COURSE REQUIREMENTS

Course Requirements:

Quizzes: There will be seven quizzes over the duration of the course. Starting from the second week of the semester students will be taking one quiz every week. The first quiz will be available during the second week of the semester based on chapters 1 and 2 of the text. The second quiz will be available during the third week based on the next two chapters of the text and so on. Each quiz will be worth 10 points. The quizzes will consist of multiple-choice questions (to be answered online via Canvas). The 7 quizzes are worth 70 points in total or 70 percent of the course grade.

The quizzes will all be open book / open notes and will be available via Canvas. For the quizzes, you will be required to know not only the material from the textbook chapters but also material from the class lectures such as PowerPoint slides and any supplementary/additional material provided. Students will get two days to work on the quizzes. The quizzes will be available starting from 12 noon on Tuesdays and are due at 11:59 pm on Thursdays of every week. Once the student starts the quiz, he/she will get a limited time to work on it (each quiz may be different in terms of the number of questions and time allowed). The score for the quiz will be available as soon as the student submits the quiz. Late submits are not allowed for individual quizzes except under unforeseen circumstances which need to be explained to/discussed with the instructor (in advance).

Individual homework: There will be two individual homework assignments. Students will get three weeks to work on the individual homework assignments. Each homework is worth 10 points and will likely be based on a case scenario and/or use of Microsoft Project management
Software.

Homework turned in after the due date is considered late. **1 point will be deducted for each day the homework is late.** Special circumstances need to be discussed with the instructor ahead of time when possible.

**Discussion posts:** There will be two discussion posts during the semester. Each discussion post is worth 5 points. Students are required to make at least one post (either independently or as a reply to another student’s post) to earn points. The discussion may be based on a case study or real-life scenario of project management, an industry article, etc. The discussion posts will have a timeline (two weeks duration) within which students are required to post their responses.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/bit]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5805.
