After conducting an internal analysis, you will study external environment scanning for opportunities and identify a new country where the company is not yet present and thus could expand to for a global business venture. Your proposal will address country-level factors along with cultural and ethical issues that could impact the firm's sustainable entry into that foreign country's market. The paper

^a <https://www.corporateknights.com/rankings/global-100-rankings/2022-global-100-rankings/100-most-sustainable-corporations-of-2022/>

should rely on pertinent, reliable data about the country and the firm (e.g., annual reports/ 10k, quality business press, well-known and reputable international organizations' websites, NO Wikipedia or essays.com). Your recommendations should make use of frameworks discussed in class, account for central issues and problems facing the firm in the proposed venture, critical analysis of the situation, and appear realistic (no science fiction) and presentable to the firm as a viable option for global expansion. Detailed guidelines will be provided via Canvas.

Peer evaluation: Students' involvement in team activities will be evaluated by peers using a collective Peer Evaluation process. Each team project component will be accompanied with a collective peer evaluation. Based on the grade awarded by peers, a student will either receive the full points associated with the team grade on a relevant team assignment or only a portion of the points.

NOTE 1: No later than 24 hours after a peer evaluation due date, any team member may request that the instructor arbitrate team ratings. If arbitration is requested, and conducted, the decision of the instructor will be final. The Peer Evaluation will be submitted with each of the team assignments.

NOTE 2: A student "fired" from his or her team in accordance with conditions outlined in the team's charter will have to complete the remaining team project parts on his own with a maximum possible grade capped at 79%. Furthermore, a student fired from a team won't be able to earn points for the Team presentation.

Grading Polices/Guidelines

- **Required Studying: Instructor-Created/Provided Materials and Book Chapters:**
Modules are used for instruction in this online course. While *Module Forum Discussions* (detailed next in the Assessments section of the syllabus) are the equivalent of face-to-face discussions, studying the materials in each module as instructed is the equivalent of attending a lecture. You are required to study the material as instructed if you want to succeed in the class. Studying for a module may include: listening/watching to instructor-created audio and/or video content (e.g., narrated presentation), listening/watching instructor-provided audio and/or video content (e.g., a news segment about an event that impacts business strategy), reading instructor-created notes and PDFs, reading instructor-created slides, reading-instructor provided slides, and lastly, reading book chapters as instructed.
- **Individual Performance:** It is vital that you are active in the course and complete all work in a professional fashion. You are expected to read the chapters as assigned in the syllabus as well as all the relevant supplemental resources that may be found in the Module content folders for that period before attempting any quiz or submitting any written assignment.
- **Quality Work:** All work submitted for grading shall be of upper-level quality: demonstrate understanding and effort put into it, depth of analysis,

grammatical structure, professionalism, etc.

- **Spelling, Grammar, and Writing Skills for reports:** The content of all written assignments is what you will be evaluated on, provided that your spelling and grammar does not have major issues. While a few spelling and grammar mistakes are acceptable and will not affect your grade, I reserve the right to remove of up 10% of the points of a written assignment for excessively bad grammar and spelling mistakes. Students who proofread their work, use spelling and grammar checking tools, or obtain help from the University Writing Center (described above) should not be affected by this policy.
- **Identifying Submissions:** Submissions' title should follow the format as specified
Title_of_the_assignment_Student Last Name or Team number
- **Submission Style Requirements:** Submissions will be in accordance with The Publication Manual of the American Psychological Association, 6th ed. **All written work must be submitted utilizing Microsoft Word in either a .doc or .docx format.**
- **Due Dates and Late Submissions:** The assignment instructions and deadlines are clearly laid out in the syllabus. As such, it is expected that all work will be submitted on time, as timeliness is an important aspect of professional communications and behavior. If you encounter an issue, please let me know before the due date. Late submissions of written assignments without a documented and unpredictable/unavoidable reason will cost -20% of the grade per day.
- **Changes to Syllabus:** This syllabus serves as an instructional and study planning document. Although every effort will be made to maintain the schedule and activities presented herein, it may become necessary during the semester to make changes to the syllabus. In such events, changes will be announced, and students will receive written notice as soon as possible.
- **Sundown rule:** You have one (1) week (from the date the grade is released) to inquire about your grade on an exam, quiz or any other assignment. The exception to this is the last round of assignments, and your Final Letter Grade when inquiries need to be taken care of as soon as possible before I submit grades to the Registrar. The purpose is to resolve any issue during the term and not wait until the last week of the term. Check your grades every week!

We offer over 200 electronic databases containing approximately 400,000 eBooks and 82,000 journals, in addition to the 96,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place virtually through WebEx, Microsoft Teams or in-person at the library. [Schedule an appointment here](https://tamuct.libcal.com/appointments/?g=6956) [https://tamuct.libcal.com/appointments/?g=6956]. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all

ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].
