapter Quiz assigned weekly for each of the chapters in the text, 12 quizzes. For each Quiz/Exam there are 15 questions, and each question is worth .67 points, therefore 10 points per quiz. These Quizzes are available the last three days of the module; you are to take them when you have studied the chapter fully. You only have one attempt for each quiz so be sure your internet connection is strong before starting each one! There is no make-up for quizzes, they must be taken by the

deadline given on the course web site and in Vantage. While these quizzes are taken in Vantage, the grades will automatically transfer to the Canvas gradebook.

**Midterm and Final Exams (150 Points; LO's 1,2,4,5,6):**

There will be two required exams testing students' knowledge of the key frameworks, terms, and concepts included in the assigned text chapters. Exams will be grouped as follows, and are not cumulative:

- Midterm will cover chapters 1-4, 11-12
- Final will cover chapters 5-10

The exams will be available online, so be sure and check your Canvas Exam Link for the exam dates. Exams will be timed and once started, must be completed at that time. You have 90 minutes to answer all questions and must submit your exam by 11:59 PM on its due date. Each Exam will be available over three days to allow for students' different schedules. Be sure to set aside a quiet place to take the Exam where you have consistent, reliable internet access. You have only one attempt to complete the exam, however you can revisit questions before it is submitted. ***There will be no make-ups for missed exams unless there is a documented medical emergency.*** Any exam not made up as approved and arranged by the professor will be scored as a zero. ***Make-ups have to be requested no later than 24 hours before the scheduled due date.***

Reviewing the flashcards, video lectures, self-quizzes, supplemental PowerPoint presentations and any notes or highlights you have completed in the Vantage readings are good ways to prepare for each Exam. For further help in preparing for multiple-choice exams:

<https://www.educationcorner.com/multiple-choice-tests.html>

**Leadership for Sustainability Project (200 Points; LO's 2,5,7):**

For this project, you will be responsible for doing in-depth research on someone who has demonstrated exemplary leadership for sustainability using credible business sources and the frameworks learned in this class on their handling of organizational situations and analyzing their effectiveness. Such leaders demonstrate mindful actions and behaviors, embrace a global worldview, recognize the connection between the planet and humanity, and, through personal and organizational choices, effect positive environmental and social change, commonly referred to as the triple bottom line.

Your chosen leader should be someone who you believe has developed into an effective leader for sustainability, as described above, and who has demonstrated positive leadership skills and behaviors; someone you consider a role model in terms of leadership for sustainability. In addition, their work should easily be recognized as being focused on one or more of the Sustainable Development Goals (SDGs). Be sure and include a discussion of this as part of this assignment.

Preparation for Project throughout Course:

As you proceed through the MGMT 4325 course chapters, there will be a number of assignments and supplemental readings/videos that provide you the background to be successful in this project. In Module 5 you will begin by reading/viewing the resources in the “Introduction to Sustainability” portion of the course web site.

In Module 6, the weekly chapter on Strategic Leadership will include a portion on Sustainability and a “Sustainability Resource” supplement in the course will offer numerous links to begin exploring which sustainability leader you might wish to profile for your project. The Module 6 Video Lecture will offer tips on getting a good start on the project. In addition, Ms. Michelle Shea, Management Librarian, will be preparing a video of the best library databases to use for your research on your chosen sustainability leader.

In Module 7, you will prepare a “Leader Choices Memo” (see below).

During Module 8 you will receive feedback from your professor about your choices memo and one of your choices will be approved for you to proceed on the project. You will be on your own to continue to do research for the paper through the rest of the semester; keep in mind the full paper is 18% of your grade so you will want to devote quite a bit of time to its development. You are encouraged to consult the Writing Center resources if you believe you need help with the writing of the paper. Ms. Shea, Management librarian, is available for consultative appointments (see link below) if you need help finding research articles.

**A. Sustainability Leader Choice Memo (20 Points):** In Module 7 you must submit a detailed memo with two choices for your project. For each of the two leaders you propose you must identify why you chose these leaders, along with two credible business press articles from the library databases and how these articles will help you complete the final project. Your “choice memo” is worth 20 grading points based on initial research and thoughtful rationale for choosing that leader.

Students must demonstrate the ability to use the library databases to find credible business press articles throughout this project. Your choices memo will be the first place to demonstrate such ability. The TAMUCT librarians are available to assist distance learning students doing research. **Ms. Michelle Shea** is the lead Management Librarian and during Module 7 you will view a video she has prepared to show you the best databases to use for this project. In addition, Ms. Shea is available to assist you individually if you need further help with your research. To schedule an appointment with her, link to [Scheduling an appointment with Ms. Shea](https://tamuct.libguides.com/prf.php?account_id=182411) (https://tamuct.libguides.com/prf.php?account\_id=182411). She is Canvas proficient and can meet with you via chat, web-conferencing, in-person or phone.

**Sustainability Leader Final Paper (180 Points):** For your approved sustainability leader you will be applying the frameworks learned in the class to their handling of organizational situations and analyzing their effectiveness. *Detailed instructions for the paper are posted in **Appendix B** and*

*in the Canvas course web site.* The final paper will be worth 180 grading points and is due Week 14 of the class. Once you have completed your paper, you will be sharing its findings with your student colleagues for the final Discussion Forum in this class.

**Late Submissions:** Late submissions and exam extensions are not allowed in this course unless you or a family member in your immediate care experiences a medical emergency. You must communicate this information to Dr. Altman at the soonest available time PRIOR to the day of the deadline. In some cases the request for deadline extension should be accompanied with a doctor or hospital note as back-up.

**Important University Dates:**

[Link to 2022-2023 Academic Calendar](#)

**CLASS POLICIES**

**Classroom Policies:** I expect you to treat this course *like a job*: Be **professional** in your speech, your writings including **posting on Canvas** and **communications to me, and most importantly, communications to your class members.**

As a member of this class, you are invited to think, question, disagree and offer alternatives. That is part of the academic experience, as well as part of learning to be a contributing, critical thinker in any professional setting. However, my expectation is that you will behave **professionally and courteously** toward another student and the professor, and respect the rights of others at all times. Failure to do so will be cause to report the offending student(s) to Academic Affairs.

Treat this class as a business setting. That means:

- You don't ever simply fail to show up for work in a corporate setting. Similarly, when taking an online course, even though you have more flexibility in deciding when to check course materials, announcements, and upcoming assignments, you must log into your Canvas at least a couple times a week to stay on top of the course schedule.
- You would never schedule vacation during a critical work project in a corporate setting – that means that while you're in school you should schedule vacations between semesters or on approved university holidays, not during the semester.
- In a corporate setting, you would never submit poor quality work to your colleagues and managers. This means, while you're in school, you should do your best and submit senior-level-worthy work to your student colleagues and the professor. This requires that you study relevant materials and carefully read and follow assignment instructions. This also requires that you demonstrate senior-level writing skills (I strongly recommend that you utilize the writing center if needed).

**Netiquette:** Netiquette refers to appropriate ways of communicating through the Internet. It is very important to any online course including this course.

Here are some specific netiquette policies for this course:

- You do not dominate any discussion. You will let other students give input in the discussion.
- You do not use aggressive and/or offensive language to present your ideas or opinions to other students or the instructor.
- You do not use sarcastic language when you do not agree with another student or the instructor. Therefore, be cautious in using your humor and make sure you are just being humorous, NOT sarcastic.
- Popular emoticons such as ☺ can be helpful to convey your tone in your reply to another student in discussion but do NOT overuse them.
- You do not make fun of another student's ability to read or write.

- You should be open-minded and listening to others' opinions.
- You do not ever use Internet slangs like "LOL," "Q4U," and "C U" in your postings and emails.
- You always think, edit, and proofread your postings and emails before you push the "send" button to make sure your spelling and grammar is correct.
- You do not ever post your entire reply using all bold upper-case letters – it is hard on the eye and can be interpreted as "yelling" according to Internet language.
- You respect diversity (e.g., gender and ethnicity) in your communications.
- Your postings should be direct, to the point, and relevant. You do not include wordy sentences that do not add any value to the discussion.
- You should be patient and read all other discussions before you add something. This will help you avoid repeating something someone else has already contributed.

**Course Standards:** Professional level writing and communication are critical skills in the business world. This standard should be displayed in all assignments for this class. All communications, both to the Professor and student colleagues should be kept professional, including Discussion Board postings and email/messaging correspondence. For written assignments, all work should be proofread, free of grammatical errors, include proper citations and be in accordance with American Psychological Association (APA) standards, including one inch margins and 12 pitch Times New Roman font. For information on APA standards and correct citation formats consult the APA module in the Course Resources module in the Canvas web site.

**Continued enrollment in this course indicates agreement with these policies and standards.**

### **COLLEGE AND UNIVERSITY RESOURCES**

**COBA Learner Access and Success:** This web site has been specially designed to provide “one stop shopping” for the University and College resources that College of Business Administration students are likely to need throughout the semester. This includes setting up an appointment with an advisor, tutoring, career and professional development, among other services and many helpful videos. **Check it out and bookmark it, it will be very useful:** [COBA Learner Access and Success](https://www.tamuct.edu/coba/coba-learners.html) (<https://www.tamuct.edu/coba/coba-learners.html>)

**University Library & Archives:** The University Library & Archives provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 400,000 eBooks and 82,000 journals, in addition to the 96,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place virtually through WebEx, Microsoft Teams or in-person at the library. [Schedule an appointment here](https://tamuct.libcal.com/appointments/?g=6956)

[<https://tamuct.libcal.com/appointments/?g=6956>]. Assistance may cover many topics,

including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. **University Library Services: *Information literacy*** focuses on research skills which prepare individuals to live and work in an information-centered society. Library research skills are another critical tool in the business world, and will be required for this class. Librarians will work with students in the development of critical reasoning, ethical use of information, and the appropriate use of secondary research techniques. Help may include, yet is not limited to: exploration of information resources such as library collections and services, identification of subject databases and scholarly journals, and execution of effective search strategies. Library Resources are outlined and accessed at:

<http://www.tamuct.edu/departments/library/index.php>

Library databases that would be particularly helpful for the projects in this class are contained in the Management Library Guide:

<http://tamuct.libguides.com/c.php?g=117073&p=762177>

These databases, such as *Business Source Complete* and *Hoover's*, go well beyond what students can find by just "googling" their company. These resources are not available to the general public, your University fees pay for these articles, which are in-depth and provide the depth you need to provide credible information on your case analyses.

The TAMUCT librarians are available to assist distance learning students doing research.

**Ms. Michelle Shea** is the lead Management Librarian and she is available to assist you with your research. To schedule an appointment with her, link to [Scheduling an appointment with Ms. Shea](https://tamuct.libguides.com/prf.php?account_id=182411) (https://tamuct.libguides.com/prf.php?account\_id=182411) She is Canvas proficient and can meet with you via chat, web-conferencing, in-person or phone.

**Tutoring:** Tutoring is available to all A&M-Central Texas students, both virtually and in-person. Student success coaching is available online upon request.

If you have a question, are interested in becoming a tutor, or in need of success coaching contact the Warrior Center for Student Success, Equity and Inclusion at (254) 501-5836, visit the Warrior Center at 212 Warrior Hall, or by emailing [WarriorCenter@tamuct.edu](mailto:WarriorCenter@tamuct.edu).

**University Writing Center:** University Writing Center: Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (A&M–Central Texas) is a free service open to all A&M–Central Texas students. The hours of operation are from 10:00 a.m.-5:00 p.m. Monday thru Thursday in Warrior Hall 416 (with online tutoring available every hour as well) with satellite hours available online only Monday thru Thursday from 6:00-9:00 p.m. and Saturday 12:00-3:00 p.m.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via [WCOonline](https://tamuct.mywconline.com/) [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at [bruce.bowles@tamuct.edu](mailto:bruce.bowles@tamuct.edu) if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

## UNIVERSITY PROCEDURES AND POLICIES

**Drop Policy:** If you discover that you need to drop this class, you must complete a Drop Request Form

[Drop Request Form](#)

[https://www.tamuct.edu/registrar/docs/Drop\_Request\_Form.pdf].

Professors cannot drop students; this is always the responsibility of the student. The Registrar's Office will provide a deadline on the University Calendar for which the form must be completed, signed and returned. Once you return the signed form to the Registrar's Office, you must go into Warrior Web and confirm that you are no longer enrolled. If you still show as enrolled, FOLLOW-UP with the Registrar's Office immediately. You are to attend class until the procedure is complete to avoid penalty for absence. Should you miss the drop deadline or fail to follow the procedure, you will receive an F in the course, which may affect your financial aid

and/or VA educational benefits.

**Academic Integrity:** Texas A&M University -Central Texas values the integrity of the academic enterprise and strives for the highest standards of academic conduct. A&M-Central Texas expects its students, faculty, and staff to support the adherence to high standards of personal and scholarly conduct to preserve the honor and integrity of the creative community. Academic integrity is defined as a commitment to honesty, trust, fairness, respect, and responsibility. Any deviation by students from this expectation may result in a failing grade for the assignment and potentially a failing grade for the course. Academic misconduct is any act that improperly affects a true and honest evaluation of a student's academic performance and includes, but is not limited to, cheating on an examination or other academic work, plagiarism and improper citation of sources, using another student's work, collusion, and the abuse of resource materials. All academic misconduct concerns will be reported to the university's Office of Student Conduct. Ignorance of the university's standards and expectations is never an excuse to act with a lack of integrity. When in doubt on collaboration, citation, or any issue, please contact your instructor before taking a course of action.

**Important information for Pregnant and/or Parenting Students:** Texas A&M University-Central Texas supports students who are pregnant and/or parenting. In accordance with requirements of Title IX and related guidance from US Department of Education's Office of Civil Rights, the Dean of Student Affairs' Office can assist students who are pregnant and/or parenting in seeking accommodations related to pregnancy and/or parenting. Students should seek out assistance as early in the pregnancy as possible. For more information, please visit [Student Affairs](https://www.tamuct.edu/student-affairs/index.html) [https://www.tamuct.edu/student-affairs/index.html]. Students may also contact the institution's Title IX Coordinator. If you would like to read more about these [requirements and](#)

[guidelines](#) online, please visit the website [http://www2.ed.gov/about/offices/list/ocr/docs/pregnancy.pdf].

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex and gender—including pregnancy, parenting, and all related conditions. A&M-Central Texas is able to provide flexible and individualized reasonable accommodation to pregnant and parenting students. All pregnant and parenting students should contact the Associate Dean in the Division of Student Affairs at (254) 501-5909 to seek out assistance. Students may also contact the University’s Title IX Coordinator.

**A Note about Sexual Violence at A&M-Central Texas:** Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](#) [https://www.tamuct.edu/compliance/titleix.html].

### **Behavioral Intervention**

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. You can complete the [referral](#) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout\_id=2]. Anonymous referrals are accepted. Please see the [Behavioral Intervention Team](#) website for more information [https://www.tamuct.edu/student-affairs/bat.html]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5800.

## **Appendix B**

### **Final Sustainability Leader Paper Instructions**

#### **Section 1 (35 Points): Summary of the sustainability leader's current and previous positions and career highlights.**

Based on your research/sources, write a description of your leader's career highlights and current position. Length and depth guideline is 3-4 well developed paragraphs. Include citations where necessary (see APA Resources Module).

#### **Section 2 (35 Points): Summary of the leader's traits, behaviors and style.**

Using examples from your background sources and articles, and theories and models from your text, describe and analyze your leader. What leadership characteristics and style does your leader demonstrate? This section should also be 4-6 well developed paragraphs. Be sure to use at least 2 different theories/frameworks drawn from chapters 5,6,8,9 or 10 of your text in this section. Include citations where necessary.

#### **Section 3 (35 Points): Summary of the organizational circumstances that led this leader to be a sustainability leader.**

Compile a timeline of the organizational circumstances that led to your leader becoming passionate about sustainability. Try not to quote the actual articles but paraphrase in your own words what the dynamics of the situation were. Be sure to include enough description so that the organizational stakeholders, context and your leader's actions are well described. This section can either be a bulleted list of events or in paragraph form. Length and depth guideline is 2-3 well developed paragraphs or 6-9 bullet points. Include citations where necessary.

#### **Section 4 (55 Points): Apply Strategic Leadership Concepts from Chapter 12.**

In this section you are to analyze the dynamics of the situation or situations you described in Section 3 through an in-depth application of one of the Strategy-Making, Strategy-Execution Process (pages 507-518) phases from chapter 12 (e.g., Phase 1-Crafting a Mission, Vision, and Core Values Statement). In doing so, be sure to fully analyze the leader actions your chosen leader took and how it furthered sustainability and sustainable development (the Introduction to Sustainability and Sustainability Resources Module should be especially useful here). This section should be 4-6 well developed paragraphs. ALL aspects of the phase should be fully explored fully; you will want to demonstrate your complete understanding of the phase. Include citations where necessary

#### **Section 5 (20 points): Advice for the Leader**

In this section offer your analysis of the actions the leader took and your expert recommendation for actions they might have done differently (and why). You will want in this section to not only use the theories you have learned but some of the reflection exercises to think through how this leader could improve on their skills. It is not enough in this section to say "they are doing a great job", leaders can always improve! After you have identified things they might have done differently, offer them advice for going forward – what can they do to

improve their leadership?

**Use of Sources:**

You are required to use at least 6 credible business press sources for your paper. They should be from the library databases. Company web sites are allowable sources but are NOT considered part of this six. All citations in the paper and the reference listing at the end must be in proper APA format (see APA module in Course Resources for help).

**Grading Criteria within each Section:**

1. Fully proofread and clear writing
2. Full application of text frameworks used
3. Insightful and accurate analysis
4. Proper citations with strong sources given where necessary, citations and reference list all in APA format.

**Format:**

- Citations within paper and reference list at end of paper must be in APA format.
- Follow APA format with a few exceptions:
  - Title your paper with .doc name: last name\_MGMT 425\_leader last name.
  - Insert a running footer with page number and your last name.
  - Double space between sections and paragraphs. Single space within paragraphs.
  - Clearly label each section and subsection.
